

OFFICE OF THE COMMISSION AUDITOR

Countywide Evictions and Foreclosures Quarterly Report

Through June 2024

Yinka Majekodunmi, CPA
Commission Auditor

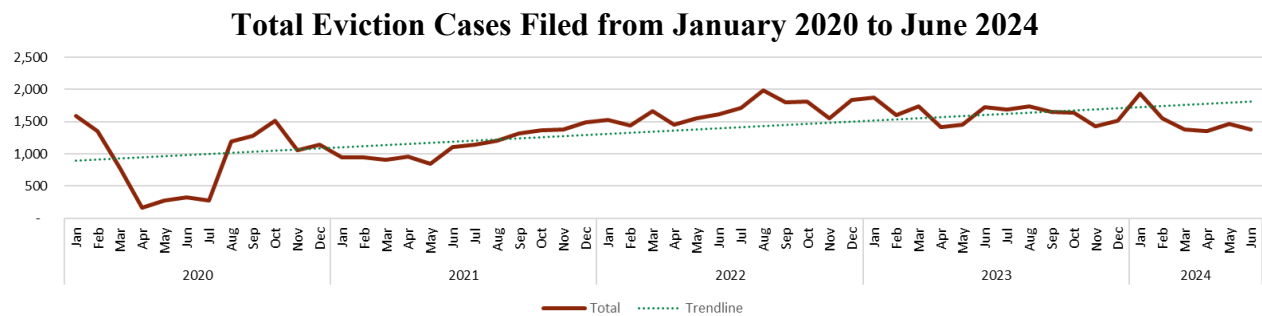

Office of the Commission Auditor
111 N.W. First Street, Suite 1030
Miami, FL 33128
(305) 375-2524

OFFICE OF THE COMMISSION AUDITOR

The Office of the Commission Auditor (OCA) assessed data provided by the Clerk of the Courts (COC) and the Miami-Dade Police Department (MDPD), collaborated with the respective parties, and obtained information for the use of this report. OCA performed additional due diligence to review, assess, and verify records submitted by the COC and MDPD to report on the number of countywide eviction and foreclosure cases filed by the COC and the number of writs of possession executed with or without MDPD enforcement. OCA noted observations with the information that limits its use. The details of the observations are outlined in the Notes Summary section of this report (*Page 18*).

TREND ANALYSIS

Section I of the report presents countywide residential and commercial evictions from March 1, 2020, to June 30, 2024, depicting trends in the number of cases filed, their case status, and the number of writs of possession issued during the COVID-19 pandemic. The report also includes the number of COVID-related eviction declarations filed with the Eleventh Judicial Circuit of Florida in accordance with the court’s administrative orders as well as the CARES Act.

I. EVICTIONS

The following is being reported pursuant to Section 4 of Resolution No. R-58-21:

- (a) There are 4,782 pending residential and commercial evictions that were filed on or after March 1, 2020, through June 30, 2024. Pending eviction cases include open eviction cases (i.e., eviction cases without a disposition) and reopened cases (i.e., cases with outstanding post-judgment court action);
- (b) There are 4,778 pending residential and commercial evictions that were filed after April 2, 2020, through June 30, 2024. The number of pending residential evictions that were filed on or after October 1, 2020, through June 30, 2024, is 4,240;
- (c) There were 69,246 residential and commercial evictions filed after April 2, 2020, through June 30, 2024. From October 1, 2020, through June 30, 2024, there were 4,546 commercial evictions filed. From October 1, 2020, through March 10, 2021, there were 35 cases that did not have a classification of “residential” or “commercial” and were considered as “Type not classified;”
- (d) There are 13 pending evictions in which declarations were filed with the court in accordance with the court’s administrative orders and the CARES Act from October 1, 2020, through June 30, 2024. Of that number, 11 were VACA declarations filed by the Plaintiff-Landlord, and 2 were CDC Tenant Declarations filed by the Defendant-Tenant;
- (e) There were 4,227 pending residential evictions in which declarations were not filed with the court from October 1, 2020, through June 30, 2024; and
- (f) There were 31,548 writs of possession issued from the expiration of the Governor’s Executive Order No. 20-180 at 12:01 am on October 1, 2020, through June 30, 2024. Of that number, 1,849 were for commercial properties, 28,229 were for residential properties, 1,450 were not classified by property type, and 20 were for cases not found.

ATTACHMENTS

Figure 2 below illustrates the year-over-year trend of total monthly filed eviction cases (pending and closed) from 2020 through 2024.

Figure 6 details the number of writs issued by property type from July 1, 2023, through June 30, 2024, irrespective of file date. The “Type Not Listed” category represents cases that have not been classified by property type. Additionally, OCA identified some instances of “Writs Issued” for cases filed from January 1, 2018, to June 30, 2024, that did not have a corresponding filed case number in the Odyssey Eviction Cases report provided by COC. These cases are identified as “Case Not Found.”

Section II of the report presents countywide residential and commercial foreclosures during the same timeframe, March 1, 2020, to June 30, 2024, providing information on cases filed by case status and property type, as well as final judgments issued and foreclosure sales that occurred during the COVID-19 pandemic. As stated in OCA's initial report on foreclosures published in June 2021, the Odyssey Case Manager (Odyssey) does not capture the address of the property subject to foreclosure; therefore, this report does not include the location by zip code of each residential and commercial property that is or was subject to a foreclosure action.

II. FORECLOSURES

The following is being reported pursuant to Section 3 of Resolution No. R-468-21:

- (a) There were 11,444 residential and commercial foreclosures filed on or after March 1, 2020, through June 30, 2024. Of these, 3,221 are pending (open and reopened, including inactive) cases;
- (b) There were 9,568 residential foreclosures filed after April 2, 2020, through June 30, 2024. Of these, 2,832 are pending cases;
- (c) The number of commercial foreclosures filed after April 2, 2020, through June 30, 2024, is 616, of which 204 are pending cases;
- (d) There were 2,495 final judgments issued in residential and commercial foreclosure cases from the expiration of the Governor's Executive Order No. 20-180 at 12:01 am on October 1, 2020, through June 30, 2024;
- (e) There were 2,441 foreclosure sales of residential and commercial properties pursuant to final judgments issued by the court from March 1, 2020, through June 30, 2024. Note that Odyssey reflects a foreclosure sale on a case when there is an effective sale date and does not account for instances when the sale was prevented after the sale date was set due to actions on the case, e.g., settlement or bankruptcy filing;
- (f) There were 6,052 residential foreclosure cases filed from March 1, 2020, to June 30, 2024, where the subject property was homestead exempt;
- (g) There were 3,720 residential foreclosure cases filed from March 1, 2020, to June 30, 2024, where the subject property was not homestead exempt;
- (h) There were 1,047 foreclosure cases filed in county court, and 10,397 foreclosure cases filed in circuit court from March 1, 2020, to June 30, 2024;
- (i) OCA is unable to report on the location by zip code of each residential and commercial property that is or was subject to a foreclosure action due to the limitations of Odyssey. Specifically, the system does not capture the address of the property subject to foreclosure;
- (j) There were 11,343 foreclosure actions or judgments between \$0.00 to \$50,000, 874 between \$50,000 and \$250,000, and 1,509 over \$250,000 from March 1, 2020, through

June 30, 2024. Note that entry of the judgment amount was not a requirement until October 1, 2020; provision of this information was optional prior to this date, according to the Clerk of the Courts. Therefore, Odyssey reflects an entry of \$0.00 in numerous instances where this information was not provided. Of the 11,343 foreclosure cases where the judgment amount was in the \$0.00 to \$50,000 range, 11,141 were foreclosure cases where the judgment amount was reported as \$0.00, due to nonreporting, due to the case having been dismissed, etc;

- (k) For foreclosure cases where a foreclosure actions or judgments was entered on or after March 1, 2020, through June 30, 2024, there were 2,043 foreclosure sales where the bid amount was \$0.00. There were 532 foreclosure sales where the bid amount was in the \$0.01 to \$175,000 range, and 1,583 where the bid amount was above \$175,000. Note that Odyssey reflects a foreclosure sale on a case when there is an effective sale date and does not account for instances when the sale was prevented after the sale date was set due to actions on the case, e.g., settlement or bankruptcy filing.

ATTACHMENTS

Figure 1 below illustrates the year-over-year trend of total monthly filed foreclosure cases (pending and closed) from 2020 through 2024.

Figure 1

NOTES SUMMARY

The Office of the Commission Auditor (OCA) assessed data provided by the Clerk of the Courts (COC) and the Miami-Dade Police Department (MDPD), collaborated with the respective parties, and obtained information for the use of this report and disclaimers noted within this report which includes but is not limited to the following.

(1) CASES FILED WITH THE CLERK OF THE COURTS (COC)

a. Evictions and Foreclosures Reporting Process

- i. Per Resolutions R-58-21¹ (Section 2) and R-468-21² (Section 2), the Board of County Commissioners (BCC) requested the COC to provide responses to each question outlined in (Section 4) and (Section 3) of the Resolutions, respectively. Some information to inquiries related to the Sections above and definitions for all fields in Odyssey Case Manager (Odyssey) were pending at the time of this report.
- ii. A verification of the previous assumption used, which noted that October 1, 2020, was the date Odyssey was updated to distinguish between “Residential” and “Commercial” property types, is pending. Per the COC, there is no requirement to select the property type when filling out case details in form 1.997 “Civil Cover Sheet.” However, section “III. TYPE OF CASE” on the filing form includes the property type distinction options.³

b. Odyssey System Limitations

- i. OCA analyzed the number of eviction and foreclosure cases filed rather than the number of properties subject to eviction and foreclosure since a single case can have one or more associated properties. These limitations may not allow OCA to report on the number of properties subject to eviction and foreclosure.
- ii. OCA noted that there are currently no criteria for distinguishing duplicated from non-duplicated “Case Numbers,” including instances where case names are related to the same parties but filed under different case numbers.
- iii. OCA noted that no capability is currently available in Odyssey to identify evictions and foreclosures resulting from non-payment of rent, mortgage, or other reasons.

¹ Miami-Dade County Resolution R-58-21 (2021). File Number: 210163. [Legislative Matter \(miamidade.gov\)](https://www.miamidade.gov/legis/legis-matter.aspx?ID=210163)

² Miami-Dade County Resolution R-468-21 (2021). File Number: 211325. [Legislative Matter \(miamidade.gov\)](https://www.miamidade.gov/legis/legis-matter.aspx?ID=211325)

³ Florida Rules of Civil Procedure. Page 297-298. October 1, 2024. [Florida Rules of Civil Procedure \(floridabar.org\)](https://www.floridabar.org/floridabar.org)

c. Eviction Data

- i. OCA identified several “Writs Issued” and “Declarations” that could not be located in the Odyssey Eviction Cases report. The explanation for the missing details was pending at the time of this report and will be included in the next report.
- ii. OCA noted that there are currently no criteria for distinguishing duplicated from non-duplicated “Writs Issued” and “Declarations,” including instances where multiple properties are filed under the same case.
- iii. OCA noted that there is currently no address verification system, which may lead to undetected address inaccuracies (i.e., zip codes outside Miami-Dade County, states outside of Florida, etc.) within this report.
- iv. OCA noted that differences may exist between the property types specified in the “Civil Cover Sheet” form from the Civil Online Court System (the COC System)⁴ and the corresponding Odyssey Eviction Cases report provided to OCA.
- v. OCA identified instances where the latest “*Case Status*,” whether pending or closed, may not be the latest action or status in the Odyssey Eviction Cases report provided to OCA.

d. Foreclosure Data

- i. OCA noted that differences may exist between the data published on the COC’s website⁵ and the Foreclosure Cases report provided to OCA.
- ii. OCA observed that the most updated “*Case Status*,” “*Disposition Description*,” “*Judgment Amount*,” and “*Bid Amount*” may be limited in the Foreclosure Cases report provided to OCA. This may impact the determination of the latest case status, the number of final judgments, judgment amounts, the number of foreclosure sales, and foreclosure purchase prices.
- iii. Odyssey began capturing judgment amounts on October 1, 2020, according to the COC. However, OCA noted that several cases post-October 1, 2020, do not have judgment amounts captured within Odyssey, although a judgment amount may exist in the Court documents at the time of this report.

⁴ Clerk of the Courts and Comptroller. Miami-Dade County. Civil, Family and Probate Courts Online System. <https://www2.miamidadeclerk.gov/ocs/search.aspx>

⁵ Clerk of the Courts and Comptroller. Miami-Dade County. Mortgage Foreclosures. Statistics for Mortgage Foreclosures. Accessed September 9, 2024. [Mortgage Foreclosures \(miamidadeclerk.gov\)](https://www2.miamidadeclerk.gov/mortgage-foreclosures)

- iv. OCA noted that all County Court cases from October 1, 2020, to September 30, 2023, are classified as “Unknown” and therefore could not be reported as “Residential” or “Commercial.” OCA separated and summarized these cases individually.
- v. OCA noted that retroactive data changes in Odyssey may impact information reported for prior periods. For example, changes to the “*Case Type*” for all cases filed in County Court may change from the original “*Case Type*” designation of “Mortgage/Real Property Foreclosure (County Civil)” to “Mortgage/Real Property Foreclosure (County \$8,001 - \$15K).”

(2) MIAMI-DADE POLICE DEPARTMENT (MDPD) ENFORCEMENT RECORDS

a. Eviction reporting process

- i. OCA observed that the monthly CountySuite-generated Served Evictions report, provided by MDPD, may not contain all eviction and foreclosure actions that occurred during any given month due to a reporting lag that is present between the event date and the staff entering the event in the CountySuite system.

b. Data modifications

- i. OCA noted that retroactive data changes in CountySuite may impact information reported for prior periods (i.e., change a designation from “Served – Placed in Possession” to “Served – Posted”), thus the quantification of writs executed with or without MDPD enforcement may be impacted.

c. Eviction classifications

- i. OCA noted that some variations exist within some of the fields as follows:
 - The “Service Event Name” definitions provided by MDPD can cause executed writs to be counted more than once for a single case. The definitions provided also have more than one interpretation (i.e., where “Served – Placed in Possession” can mean that MDPD executed a writ, or that a writ notice was posted on the Defendant’s door)
 - The “Reference Number” field includes multiple interpretations where a single writ can contain multiple unique reference numbers, all associated with a single individual, or a single writ can have multiple unique reference numbers, each associated with different individuals.
 - There is no designated field that currently segregates evictions served due to “non-rent-payment” from other circumstances, for example, a family divorce case.
- ii. The Served Evictions report contains executed writs with identical or similar fields, such as “*Case Number*,” “*Reference Number*,” “*Service Event Name*,” etc. This can result in under-reporting or over-reporting of records that seem duplicated but are associated with different eviction actions or retaining records that appear distinct but are related to the same eviction action.

d. CountySuite system limitations

- i. OCA noted that when an update to the “Property Type” classification for a case is completed by MDPD personnel, CountySuite may create a “duplicate” transaction, which may impact the quantification of the writs.

The Office of the Commission Auditor

The Office of the Commission Auditor (OCA) was established in September 2002 by Ordinance 03-2 to provide support and professional analysis of the policy, service, budgetary and operational issues before the Miami-Dade Board of County Commissioners. The Commission Auditor's duties include reporting to the Board of County Commissioners on the fiscal operations of County departments, as well as whether the fiscal and legislative policy directions of the Commission are being efficiently and effectively implemented

This report, prepared in collaboration with the Miami-Dade County departments as subject matter experts, is substantially less detailed in scope than an audit in accordance with the Generally Accepted Auditing Standards (GAAS). The OCA plans and performs the review to obtain sufficient, appropriate evidence to provide a reasonable basis for its findings and conclusions based on its objectives; accordingly, the OCA does not express an opinion on the data gathered by the subject matter expert(s).
