Subject: Resolution Authorizing Execution of a Statewide Mutual Aid Agreement between Miami-Dade County and State of Florida, Division of Emergency Management

SUMMARY

This item seeks approval to execute a Statewide Mutual Aid Agreement (Agreement) between Miami-Dade County (County), and the State of Florida, Division of Emergency Management (Division). The Agreement authorizes the County to provide aid in a wide range of emergencies and disasters that could cause the disruption of essential services and destruction of the infrastructure needed to deliver those services. The Agreement authorizes the County to seek reimbursement for certain expenses and costs incurred while providing assistance to the State, tribal councils or other local governments and shall be effective for an initial term of one year from the date of execution of the last signing party and shall automatically renew annually until it is rescinded or withdrawn.

RECOMMENDATION

It is recommended that the Board of County Commissioners (Board) approve the attached resolution authorizing the Chairperson of the Board of County Commissioners to execute the Agreement, attached thereto as Exhibit A, between the County, and the Division to provide aid and assistance in the event of a disaster or emergency.

SCOPE

This Agreement, attached to the resolution as Exhibit A, authorizes the provision of emergency aid and assistance during a wide range of emergencies and disasters that are likely to cause the disruption of essential services and the destruction of the infrastructure needed to deliver those services. The Agreement authorizes the County and the Division to provide or receive assistance during a disaster or emergency, when the impacted jurisdiction is unable to adequately address service needs due to the magnitude of such events. The Agreement also authorizes the County to seek reimbursement for costs incurred for services provided. Mutual aid shall not include ordinary events for which the responsible jurisdiction has determined it will not have adequate equipment and/or support.

FISCAL IMPACT/FUNDING SOURCE

After the period of assistance has ended, the County may submit a claim package for full reimbursement for services rendered and resources supplied during the period of assistance. The claim package must be submitted within 45 days of the end of the period of assistance. All expenses claimed to the requesting party must have been incurred in direct response to the emergency.

TRACK RECORD/MONITOR

The Director of Emergency Management or the Director's designee will monitor this Agreement.

DELEGATION OF AUTHORITY

Upon approval by the Board, the Chairperson of the Board of County Commissioners will have the authority to amend, rescind, or withdraw the Agreement, provided that any such amendments are consistent with the purpose provided herein.

BACKGROUND

The State of Florida Emergency Management Act, chapter 252, authorizes the State and its political subdivisions to provide emergency aid and assistance in the event of a disaster or emergency. The statutes also authorize the State to coordinate the provision of any equipment, services, or facilities owned or organized by the State or its political subdivisions for use in the affected area upon the request of the duly constituted authority of the area.

To this end, the Division is requesting that the Agreement be in place, to authorize the provision and receipt of interjurisdictional mutual assistance in accordance with the Emergency Management Act, chapter 252, among political subdivisions within the State. The Agreement is based on the existence of the following:

- A. The State of Florida is vulnerable to a wide range of emergencies and disasters that are likely to cause the disruption of essential services and the destruction of the infrastructure needed to deliver those services.
- B. Such emergencies and disasters often exceed the emergency response and recovery capabilities of any one county or local government.
- C. Such incidents may also give rise to unusual and unanticipated physical and technical needs which a local government cannot meet with existing resources, but that other local governments within the State of Florida may be able to provide.
- D. The Emergency Management Act, chapter 252, Florida Statutes, provides each local government of the state the authority to develop and enter into mutual aid agreements within the state for reciprocal emergency aid in case of emergencies too extensive to be dealt with unassisted, and through such agreements ensure the timely reimbursement of costs incurred by the local governments which render such assistance.
- E. Pursuant to chapter 252, Florida Statutes, the Division renders mutual aid among the political subdivisions of the state to carry out emergency management functions and responsibilities.
- F. Pursuant to chapter 252, Florida Statutes, the Division has the authority to coordinate and direct emergency management assistance between local governments and concentrate available resources where needed.

The Agreement outlines its purpose, the roles of the parties, and how to submit a reimbursement package for services rendered and resources supplied during the period of assistance.
