

Memorandum

Date: April 8, 2014

To: Honorable Chairwoman Rebeca Sosa
and Members, Board of County Commissioners

From: Carlos A. Gimenez
Mayor

Agenda Item No. 3(B)(2)

Subject: Resolution Ratifying the Mayor's Execution of a State of Florida Grant Agreement to Provide up to \$75,027.91 to Miami-Dade County for Financial Assistance to the Small Quantity Generator Compliance Assistance, Education and Outreach Program

Recommendation

It is recommended that the Board of County Commissioners approve the attached resolution ratifying the Mayor's execution of State of Florida Grant Agreement No. S0683 with the Florida Department of Environmental Protection (FDEP) to provide up to \$75,027.91 for the Miami-Dade County Small Quantity Generator Compliance Assistance, Education and Outreach Program.

Scope

The subject grant funding will assist many small businesses countywide.

Fiscal Impact/Funding Source

This grant agreement will provide up to \$75,027.91 to Miami-Dade County with no requirement of matching funds. The funds provided by this grant are anticipated to pay all County costs during the term of the agreement. No additional impacts on current and future annual County budgets are anticipated. The work will be funded under Index Code PE2331.

Track Record/Monitor

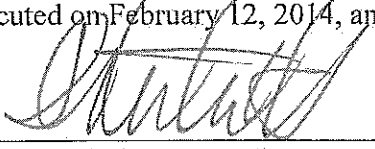

The Environmental Evaluations Section Chief, Karl Markeset, in the Department of Regulatory and Economic Resources, Division of Environmental Resources Management (DERM), will be responsible for implementing the activities under this grant.

Background

State of Florida Grant Agreement No. S0683 (attached) will provide funding for environmental compliance assistance and outreach for select industrial facilities classified as Small Quantity Generators under the federal Resource Conservation and Recovery Act.

This agreement will allow DERM to provide services for the FDEP by inspecting and confirming the status of specific industrial facilities and by assisting many of the approximately 700 Small Quantity Generators and other facilities that must comply with federal Resource Conservation and Recovery Act regulations. These inspections will help industrial facilities prevent contamination and reduce potentially significant State enforcement actions for violations, while educating business owners and protecting the environment. This agreement replaces a similar agreement approved under Resolution No. R-212-13 that expired July 1, 2013. The proposed agreement expires June 30, 2014.

Section 2-9 of the Code of Miami-Dade County authorizes the Mayor to enter into contracts with governmental entities on behalf of this County and Section 2-10 of the Code requires that contracts authorized under Section 2-9 be ratified by the County Commission. State of Florida Grant Agreement No. S0683 was received from the FDEP on January 30, 2014, was signed by the Mayor and fully executed on February 12, 2014, and is hereby submitted to the Board for ratification.

AGREEMENT NO. S0683

STATE OF FLORIDA
GRANT AGREEMENT
PURSUANT TO LINE ITEM 1703M OF THE 2013-2014 GENERAL APPROPRIATIONS ACT

THIS AGREEMENT is entered into between the STATE OF FLORIDA DEPARTMENT OF ENVIRONMENTAL PROTECTION, whose address is 3900 Commonwealth Boulevard, Tallahassee, Florida 32399-3000 (hereinafter referred to as the "Department") and MIAMI-DADE COUNTY, whose address is Department of Regulatory and Economic Resources, Division of Environmental Resources Management, 701 N.W. 1st Court, 7th Floor, Miami, Florida 33136 (hereinafter referred to as "Grantee" or "Recipient"), a local governmental entity, to provide financial assistance for the Small Quantity Generator Compliance Assistance, Education and Outreach Program.

In consideration of the mutual benefits to be derived herefrom, the Department and the Grantee do hereby agree as follows:

1. The Grantee does hereby agree to perform in accordance with the terms and conditions set forth in this Agreement, **Attachment A, Grant Work Plan**, and all attachments and exhibits named herein which are attached hereto and incorporated by reference. For purposes of this Agreement, the terms "Grantee" and "Recipient" are used interchangeably.
2. This Agreement shall begin upon execution by both parties and remain in effect until June 30, 2014, inclusive. All work outlined in Attachment A must be completed no later than June 30, 2014 and the Grantee shall not be eligible for reimbursement for any work performed after June 30, 2014 unless such work is authorized by amendment to this Agreement. This Agreement may be amended to provide for additional services if additional funding is made available by the Legislature.
3.
 - A. As consideration for the services rendered by the Grantee under the terms of this Agreement, the Department shall pay the Grantee on a cost reimbursement basis in an amount not to exceed \$75,027.91. The parties hereto understand and agree that this Agreement does not require a cost sharing or match on the part of the Grantee. If the Grantee finds, after receipt of competitive bids, that the work described in **Attachment A** cannot be accomplished for the current estimated project cost, the parties hereto agree to modify the Grant Work Plan described in **Attachment A** to provide for the work that can be accomplished for the funding identified above.
 - B. The Grantee shall be reimbursed on a cost reimbursement basis for all eligible project costs, upon the completion, submittal and approval of deliverables identified in **Attachment A**, in accordance with the schedule therein. Reimbursement shall be requested utilizing **Attachment B, Payment Request Summary Form**. A final payment request must be submitted to the Department no later than June 30, 2014 to assure the availability of funds for payment. In addition to the summary form, the Grantee must provide from its accounting system, a listing of expenditures per deliverable, charged against this Agreement. The listing shall include, at a minimum, a description of the goods or services purchased, date of the transaction, voucher number, amount paid, and vendor name. Travel expenses will not be reimbursed under the terms and conditions of this Agreement.
 - C. The State Chief Financial Officer requires detailed supporting documentation of all costs under a cost reimbursement agreement. In accordance with the **Attachment C, Contract Payment Requirements**, the Grantee shall comply with the minimum requirements set forth therein. The Payment Request Summary Form shall be accompanied by supporting documentation and other requirements as follows:

- i. Contractual (Subcontractors) - Reimbursement requests for payments to subcontractors must be substantiated by copies of invoices with backup documentation identical to that required from the Grantee. Subcontracts which involve payments for direct salaries shall clearly identify the personnel involved, salary rate per hour, and hours/time spent on the project. All multipliers used (i.e. fringe benefits, overhead, and/or general and administrative rates) shall be supported by audit. If the Department determines that multipliers charged by any subcontractor exceeded the rates supported by audit, the Grantee shall be required to reimburse such funds to the Department within thirty (30) days of written notification. Interest on the excessive charges shall be calculated based on the prevailing rate used by the State Board of Administration. For fixed price (vendor) subcontracts, the following provisions shall apply:
 - a. The Grantee may award, on a competitive basis, fixed price subcontracts to consultants/contractors in performing the work described in Attachment A. Invoices submitted to the Department for fixed price subcontracted activities shall be supported with a copy of the subcontractor's invoice and a copy of the tabulation form for the competitive procurement process (Invitation to Bid or Request for Proposals) resulting in the fixed price subcontract.
 - b. The Grantee may request approval from the Department to award a fixed price subcontract resulting from procurement methods other than those identified in the paragraph above. In this instance, the Grantee shall request the advance written approval from the Department's Grant Manager of the fixed price negotiated by the Grantee. The letter of request shall be supported by a detailed budget and Scope of Services to be performed by the subcontractor. Upon receipt of the Department Grant Manager's approval of the fixed price amount, the Grantee may proceed in finalizing the fixed price subcontract.
 - c. All subcontracts are subject to the provisions of paragraph 13 and any other appropriate provisions of this Agreement which affect subcontracting activities.
- D. In addition to the invoicing requirements contained in paragraph 3.B. and C. above, the Department will periodically request proof of a transaction (invoice, payroll register, etc.) to evaluate the appropriateness of costs to the Agreement pursuant to State and Federal guidelines (including cost allocation guidelines), as appropriate. This information, when requested, must be provided within thirty (30) calendar days of such request. The Grantee may also be required to submit a cost allocation plan to the Department in support of its multipliers (overhead, indirect, general administrative costs, and fringe benefits). All bills for amounts due under this Agreement shall be submitted in detail sufficient for a proper pre-audit and post-audit thereof. State guidelines for allowable costs can be found in the Department of Financial Services' Reference Guide for State Expenditures at <http://www.fldfs.com/aadir/reference%5Fguide>.
- E.
 - i. The accounting systems for all Grantees must ensure that these funds are not commingled with funds from other agencies. Funds from each agency must be accounted for separately. Grantees are prohibited from commingling funds on either a program-by-program or a project-by-project basis. Funds specifically budgeted and/or received for one project may not be used to support another project. Where a Grantee's, or subrecipient's, accounting system cannot comply with this requirement, the Grantee, or subrecipient, shall establish a system to provide adequate fund accountability for each project it has been awarded.
 - ii. If the Department finds that these funds have been commingled, the Department shall have the right to demand a refund, either in whole or in part, of the funds provided to the Grantee under this Agreement for non-compliance with the material terms of this Agreement. The Grantee, upon such written notification from the Department shall refund, and shall forthwith pay to the Department, the amount of money demanded by the Department. Interest on any refund shall be calculated based on the prevailing rate used by the State

Board of Administration. Interest shall be calculated from the date(s) the original payment(s) are received from the Department by the Grantee to the date repayment is made by the Grantee to the Department.

- iii. In the event that the Grantee recovers costs, incurred under this Agreement and reimbursed by the Department, from another source(s), the Grantee shall reimburse the Department for all recovered funds originally provided under this Agreement. Interest on any refund shall be calculated based on the prevailing rate used by the State Board of Administration. Interest shall be calculated from the date(s) the payment(s) are recovered by the Grantee to the date repayment is made to the Department by the Grantee.
4. The State of Florida's performance and obligation to pay under this Agreement is contingent upon an annual appropriation by the Legislature. The parties hereto understand that this Agreement is not a commitment of future appropriations.
5. The Grantee shall utilize **Attachment D, Progress Report Form**, to describe the work performed, problems encountered, problem resolution, schedule updates and proposed work for the next reporting period. Quarterly reports shall be submitted to the Department's Grant Manager no later than twenty (20) days following the completion of the quarterly reporting period. It is hereby understood and agreed by the parties that the term "quarterly" shall reflect the calendar quarters ending March 31, June 30, September 30 and December 31. The Department's Grant Manager shall have ten (10) calendar days to review the required reports and deliverables submitted by the Grantee.
6. Each party hereto agrees that it shall be solely responsible for the negligent or wrongful acts of its employees and agents. However, nothing contained herein shall constitute a waiver by either party of its sovereign immunity or the provisions of Section 768.28, Florida Statutes.
7.
 - A. The Department may terminate this Agreement at any time in the event of the failure of the Grantee to fulfill any of its obligations under this Agreement. Prior to termination, the Department shall provide thirty (30) calendar days written notice of its intent to terminate and shall provide the Grantee an opportunity to consult with the Department regarding the reason(s) for termination.
 - B. The Department may terminate this Agreement for convenience by providing the Grantee with thirty (30) calendar days written notice.
8. This Agreement may be unilaterally canceled by the Department for refusal by the Grantee to allow public access to all documents, papers, letters, or other material made or received by the Grantee in conjunction with this Agreement, unless the records are exempt from Section 24(a) of Article I of the State Constitution and Section 119.07(1)(a), Florida Statutes.
9. The Grantee shall maintain books, records and documents directly pertinent to performance under this Agreement in accordance with generally accepted accounting principles consistently applied. The Department, the State, or their authorized representatives shall have access to such records for audit purposes during the term of this Agreement and for five (5) years following Agreement completion. In the event any work is subcontracted, the Grantee shall similarly require each subcontractor to maintain and allow access to such records for audit purposes.
10.
 - A. In addition to the requirements of the preceding paragraph, the Grantee shall comply with the applicable provisions contained in **Attachment E, Special Audit Requirements**, attached hereto and made a part hereof. **Exhibit 1 to Attachment E** summarizes the funding sources supporting the Agreement for purposes of assisting the Grantee in complying with the requirements of **Attachment E**. A revised copy of **Exhibit 1** must be provided to the Grantee for each amendment which authorizes a funding increase or decrease. If the Grantee fails to receive a revised copy of **Exhibit 1**, the Grantee shall notify the Department's Grants Development and Review Manager at 850/245-2361 to request a copy of the updated information.

- B. The Grantee is hereby advised that the Federal and/or Florida Single Audit Act Requirements may further apply to lower tier transactions that may be a result of this Agreement. The Grantee shall consider the type of financial assistance (federal and/or state) identified in **Attachment E, Exhibit 1** when making its determination. For federal financial assistance, the Grantee shall utilize the guidance provided under OMB Circular A-133, Subpart B, Section __.210 for determining whether the relationship represents that of a subrecipient or vendor. For state financial assistance, the Grantee shall utilize the form entitled "Checklist for Nonstate Organizations Recipient/Subrecipient vs. Vendor Determination" (form number DFS-A2-NS) that can be found under the "Links/Forms" section appearing at the following website:

<https://apps.fldfs.com/fsaa>

The Grantee should confer with its chief financial officer, audit director or contact the Department for assistance with questions pertaining to the applicability of these requirements.

11. A. The Grantee may not subcontract work under this Agreement without the prior written consent of the Department's Grant Manager. The Grantee shall submit a copy of the executed subcontract to the Department within ten (10) days after execution. The Grantee agrees to be responsible for the fulfillment of all work elements included in any subcontract and agrees to be responsible for the payment of all monies due under any subcontract. It is understood and agreed by the Grantee that the Department shall not be liable to any subcontractor for any expenses or liabilities incurred under the subcontract and that the Grantee shall be solely liable to the subcontractor for all expenses and liabilities incurred under the subcontract.
- B. The Department of Environmental Protection supports diversity in its procurement program and requests that all subcontracting opportunities afforded by this Agreement embrace diversity enthusiastically. The award of subcontracts should reflect the full diversity of the citizens of the State of Florida. A list of minority owned firms that could be offered subcontracting opportunities may be obtained by contacting the Office of Supplier Diversity at (850) 487-0915.
12. In accordance with Section 216.347, Florida Statutes, the Grantee is hereby prohibited from using funds provided by this Agreement for the purpose of lobbying the Legislature, the judicial branch or a state agency.
13. The Grantee shall comply with all applicable federal, state and local rules and regulations in providing services to the Department under this Agreement. The Grantee acknowledges that this requirement includes, but is not limited to, compliance with all applicable federal, state and local health and safety rules and regulations. The Grantee further agrees to include this provision in all subcontracts issued as a result of this Agreement.

Enhanced Small Quantity Generator Assessment, Notification and Verification Program

Project Location: Miami-Dade County, Florida

The following program elements are described to support the proposed expenditures for the service period from execution of this Agreement through June 13, 2014. The final invoice shall be submitted no later than June 30, 2014. Funding for additional service periods may be authorized by formal amendment of this Agreement.

Project Background:

The Grantee shall conduct the Small Quantity Generator (SQG) Assessment, Notification and Verification program in accordance with Sections 403.7225, 403.7265(9), 403.7234 and 403.7236 Florida Statutes (F.S.); Sections 62-731.050 and 62-731.060, Florida Administrative Code (F.A.C.). The Grantee inspectors are "duly authorized representatives" of the Florida Department of Environmental Protection (FDEP) for the purpose of inspections pursuant to Section 403.091, F.S. The Grantee will be provided an FDEP master list of SQG notifiers that have received an U.S. Environmental Protection Agency (EPA) Identification Number in Miami-Dade County and have not received an FDEP inspection.

Project Tasks/Deliverables:

Tasks

A. Compliance Assistance Visits (CAV)

The Grantee will conduct two hundred twenty-five (225) on-site compliance assistance visits (CAVs) of facilities identified by FDEP as Never Inspected SQGs. Some of these facilities will receive CAVs after first conducting Drive-Bys (as specified in Task B) and the facilities have been confirmed to be a "Potential Generator" or "Open." CAVs may also be completed at facilities previously identified in DEP Agreement No. S0621 where a CAV was attempted but not completed, or a CAV or Drive-By confirmed that the facility was "Open" or a "Potential Generator". As much as possible, the Grantee-conducted CAV visits will be incorporated into currently planned Industrial Waste (IW) inspections. During each CAV, assigned EPA ID information will be verified.

In the event that Drive-Bys conducted during this service period do not identify a sufficient number of facilities that require subsequent CAVs, the Grantee will conduct CAVs from a separate list provided by FDEP of SQGs that have not been inspected in at least 10 years.

The Grantee will use the FDEP- Division of Environmental Resources Management (DERM) approved CAV electronic inspection form and Advisory Notice to identify potential hazardous waste compliance violations. The Grantee will work with the facility to correct potential hazardous waste compliance violations identified. All potential violations should be resolved within sixty (60) days. Facilities that fail to return to compliance within sixty (60) days during the Service Period, will be forwarded to Karen Kantor of the Southeast District FDEP Office, 561-681-6670 karen.kanotr@dep.state.fl.us for follow up.

Facilities that receive a CAV that (a) are open/active, (b) whose current name and address information are different from what is on the Department Notifier list, and (c) whose generator status is small quantity generator or higher, are required to update their notification of regulated waste activity information with the Department. The Grantee will hand out the 8700-12FL form package and instruct these facilities to submit the completed 8700-12FL form to the Department. The Grantee will also hand out the 8700-12FL form to all other facilities (e.g., CESQGs) and request that Notifier information be updated, if outdated or inaccurate information is on record. The Grantee will provide each facility that is not closed, written notification in the

form of an "Advisory," of their legal responsibilities regarding proper waste management practices, waste management disposal alternatives including waste reduction opportunities. The Grantee will also distribute educational materials as needed and include Florida's Handbook for SQGs, Fact Sheet for Conditionally Exempt Small Quantity Generators and the Fact Sheet on the Management of Used Oil and Used Oil Filters. The Grantee will distribute FDEP-provided container labeling stencils to each facility along with other applicable FDEP-provided educational material.

The Grantee will track the following for each facility receiving a CAV; in the-already FDEP-DERM approved CAV electronic inspection form:

- Date of CAV
- Inspector's name
- EPA Identification Number as listed on Notifier List
- Actual EPA Identification (if different)
- FDEP Notifier business name, address, contact person, phone, email
- Current business name, address, contact person, phone, email
- Current facility status (Active-generates waste, Inactive-does not generate waste)
- Generator status (Non Handler, Non Notifier, CESQG, SQG, LQG)
- List of violations found and associated codes
- Follow-up visit required? (Y,N)
- Return to compliance date, if applicable. If no return to compliance date, then facility did not achieve return to compliance
- Referred to FDEP? (Y, N)
- Educational distributed (fact sheets, stencils, 8700-12FL, etc)
- Time, in hours, required for each on visit. Include a time for the actual field investigation and a time for preparation, excluding time attributed to ERM routine inspection.

Deliverables: The Grantee will conduct two hundred twenty-five on-site CAVs and will generate inspection reports for Department review. DERM staff will add verified EPA ID number data to DERM facility records and record CAV activity in the DERM-enterprise network system. All correspondence with the facility shall include the EPA Identification number assigned to the facility. A quarterly report will also be generated and delivered to the Department.

Due Date: A quarterly report along with Attachment C will be submitted quarterly; however, payment will not be made until receipt and approval of the deliverable for the final quarter due June 13, 2014.

Performance Standard: The Department Grant Manager will review the quarterly report and related correspondence to verify that the task was completed and meets the requirements of the EPA and the Department. The Department will conduct a select number of random oversight inspections of businesses that have received CAV by the Grantee to evaluate Grantee performance.

ATTACHMENT C

Contract Payment Requirements Florida Department of Financial Services, Reference Guide for State Expenditures *Cost Reimbursement Contracts*

Invoices for cost reimbursement contracts must be supported by an itemized listing of expenditures by category (salary, travel, expenses, etc.). Supporting documentation must be provided for each amount for which reimbursement is being claimed indicating that the item has been paid. Check numbers may be provided in lieu of copies of actual checks. Each piece of documentation should clearly reflect the dates of service. Only expenditures for categories in the approved contract budget should be reimbursed.

Listed below are examples of the types of documentation representing the minimum requirements:

- (1) Salaries: A payroll register or similar documentation should be submitted. The payroll register should show gross salary charges, fringe benefits, other deductions and net pay. If an individual for whom reimbursement is being claimed is paid by the hour, a document reflecting the hours worked times the rate of pay will be acceptable.
- (2) Fringe Benefits: Fringe Benefits should be supported by invoices showing the amount paid on behalf of the employee (e.g., insurance premiums paid). If the contract specifically states that fringe benefits will be based on a specified percentage rather than the actual cost of fringe benefits, then the calculation for the fringe benefits amount must be shown.

Exception: Governmental entities are not required to provide check numbers or copies of checks for fringe benefits.
- (3) Travel: Reimbursement for travel must be in accordance with Section 112.061, Florida Statutes, which includes submission of the claim on the approved State travel voucher or electronic means.
- (4) Other direct costs: Reimbursement will be made based on paid invoices/receipts. If nonexpendable property is purchased using State funds, the contract should include a provision for the transfer of the property to the State when services are terminated. Documentation must be provided to show compliance with Department of Management Services Rule 60A-1.017, Florida Administrative Code, regarding the requirements for contracts which include services and that provide for the contractor to purchase tangible personal property as defined in Section 273.02, Florida Statutes, for subsequent transfer to the State.
- (5) In-house charges: Charges which may be of an internal nature (e.g., postage, copies, etc.) may be reimbursed on a usage log which shows the units times the rate being charged. The rates must be reasonable.
- (6) Indirect costs: If the contract specifies that indirect costs will be paid based on a specified rate, then the calculation should be shown.

Contracts between state agencies, and or contracts between universities may submit alternative documentation to substantiate the reimbursement request that may be in the form of FLAIR reports or other detailed reports.
