

Public Interment Program (PIP) Alternatives

Low-cost options

An alphabetical listing of local funeral homes and direct disposers that have expressed an interest in providing low-cost options to families appears below. While the Medical Examiner Department does not make endorsements or recommendation of any of these companies individually, it recognizes that some families may wish to have more than basic Public Interment Program (PIP) services and thus makes this information available. With each listing you will also find the price that each business will charge for a straight cremation with no viewing services. In many instances, this is the company's lowest price. Families should understand that PIP case processing normally requires 8 to 12 weeks.
