Subject: Contract Award Recommendation for Approval to Award a Professional Services Agreement for General Civil Engineering Services to T.Y. Lin International; Contract No. E23AV02B

Agenda Item No. 8(A)(3)

EXECUTIVE SUMMARY

This item is recommending the County enter into a Professional Services Agreement (PSA) with T.Y. Lin International (T.Y. Lin) for the provision of architectural and engineering services that include general civil design and construction management services for various types of aviation projects. These services include but are not limited to airfield pavement rehabilitation and improvements to aprons, taxi lanes, taxiways, runways, utility relocations, fueling, passenger boarding bridges and all related appurtenances for all airports within Miami-Dade County's airport system, which includes Miami International Airport (MIA) and the General Aviation Airports (GAA).

The PSA has a maximum total contract award of \$6,615,500.00, inclusive of a 10% contingency of \$600,000.00 and \$16,500.00 for the Miami-Dade County Office of the Inspector General (OIG). The term of the contract is for six (6) years, with the PSA becoming effective upon execution of the agreement. The term shall remain effective until all services are completed or until those service orders in force at the end of the term have been completed or accepted, whichever may be later.

The Miami-Dade Aviation Department (Aviation Department or MDAD) has prepared three contract award recommendations for the provision of identical general civil engineering services. This is one of three award recommendations with a Disadvantaged Business Enterprise (DBE) goal of 15 percent that was assigned by the Small Business Development (SBD) Division. The other two contract award recommendations on this agenda are for EXP U.S. Services, Inc (Contract No. E23AV02A) and AtkinsRéalis USA, Inc (Contract No. E23AV02C), both contain the same DBE goal.

A review of the County's Capital Improvements Information System showed the recommended vendor has an average evaluation score of 3.9 out of a possible maximum score of 4.0, which is indicative of superior performance. (See Attachment A: Contractor Evaluations Report).

According to the Firm History Report, as provided by SBD, within the last three years, T.Y. Lin has received three (3) contracts as a Prime Contractor with a total value of \$5,973,823.00. Additionally, for the time period February 2012 – May 2021, T.Y. Lin received sixteen (16) contracts as a Prime Contractor with a value of \$42,135,018.00, making for a total of \$48,108,841.00. (See Attachment B: A/E Firm History Report)

The Competitive Selection Committee was tasked with evaluating the experience and qualifications of the Proposers, and scoring and ranking the proposals in accordance with the evaluation criteria outlined in the solicitation. The Consultant shall maintain required insurance coverage for the full term of this Agreement or for such longer period(s) as may be specifically required herein. - 3.3 ASSIGNMENT: The Consultant shall not assign, transfer or convey this Agreement to any other person, firm, association, or corporation, in whole or in part. Nothing contained in this Agreement shall create any contractual relationship between the Owner and the Sub-consultants.

The Consultant shall not change any Sub-consultant without prior approval by the Director in response to a written request from the Consultant stating the reasons for any proposed substitution. Any approval of a Sub-consultant by the Owner shall not in any way shift the responsibility for the quality and acceptability by the Owner of the services performed by the Sub-consultant from the Consultant to the Owner. The Consultant shall cause the names of Sub-consultants responsible for significant portions of the Services to be inserted on the Plans and Specifications, subject to the approval of the Owner.

The Consultant may employ Sub-consultants to assist the Consultant in performing specialized Services. 3.6 TERM OF AGREEMENT: This term of this Agreement shall be for six (6) years, and shall begin upon execution by the parties and shall be in effect until all Services are completed or until those Services Orders in force at the end of the stated period of time have been completed and the Services accepted, whichever may be later.

In the event the Owner terminates this Agreement for cause, the Owner will take over any and all documents resulting from Services rendered up to the termination and may complete them, by contracting with other consultant(s) or otherwise, and in such event, the Consultant shall be liable to the Owner for any additional cost incurred by the Owner due to such termination. 3.11 ACCOUNTING RECORDS OF CONSULTANT: The Owner reserves the right to audit the accounts and records of the Consultant including, but not limited to, payroll records and Federal Tax return, supporting all payments for Services hereunder on the basis of Multiple of Direct Salaries and Reimbursement of Actual Expenses incurred. Such audit may take place at any mutually convenient time during the performance of this Agreement and for three (3) years after final payment under this Agreement. The Consultant shall maintain, as part of its regular accounting system, records of a nature and in a sufficient degree or detail to enable such audit to determine the personnel hours and personnel costs and other expenses associated with each Project and/or task authorized for performance by Service Order(s). Assistant Project Manager	\$65.00
Senior Engineer /Architect/Planner/Scientist/Surveyor	\$75.00
Professional Engineer/Architect	\$65.00
Staff Engineer/Architect/Scientist	\$55.00

Forty (40) hours multiplied by the base pay rate (\$) multiplied by the appropriate multiple (M) based on whether the Services are Additional or Work Site; plus Hours Worked Beyond Forty (40) Hours During Week (Hrs.) multiplied by the pay rate (\$) multiplied by 1.1. Using conventions contained in Microsoft Excel, the equation for this would be:

$$(40*\$*M) + (Hrs*\$*1.1)$$

For Employees that are on an hourly basis and are required to be paid at a time and one half overtime rate. Hours Worked Beyond Forty (40) Hours During Week (Hrs) multiplied by the premium pay rate (\$*1.5) and then multiplied by 1.1. Using conventions contained in Microsoft Excel, the equation for this would be:

$$(40*\$*M) + (Hrs*\$*1.5*1.1)$$

EXAMPLE

Hours worked during week = 50

Pay rate = \$30/hr.

Multiplier = 2.65

$$(40*30*2.65) + (10*30*1.1) = 3180+330 = \$3510 \text{ or}$$

EXAMPLE

Hours worked during week = 50

Pay rate = \$30/hr.

Multiplier = 2.65

$$(40*30*2.65) + (10*30*1.5*1.1) = 3180+495 = \$3675$$

8.12 ORGANIZATIONAL CONFLICT OF INTEREST:

1. Policy

It is the policy of the County, implemented through this section, to identify, analyze and address organizational conflicts of interest that might otherwise exist in order to maintain the public's trust in the integrity and fairness of the County's contracting for the Capital Improvement Program CIP ("the Program") and to protect the business interests of the County, thereby safeguarding public dollars. This policy shall be supplemental to and not in derogation of any other requirements of law relating to conflicts of interest including, but not limited to, the County's Code of Ethics.

2. Definitions

Organizational conflict of interest situation in which the Consultant : (a) under this Agreement, or any part thereof, including a particular work order or defined task, is required to exercise judgment to assist the County in a matter such as in drafting specifications or assessing another consultant's or contractor's proposal or performance and the Consultant has a direct or indirect financial or other interest at stake in the matter, so that a reasonable person might have concern that when performing work under the contract, the Consultant may be improperly influenced by its own interests rather than the best interest of the County, or (b) would have an unfair competitive advantage in a County competitive solicitation as a result of having performed work on this Agreement that puts the consultant in a position to influence the result of the solicitation.

Affiliates: business concerns are affiliates of each other when either directly or indirectly one concern or individual controls or has the power to control another, or when a third party controls or has the power to control both.

Sub-consultants: firms under contract with the Consultant under this Agreement.

3. Certification of no organizational conflict of interest

The Consultant: (a) execution of this Agreement or any work order and/or (b) making a claim for payment under this Agreement, constitutes the Consultant's certification to the County that the Consultant or its subconsultants do not have knowledge of any organizational conflicts of interest that exists in performing the work under this Agreement. False certifications may be considered a material breach of the Agreement and the Consultant may be liable to the County for a false claim under the County's false claim ordinance. At any time during the performance of the Agreement, the County may require the Consultant to execute an express written certification that after diligent inquiry the Consultant does not have knowledge of any organizational conflict of interest. The County may also require the Consultant to set forth in writing the scope of the inquiry conducted to make the express certification. Failure to make diligent inquiry, to disclose a known conflict or potential conflict, or to execute the documents required to be produced may be considered a material breach of the contract and may disqualify the Consultant or its subcontractors from award of other County professional service agreements.

4. Identification of organizational conflict of interest

The Consultant and its subconsultants shall be obligated to disclose to the County any organizational conflict of interest which may exist or arise during the performance of this Agreement, or the potential for such conflicts to occur, immediately upon the discovery of such actual or potential conflict. The disclosure shall be in writing, addressed to the Director or his designee. The disclosure shall identify the organizational conflict of interest with sufficient detail for the County's analysis and shall propose a method to address the same. Such disclosure shall be simultaneously reported to the Office of the Inspector General (OIG) and the Commission on Ethics and Public Trust (COE). The Consultant /subconsultants' failure to identify an organizational conflict of interest, or to disclose the same to the County in the manner set forth in this Section, may be considered a material breach of the Agreement. In addition, in any subsequent solicitation for professional services for which the Consultant or its subconsultants compete for award, the Consultant and/or its subconsultants shall identify and address any potential organizational conflict of interest as between that solicitation and this Agreement or the work hereunder, particularly in those instances where the Consultant offers to use the same subconsultants which may be primes or sub-consultants in other Program contracts where such use is not specifically prohibited by the advance restrictions set forth in this policy. The potential for organizational conflicts of interest, and the methodology offered to prevent organizational conflicts of interest, may be evaluated by the County as a criterion for selection as set forth in the applicable competitive solicitation documents.

5. Addressing organizational conflicts of interest

The County will analyze and address organizational conflicts of interest on a case-by-case basis, because such conflicts arise in various, and often unique, factual settings. The Director of MDAD, subject to the approval of the Executive Director of the Commission on Ethics or his designee, shall make the decision of how to address an organizational conflict of interest. The Executive Director of the Commission on Ethics or his designee shall render its determination promptly to avoid impacting the Program. The County shall consider the specific facts and circumstances of the situation and the nature and potential extent of the risks associated with an organizational conflict of interest when determining what method or methods of addressing the conflict will be appropriate. When an organizational conflict of interest is such that it risks impairing the integrity of the Program, then the County must take action to substantially reduce or eliminate those risks. If the only risk created by an organizational conflict of interest is a performance risk relating to the County's business interests, then the County shall have broader discretion in accepting some or all of the performance risk, but only when the potential harm to the County's interest is outweighed by the expected benefit from having the conflicted Consultant perform the Agreement. The County shall balance risks created by any organization conflict of interest against potential impacts to the Community Business Enterprise community in analyzing the appropriate method of addressing any organizational conflict of interest. Notwithstanding the preceding, the County's decision as to the existence of, and/or remedy for, any organizational conflict of interest shall be wholly binding on the Consultant, and shall be made in the County's sole and complete discretion.

6. Measures to address organizational conflicts of interest

The measure, or combination of measures, which may be appropriate to address an organizational conflict of interest, if any, shall be decided by the Director of MDAD and include, but are not limited to: (a) avoidance of risk through reduction of subjectivity in the analysis or by defining work tasks and deliverables with specificity, (b) requiring the Consultant and/or its sub-consultants to implement structural barriers (firewalls) and internal corporate controls, (c) limiting the Consultants or subconsultant or the specific personnel to be involved in a work assignment, (d) employing specific hourly limits on defined tasks, (e) limiting or prohibiting certain pass through fees and markups, (f) executing a mitigation plan which will define specific Consultant and sub-consultant duties to mitigate organizational conflicts of interest, (g) requiring sub-consultants who are conflict free to perform identified areas of work, (h) requiring the Consultant or its sub-consultants to adopt, disseminate and instruct staff on conflict of interest identification and remediation procedures and (i) relying on more than one source or on objective or verifiable data or information.

7. Documentation and evaluation

The Director of MDAD will set forth in the Agreement file a written explanation of the methodology used to address an identified organizational conflict of interest. The County shall periodically evaluate the effectiveness of the methodology in the protection of the Program. Upon the rendering of a decision regarding the resolution of a reported conflict of interest, a copy of such finding shall be forwarded to the OIG and the COE.

8. Organizational conflicts of interest which are not remedied

If in the sole discretion of the County there is no measure or combination of measures which protect the County against the organizational conflict of interest, the County may require that the Consultant cease the activity which creates a conflict with this Agreement. Failure to abide by this requirement shall result in the Consultant being in breach of this Agreement. In addition, the County may without penalty decline to award future professional service agreements or other contracts to the Consultant or its subconsultants if the award of such agreement or conflict with result in a conflict which cannot be remedied.

8.13 ACCESS TO RECORDS AND REPORTS: The Consultant must maintain an acceptable cost accounting system.
