Per Chapter 12, Section 14 of the Miami-Dade County Code, a person can request and receive a Vote-by-Mail ballot for you if you make them your authorized designee.

To authorize a designee, the following options are available:

- The designee and voter complete the form ([Spanish](#)) ([Creole](#)). Picture identification of the designee must be presented along with the completed form when requesting the Vote-by-Mail ballot.

How will I receive my ballot if I am overseas and do I have additional time to return the ballot?

If you are overseas and filled out a Federal Post Card Application, you can receive your ballot by mail, email or fax. For the Presidential Preference Primary Election and General Election, your ballot will be counted as long as (1) it is postmarked no later than Election Day and (2) it is received no later than 10 days after Election Day. For the Primary Election, your ballot must be received no later than 7 p.m. on Election Day.

When returning your ballot, you may do so by mail or fax. Ballots returned by email are not accepted.

When will I receive my Vote-by-Mail ballot?

This depends on when you requested it. If your request was submitted far in advance of an election, Vote-by-Mail ballots are mailed, emailed, or faxed to overseas voters (depending how you opted to receive your ballot) 45 days prior to each countywide election and domestic voters are mailed their Vote-by-Mail ballot (email is not permitted by law) 40 days prior to each countywide election. After this initial mail out, ballots are mailed within 2 days of receiving the request.

How do I fill out my Vote-by-Mail ballot?

It is imperative when voting by mail ballot that voters carefully follow the instructions included with their ballot. Use blue or black ink to bubble in the oval next to your selections. You must also sign inside the red box on the back of the Vote-by-Mail envelope provided.

Why must I sign inside the red box?

It is important to sign in the red box of your Vote-by-Mail ballot envelope. The signature on your ballot envelope is compared to the signature on record at the Office of the Supervisor of Elections. This is how we validate your Vote-by-Mail ballot.

What do I do if my signature has changed?

Because it's common for signatures to change over the years, please make sure your latest signature is on file with the Office of the Supervisor of Elections. To update your signature, voters may use the [Voter Registration Application \(Spanish\)](#) ([Creole](#)) to submit their update. Updates submitted on a Voter Registration Application must contain the voter's original signature.

Signature updates must be completed before a voter's Vote-by-Mail ballot is received.

What happens if I forget to sign inside the red box or my signature doesn't match?

There is a section on the outside of your Vote-by-Mail envelope to provide us with your email, home, and cellular number. Voters are encouraged to fill out this information.

In the event of a signature deficiency, you will be contacted using this information.

Florida law allows you the opportunity to submit an affidavit to cure your Vote-by-Mail ballot. The affidavit must be completed and submitted to the Office of the Supervisor of Elections alongwith a copy of the voter's identification, by 5 p.m. on the 2nd day after an election.
