(THIS PAGE LEFT INTENTIONALLY BLANK)

**MIAMI-DADE COUNTY, FLORIDA**  
**Public Health Trust Facilities Revenue Bonds**

**SECURITY FOR THE BONDS**

**Pledged Funds**

The Public Facilities Revenue Bonds (the "Bonds") are special and limited obligations of the County payable solely from Gross Revenues of the Public Health Trust ("PHT") and monies on deposit in the funds and accounts established under the Master Ordinance, defined below, (collectively, the "Pledged Revenues"). Gross Revenues are defined in the Master Ordinance as (i) all receipts (including Hedge Receipts), revenues, income and other moneys received by PHT, whether operating or non-operating, in connection with the Trust Facilities and all the rights to receive the same, whether in the form of accounts, chattel paper, instruments, documents or other rights, and any instruments, documents or other rights or proceeds thereof, and any insurance on the Trust Facilities and the proceeds of any or all of the above. Provided however, that Gross Revenues shall not include or take into account: (i) any amounts with respect to services rendered by PHT to or on behalf of the County for the payment of which the County has not budgeted or allocated funds, whether now existing or hereafter coming into existence, and whether now owned or held or hereafter acquired by PHT; (ii) gifts, grants, bequests, donations and contributions heretofore or hereafter made, designated at the time of making thereof to the payment of debt service on the Bonds, or not subject to pledge, and the income derived therefrom to the extent required by such designation or restriction; (iii) any unrealized gains or losses on investments; (iv) any profits or losses on the sale or other disposition, not in the ordinary course of business, of investments or fixed or capital assets or resulting from the early extinguishment of debt; or (v) proceeds of casualty insurance and condemnation awards.

The County, in Ordinance No. 05-49 (the "Master Ordinance"), covenants to require PHT to maintain in the Debt Service Reserve Fund an amount equal to the Debt Service Reserve Requirement on all Outstanding Bonds. In addition, pursuant to the Master Ordinance, the County covenants from time to time, that it shall prepare, approve and appropriate in its annual budget for each Fiscal Year, by amendment, if necessary, and to pay when due directly into the Debt Service Reserve Fund, sufficient amounts of Legally Available Non Ad Valorem Revenues or other legally available non ad valorem funds, sufficient to replenish amounts required to be credited to the Debt Service Reserve Fund. Such covenant and agreement on the part of the County to budget and appropriate such amounts of Legally Available Non Ad Valorem Revenues or other legally available funds, shall be cumulative and shall continue until such Legally Available Non Ad Valorem Revenues or other legally available funds in amounts sufficient to make all required payments shall have been budgeted, appropriated and actually paid into the Debt Service Reserve Fund.

**Limited Obligation**

The Bonds are Special, Limited Obligations of the County and the payment of the principal of, and interest on the Bonds is limited solely to the Pledged Revenues (as defined in the Master Ordinance). The Bonds shall not be deemed to constitute an indebtedness of the County, the State of Florida, or any political subdivision or agency of the State of Florida or the County within the meaning of any constitutional or statutory provision or limitation and neither the County, the State of Florida, nor any political subdivision or agency of the State of Florida or the County is obligated to pay the principal of, or interest on the Bonds except from the Pledged Revenues. The full faith and credit of the County, the State of Florida, or any political subdivision or agency of the State of Florida or the County are not pledged for the performance of such obligations or the payment of principal of, or interest on the Bonds. The issuance of Bonds shall not directly or indirectly or contingently obligate the County, the State of Florida, or any political subdivision or agency of the State of Florida or the County to levy or pledge any taxes or to make any appropriation for the payment of the principal of, or interest on the Bonds except as provided in the Master Ordinance.

## THE PUBLIC HEALTH TRUST

The Public Health Trust of Miami-Dade County, Florida (the “Trust” or “PHT”) was created in October 1973 by the Board of County Commissioners (the “County Board”) pursuant to Sections 154.07 through 154.12 of the Florida Statutes (the “Public Health Trust Act”) and Ordinance No. 73-69 of the County (the “County PHT Ordinance”). Under the Public Health Trust Act and the County PHT Ordinance, the Trust operates and manages the “Trust Facilities,” as defined in the Master Ordinance, consisting of all facilities that have been designated for such purpose by the County Board (“Designated Facilities”) and all capital additions to the Designated Facilities. Title to the real property constituting part of the Trust Facilities remains with the County, while operation and control is exercised by the Trust.

The largest of the Trust Facilities is Jackson Memorial Hospital (“JMH”), which is described below. JMH and other health care facilities operated by the Trust are referred to herein as the Jackson Health System (“JHS”).

Until 1991, the County’s relationship to PHT was primarily as a third-party payor, reimbursing PHT on a cost-based formula for services rendered by PHT to indigent persons or those who were supported under County programs or by County policy. In June 1991, the County Board amended the County PHT Ordinance to change the relationship between the County and PHT, providing that the County will provide funds to PHT to “defray the cost of services and supplies to medically indigent persons.” State law now mandates the minimum level of such funding. At the same time, the County Board authorized a referendum, which on September 3, 1991 approved the implementation of the Healthcare Surtax, the proceeds of which are unrestricted tax revenue of the Trust and usable only for the operation, maintenance and administration of JHS.

## FACILITIES

### Jackson Memorial Hospital

*General.* JMH was originally founded as the Miami City Hospital and was constructed by the City of Miami, Florida in 1917 on a portion of its present site. In 1949, governance and ownership of JMH was transferred from the City of Miami to the County. In 1952, the University of Miami and the County entered into a formal contract for a clinic teaching program and, subsequently the buildings comprising the Medical School were constructed adjacent or in proximity to JMH facilities. JMH is the largest of the statutory teaching hospitals in Florida. With the opening of the Medical School, JMH began to strive toward its current role as the major medical center in the South Florida region.

Based on the number of admissions to a single facility, JMH is one of the nation’s busiest medical centers. JMH has a licensed complement of 1,513 beds on the main campus located one mile west of the downtown business district of Miami.

JMH is the primary teaching hospital for the Medical School. JMH also serves as the major tertiary health care provider in South Florida. There are a number of services offered at JMH for which the hospital has a national reputation or is the only provider in the region. Examples include the Ryder Trauma Center; the Burn Center; the Newborn Special Care Center; the Spinal Cord Injury Center; the Miami Project to Cure Paralysis; and heart, lung, liver, kidney, pancreas and bone marrow transplantations.

*Medical Center Campus; Other Institutions.* JMH is located on a 65-acre parcel (collectively, the “Medical Center Campus”), which also includes a number of facilities not owned or operated by the Trust. The Medical Center Campus collectively contains 30 buildings with nearly three million square feet of space. Facilities not owned or operated by the Trust include a Veterans Administration Hospital and other facilities of the University of Miami, including (1) the Bascom-Palmer Eye Institute/Anne Bates Leach Eye Hospital, a 100-bed hospital providing ophthalmology surgery and serving as a clinical teaching and research center for the Medical School, (2) the Sylvester Comprehensive Cancer Center, a 40-bed cancer treatment center

containing a hospital and affiliated clinics, and (3) various research facilities, several of which support specialty services at JMHS.

The revenues of the facilities owned by the University of Miami and the Veterans Administration are not pledged to the payment of the Series 2017 Bonds or operating expenses of the Trust Facilities.

### **Jackson South Medical Center**

In 2001, Jackson Health System was expanded by its purchase of Jackson South Medical Center (JSMC) located in Perrine, Florida. Formerly known as Deering Hospital, JSCH is a full service, 262-bed acute care facility providing a full array of inpatient, outpatient and emergency care to the residents of South Miami-Dade County. JSMC offers a range of treatments and specialties including women's health and maternity services, maxillofacial surgery, and outpatient rehabilitation services.

### **Jackson North Medical Center**

In 2006, Jackson Health System acquired Jackson North Medical Center (JNMC) (formerly Parkway Regional Medical Center) from Tenet Healthcare Corporation for \$35 million. JNMC is a 382-bed acute care center located in North Miami Beach that serves the residents of North Miami-Dade and South Broward counties. JNMC offers patients convenient care close to their homes and, through its affiliation with JHS, access to a network of doctors in a wide range of specialties.

JNMC provides a variety of services, including 24-hour adult and pediatric emergency care, maternity, orthopedics, surgery, and inpatient and outpatient rehabilitation. It also is home to specialized centers, including the Weight-Loss Surgery Center.

### **Jackson West Medical Center**

In 2021, Jackson West Medical Center (JWMC) open its doors to the public, in order to serve the residents of West Miami-Dade County. JWMC is a 98 bed-acute care center. JWMC features an emergency room, surgical center, an inpatient diagnosis facility, and an outpatient diagnosis facility. Other practices offered by JWMC include obstetrics, orthopedic surgery, bariatric surgery, and pediatrics.

### **Other Trust Facilities**

Other Trust Facilities currently include:

- North Dade Health Center, a primary care center and clinic in north Miami-Dade County;
- Miami Hope Homeless Assistance Center Health Clinic, a primary care center located in central Miami-Dade County;
- South Dade Homeless Assistance Center Health Clinic, a primary care center and clinic located in south Miami-Dade County;
- Jefferson Reaves Health Center, a primary care center and clinic located in the Overtown area;
- Prevention, Education Treatment Center, a primary care center and clinic located in the South Beach area;
- Rosie Lee Wesley Health Center, a primary care center and clinic located in south Miami-Dade County;
- Jackson Community Mental Health Center, a mental health facility in north Miami-Dade County;
- Jackson Memorial/Perdue Medical Center, a 163-bed nursing home in south Miami-Dade County;
- Jackson Memorial Long Term Care Facility, a 180-bed nursing home in central Miami-Dade County;
- UHealth/Jackson Urgent Care Centers: Country Walk, Cutler Bay, Keystone Point, Doral, and North Dade;
- Other specialty centers.

### Patient Services

PHT, principally through JMH, and in conjunction with the Medical School and its faculty, provides a broad range of patient services, educational programs, a clinical setting for research activities and a number of health-related community services. These services are consistent with JMH's three principal roles as a (1) public hospital, (2) major teaching hospital and (3) regional tertiary care referral hospital.

JMH provides a comprehensive array of diagnostic and treatment services for medical, surgical, obstetrical and gynecological, pediatric, psychiatric, emergency, ambulatory and rehabilitative patients. Specialized intensive and coronary care and neonatal intensive care are also available to both residents of the County and patients from throughout the southeastern United States, the Caribbean Basin and Latin America. Approximately one-third of JMH's 1,513 beds are dedicated to specialized programs, including the Burn Center, Cancer Center, Newborn Special Care Center, Rehabilitation Center, Psychiatric Institute, Neurological and Spinal Cord Injury Center and Organ Transplant Center.

- JMH's emergency care and trauma facilities form the only adult and pediatric Level I Trauma Center in the County and serve as a regional trauma center resource, among the busiest in the nation.
- The Newborn Special Care Center is the State's largest regional referral facility.

- The Rehabilitation Center is designated as a Regional Spinal Cord Injury Center. The Florida State Department of Health and Rehabilitative Services (“HRS”) has also designated the center as a facility within the State for acute and rehabilitation care for patients with spinal cord injuries.
- The Burn Center, which provides comprehensive treatment, surgical and rehabilitation services to burn victims, is also a regional referral center.

Tertiary care surgical referral services include vascular reconstruction and open-heart surgery, oncology surgery, biliary tract surgery, pancreatic surgery, maxillofacial surgery, thoracic surgery, organ transplants, laser surgery and neurosurgery. The liver shunt was pioneered and developed at JMH. The “Miami Pouch” for women who have had pelvic exenteration was also developed at JMH.

Supporting these surgical services are designated ICUs, including the Cardiovascular Surgical ICU, Coronary Care Unit, Medical-Surgical ICUs, Neurosurgical ICU, Trauma ICU, Pediatric ICU and Newborn ICU.

Additional services and areas of specialization include Nephrology, Endocrinology, Pediatric Cardiology, Pediatric Oncology, Pediatric Nephrology, Hematology, Orthopedics and Sports Medicine, and specialized Adolescent and Adult Psychiatry. Other specialized diagnostic and treatment services include computerized axial tomography scanning (CAT), end-stage renal dialysis, scoliosis surgery and electro stimulation treatment, cardio-electrophysiology, cardiac catheterization, echocardiography, digital radiography, hyperbaric medicine, electroencephalography, electromyography, ultrasound/echosonography, nuclear medicine, radiation therapy, pulmonary function testing, and cystology, oncology, and hematology laboratories.

JMH also serves as the primary inpatient facility and the hub of a network of public supported primary care centers. There is a common electronic medical record, and appointments are made for patients to attend specialty clinics at JMH.

**The Service Area**

The County is a large metropolitan area with a diverse, multi-ethnic and multi-cultural community. The County, through PHT and other providers, provides a comprehensive, coordinated public/county health system. PHT addresses many of the critical care needs of the County residents and is the County's only "safety net hospital," insuring care to residents with no other alternatives. The maintenance and enhancement of the PHT system is necessary to protect that role.

PHT's primary service area includes the entire County. In Fiscal Year 2023, approximately 81% of discharges from all PHT facilities originated from the County, 5% from Broward County, 2% from Palm Beach County, and 12% from other Florida counties, other parts of the United States, or out of the country. PHT operates the only public hospital in the County and JMH is the largest teaching hospital in the State. The primary sources of PHT's patient base are: Medicaid and other publicly funded residents throughout the County and private funded patients referred for specialized, tertiary care treatment unavailable elsewhere, and uninsured and underinsured patients accessing PHT facilities in its role as the safety net hospital serving the County.

Demographics of the region indicate a diverse population. In Fiscal Year 2023, the ethnic mix of patients admitted to PHT facilities reflects the community at large, with 34% African-American, 45% Hispanic, 19% White and 2% other. The primary need for health services, based on health and mortality indicators, are found in cardiac, oncology, and urology, cerebrovascular, pulmonary and orthopedic programs.

**Medical Staff**

The medical staff of JMH, JSMC, JNMC and JWMC is comprised of a broad, diverse range of medical specialists and sub specialists, many of whom are nationally and internationally recognized in their specialties, and who provide evidence of the specialty care regional referral role of JMH JSMC, JNMC and JWMC. As of September 30, 2023, the medical staff at JMH consisted of 1,539 physicians designated in the following categories: 1,511 are active attending physicians (regular admitters), 3 administrative and 25 affiliated. As of September 30, 2023, the medical staff at JSMC consisted of 167 physicians designated in the following categories: 164 Active Attending (regular admitters), 2 affiliated and 1 Administrative. As of September 30, 2023, the medical staff at JNMC consisted of 247 physicians designated in the following

categories: 245 Active Attending (regular admitters), and 2 affiliated. As of September 30, 2023, the medical staff at JWMC consisted of 96 physicians designated in the following categories: 94 Active Attending (regular admitters); and 2 affiliated.

The following tables represent the medical staff of JMH, JSMC, JNMC and JWMC.

## **Nursing Staff**

The Hospital Division of Patient Care Services is organized around seven inpatient hospital centers: Women's, Children's, Medical, Surgical (includes Perioperative and Trauma), Mental Health and Post-Acute Care (Rehab) and the Emergency Care Center.

The Nurse Recruitment Department actively recruits for the nursing staff of the Public Health Trust/Jackson Health Services and their multiple satellite services such as Jackson North Maternity Center, North Dade Health Center, and Correctional Health Services. This involves recruitment of registered nurses in multiple practice settings to include trauma, emergency care, ambulatory care, critical care, medical, surgical, women's health, pediatrics, ortho-rehab services, mental health, skilled nursing and correctional health. The department utilizes a variety of sources to recruit for registered nurses in clinical, educational, case management, quality management and administrative roles.

PHT offers a comprehensive/competitive compensation program for registered nurses, which includes tuition reimbursement, and extensive educational programs for continued professional development. These efforts have had a positive effect on PHT's ability to recruit and retain its nursing staff.

The most difficult areas to recruit are the critical care units and the emergency room. In response to this need, PHT has developed numerous critical care internships for adult and pediatric client populations and has implemented one operating room internship. PHT also has affiliation agreements with all of the schools of nursing in the community.

## **Employees and Labor Relations**

As of September 30, 2023, PHT had 14,947 employees, including the following:

- 12,747 full-time employees
- 468 part-time regular employees
- 73 temporary relief employees
- 1,475 on-call/pool employees
- 139 other (Grants & Case Rate)
- 45 Non-employee

The number of full-time equivalents ("FTEs") per adjusted occupied bed was approximately 7.61 as of September 30, 2023. Outside agency personnel are used on a limited basis to provide coverage when a staffing shortage exists or to augment staffing during periods of peak service demand.

Four unions represent six different employee units with PHT: (1) the American Federation of State, County and Municipal Employees ("AFSCME"), Local 1363, representing general and paramedical employees; (2) the Service Employees International Union ("SEIU"), Local 1991, representing the registered nursing staff, the medical professional employees and the attending physicians; (3) the Committee of Interns and Residents ("CIR"), representing interns, residents and fellows; and (4) the Government Supervisors Association of Florida, Office of Professional Employees International Union ("GSAF OPEIU"), representing supervisory employees.

As of September 30, 2023, the total number of employees covered under the union contracts was 13,617 with a total dues paying membership of 81, Unit sizes are as follows:

<u>Unit</u>	<u>Covered</u>	<u>Dues Paying</u>
AFSCME	5,668	
SEIU Nursing Unit	4,932	
CIR Unit	1,200	
SEIU Medical Professional Unit	1,501	
SEIU Attending Physician Unit	188	
GSAF OPEIU Unit	<u>128</u>	<u>81</u>
Total	13,617	81

Historically, there has been a satisfactory relationship between the unions and PHT administration. All six union contracts expire on September 30, 2026. PHT has never experienced work stoppages due to strikes or labor problems.

## **GOVERNANCE**

The Trust is a department of Miami Dade County. It is the intent of the Miami-Dade Board of County Commissioners (the Commission) to promote, protect, maintain and improve the health and safety of all residents and visitors of Miami-Dade County through a fully functioning and sustainable Public Health Trust. The Commission finds that it is in the best interest of the public it serves to take action to preserve the Trust and to ensure its financial sustainability by requiring the Trust to notify the Commission, the Mayor and the Commission Auditor when certain financial conditions as outlined chapter 25A of Miami-Dade County Code of Ordinances occur. During the current year none of the financial conditions were met that required notification. The Public Health Trust is overseen by 7-member board that was establish to serve as the governing body of the Trust.

## Rate Covenant

The Series 2015A Bonds, and 2017 Bonds (collectively, the Bonds) are secured by the gross revenues of the Trust. The Bonds are subject to certain covenants included in Ordinances No. 05-49, Ordinance No. 15-46, and Ordinance No. 17-1, together with certain ordinances and board resolutions which authorize and issue the Bonds by and between the Trust and the County. In addition, the Trust must comply with certain covenants included in the related insurance agreements.

The restrictive covenants that must be met by the Trust, include, among other items, the requirement to maintain a minimum long-term debt service coverage ratio, the requirement to make scheduled monthly deposits to the debt service fund, maintenance of insurance on the Trust's facilities, and limitations on the incurrence of additional debt.

At September 2023, the Trust was in compliance with the debt service ratio covenant contained in the Ordinance.

## Sources of Revenue

PHT's principal source of revenue consists of charges for patient services provided by JMH, JNMC, JSMC and JWMC. Payments are made to PHT on behalf of certain patients by a number of payors and third parties, including commercial insurers, the federal government under Medicaid and Medicare programs, County funding, the State of Florida from sales tax revenues, as well as by patients on their own behalf. The following table sets forth gross patient service charges by source for fiscal years ended September 30, 2019 through 2023. Historically, the range of PHT collections to gross revenues has approximated 20% to 24%, depending on the level of total operating revenues attained. The numbers below are gross, not net, and therefore do not identify amounts actually collected.
