

Memorandum

Date: January 10, 2008

Agenda Item No. 8(Q)(1)(A)

To: Honorable Chairman Bruno A. Barreiro
and Members, Board of County Commissioners

From: George M. Burgess
County Manager

Subject: Resolution Authorizing Execution of Amendment Number 2 to the Agreement
between Miami-Dade County and Oceania Cruises, Inc.

RECOMMENDATION

It is recommended that the Board approve the accompanying Resolution authorizing execution of Amendment Number 2 to the Cruise Terminal Agreement between Miami-Dade County ("County") and Oceania Cruises, Inc., ("Oceania").

SCOPE

The Port of Miami is located within District 5 – Chairman Bruno Barreiro. The impact of this agenda item is countywide as the Port of Miami is a regional asset and generates employment for residents throughout all of Miami-Dade County.

FISCAL IMPACT/FUNDING SOURCE

This business is expected to generate approximately \$375,000 of revenue to the Port over its three year term.

TRACK RECORD/MONITOR

Oceania Cruises, Inc. has operated from the Port of Miami since 2003. To date their account is in good standing. The Seaport Department staff member responsible for monitoring this agreement is Hydi Webb, Manager of Business Development, Port of Miami.

BACKGROUND

On October 7, 2003, the Board approved Resolution No. R-1093-03, which authorized the execution of a Cruise Terminal Agreement between the County and Oceania for a period of two (2) years, from October 1, 2003 through September 30, 2005 ("Agreement" –see attached).

Further, on September 8, 2005, the Board approved Resolution No. R-1042-05 (attached), which extended the Agreement by another two (2) years through September 30, 2007. At this time, both the Seaport and Oceania desire to amend the Agreement in order to extend its terms for an additional three (3) years.

Oceania will continue to use the Port of Miami as its winter homeport through September 30, 2010, with a minimum of one 30,277 gross registered ton ("GRT") vessel having a guest capacity of 684 passengers. Oceania's itineraries are typically longer cruises with durations of 10 to 14 days.

Under the terms of the proposed amendment, Oceania shall pay the County a total of \$15.20 for passenger wharfage – the fee charged to each passenger for sailing from and to the Port of Miami. This represents \$7.60 per each embarking passenger plus \$7.60 per each debarking passenger.

Dockage, which represents the fee for tying-up at the pier, shall be \$0.20 per GRT for the term of the Agreement as amended. These rates combined represent approximately an 18% discount from the existing tariff rates which are approved annually as part of the County budget process (current Tariff rates are \$17.22 for wharfage and \$.263 for dockage).

The Seaport encourages cruise lines to execute agreements with Miami-Dade County to solidify commitments and guarantee future growth in exchange for Tariff discounts. This practice has become very common among the industry's major ports. The rates detailed above provide an incentive for the smaller "luxury" lines to utilize the Port of Miami. Additionally, their presence encourages utilization of Port facilities on off-peak days as their itineraries tend to be longer and "irregular". These proposed rates are consistent with Miami's nearby competing ports.

Should the Port increase its Tariff rates for dockage and/or wharfage during the extended contract period, the Amendment provides for a corresponding increase to the rates agreed by Oceania as part of this Amendment.

It is recommended that the Board approve this proposed Amendment Number 2 to the existing Agreement. The approval of this Amendment will ensure that the business remains at the Port of Miami.

MEMORANDUM

Agenda Item No. 7(Q)(1)(A)

TO: Honorable Chairperson Barbara Carey-Shuler, Ed.D.
and Members, Board of County Commissioners

DATE: October 7, 2003

FROM: 
George M. Burgess
County Manager

SUBJECT: Resolution Authorizing County
Manager to Execute Agreement
between Miami-Dade County
and Oceania Cruises, Inc.

RECOMMENDATION

It is recommended that the Board of County Commissioners approve the accompanying resolution authorizing the County Manager to execute the attached cruise terminal agreement between Miami-Dade County and Oceania Cruises, Inc., ("Oceania").

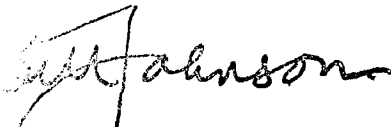

BACKGROUND

As you are aware, the Port of Miami is homeport to the world's largest cruise lines, including Carnival Cruise Lines, Celebrity Cruises, Norwegian Cruise Line, and Royal Caribbean International. In recent years, the Port has experienced a significant growth in cruise passenger activity. Fiscal years 2000, 2001, and 2002 were record years for passengers processed. To date, cruise passenger numbers continue to show increases over last year's figures.

This increase is due, in part, to the Port's tariff incentive initiatives; its extensive capital development program, i.e., construction of new terminals and parking garages; and its continued marketing efforts. These efforts have helped the Port attract new, smaller niche-market lines such as Windjammer Barefoot Cruises and more recently, Oceania.

Oceania will commit to homeport one 30,277 GRT vessel at the Port of Miami from November 2003 to March 2004, and November 2004 to March 2005. This business is expected to generate approximately \$260,000 of new revenue to the Port and solidify its position as the largest multi-day cruise port in the world, despite increasing competition from near-by ports.

Under the terms of the proposed agreement, Oceania will pay the County a total of \$13.24 wharfage rate per passenger and \$0.167 dockage rate per gross registered ton ("GRT"). This represents a 16.4% discount from the existing tariff rate. This agreement shall remain in effect for two (2) years and contains rate escalation provisions at the same percentage increase approved by the Board as part of the budget approval process.

It is recommended that the Board approve the accompanying Resolution authorizing execution of Amendment Number One to the Cruise Terminal Agreement between Miami-Dade County ("County") and Oceania Cruises, Inc., ("Oceania").

BACKGROUND

On October 7, 2003, the Board approved Resolution R-1093-03, which authorized the execution of a Cruise Terminal Agreement between the County and Oceania for a period of two (2) years, from October 1, 2003 through September 30, 2005 ("Agreement"). At this time, both the Seaport and Oceania desire to amend the Agreement in order to extend the terms of the Agreement for an additional two (2) years.

Oceania will continue to use the Port of Miami as its winter homeport from November 2005 through March 2006 and from November 2006 through March 2007 with a minimum of one 30,277 gross registered ton ("GRT") vessel having a guest capacity of 684 passengers. Oceania's itineraries are typically longer cruises with durations of 10-, 12- and 14- days.

Under the terms of the proposed amendment, Oceania shall pay the County a total of \$13.68 for passenger Wharfage – the fee charged to each passenger for sailing from and to the Port of Miami. This represents \$6.84 per each embarking passenger plus \$6.84 per each debarking passenger. Dockage, which represents the fee for tying-up at the pier, shall be \$0.175 per gross registered ton for the term of the Agreement as amended. This represents an 18% discount from the existing tariff rates which are approved annually as part of the County budget process (current Tariff rates are \$15.50 for wharfage and \$.23 for dockage).

The Seaport encourages cruise lines to execute agreements with Miami-Dade County to solidify long-term commitments and guarantee future growth in exchange for Tariff discounts. This practice has become very common among the industry's major ports. The rates detailed above provide an incentive for the smaller "luxury" lines to utilize the Port of Miami. Additionally, their presence encourages utilization of Port facilities on off-peak days as their itineraries tend to be longer and "irregular". These proposed rates are consistent with Miami's nearby competing ports and are commensurate to discounts given to other cruise lines at the

Port of Miami based on the lines' existing passenger volume commitments and the length of their Board approved agreements.

Should the Port increase its Tariff rates for dockage and/or wharfage during the extended contract period, the Amendment provides for a corresponding increase to the rates agreed by Oceania as part of this Amendment.

Towards this end, we respectfully request that the Board approve the proposed Amendment Number One to the Agreement. Furthermore, approval of this Amendment will ensure that the business remains at the Port of Miami for two more years rather than move to competing ports offering similar discounts. This business is expected to generate over \$200,000 of additional revenue to the Port and solidify its position as the largest multi-day cruise port in the world.
