Subject: Resolution Approving Targeted Jobs Incentive Fund Tax Refund for Confidential Project Hometown

Executive Summary

This item seeks the Board of County Commissioners' approval for Confidential Project Hometown (Hometown) to participate in the Targeted Jobs Incentive Fund (TJIF) program, a key initiative designed to foster business growth and job creation in Miami-Dade County ("County").

Hometown is an existing transportation and logistics company poised to consolidate its various national operations into a global headquarters in a sprawling 550,000-square-foot campus located in unincorporated Miami-Dade County. The commission district is undetermined at this time; however, a location will be identified before construction begins in FY 2025-26. This global headquarters will enhance the company's transportation and logistics operations and is projected to generate 525 new high-quality jobs with an average annual salary of \$135,000.00, while maintaining 1,100 existing jobs. Additionally, Hometown will invest \$450 million in capital improvements. The project is expected to produce \$17,328,622.00 in incremental property tax revenues for the Countywide General Fund over a ten-year period.

In recognition of this substantial investment, and because the headquarters will be located in a Designated Priority Area (DPA), Hometown is eligible for \$7,500,000.00 in TJIF incentives, to be disbursed over ten (10) years contingent upon verification of job creation, capital investment, and tax payments. This initiative is anticipated to deliver a net positive fiscal impact of \$9,828,622.00 for the County.

Recommendation

It is recommended that the Board of County Commissioners (Board) approve Hometown's participation in the TJIF program. Additionally, approval is requested for \$7,500,000.00 in TJIF assistance from Countywide General Fund Revenue and an extended seven-year job creation schedule, as opposed to the standard three-year schedule.

Scope

Hometown's proposed global headquarters will consolidate offices currently located in Miami-Dade County with offices currently located in other parts of the United States, crucial for the County's robust local and regional transportation industry. The project will create a significant countywide economic impact through direct job creation and an economic multiplier effect, extending benefits beyond unincorporated Miami-Dade County.

Hometown has committed to generating 525 new full-time jobs as defined in section 288.106, Florida Statutes, and will contribute positively to indirect employment and overall economic growth.

Delegation of Authority

This resolution authorizes the County Mayor or the County Mayor’s designee to make non-substantive adjustments to the job creation and disbursement timelines and to execute all necessary contracts, agreements, and amendments between Miami-Dade County and Hometown.

Fiscal Impact/Funding Source

With a capital investment of \$450 million, Hometown is projected to generate \$17,328,622.00 in incremental property tax revenues for the Countywide General Fund over a ten-year period. Based on these projections, Hometown qualifies for \$7,500,000.00 in TJIF assistance, payable over the same period, resulting in a net positive fiscal impact of \$9,828,622.00 for the County.

The TJIF award will be disbursed based on verified job creation and capital investment, with the award capped according to Hometown’s real and tangible personal property investments to ensure compliance with TJIF program requirements.

Track Record/Monitor

The TJIF program requires that approved projects create at least ten (10) new jobs, retain them according to program criteria, and make significant capital investments to qualify for the incentive. Hometown has committed to making a \$450 million investment and 525 new jobs while retaining 1,100 current employees.

The Department of Regulatory and Economic Resources, specifically its Research and Planning Division, will verify Hometown’s adherence to these requirements, including job creation and wage standards, and ensure that ad valorem and tangible personal property taxes are sufficient to cover the TJIF payment.

Background

The TJIF program provides cash incentives to Miami-Dade companies undertaking expansions that create a minimum of ten (10) new high-paying jobs and involve a capital investment of at least \$3 million, as outlined in Chapter 2, Article LXXXVI of the Code of Miami-Dade County.

Hometown’s project involves constructing a state-of-the-art, 550,000-square-foot transportation and logistics campus to house its global headquarters in unincorporated Miami-Dade County (NAICS Code #4831), with Los Angeles, CA, and New York City, New York, considered as alternative locations.

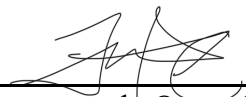

As a condition for receiving the TJIF award, Hometown will ensure that the 525 new employees have an average annual salary of \$135,000.00 (excluding benefits) and provide additional benefits valued at \$10,000.00. While benefits are not a TJIF requirement, Hometown will adhere to the living wage requirements set forth in Miami-Dade County Code §2-8.9, effective October 1, 2024, to September 30, 2025.

Honorable Chairman Anthony Rodriguez
and Members, Board of County Commissioners

The job creation schedule and incentive disbursement dates are detailed in the resolution but may be adjusted with approval from the County Mayor or County Mayor's designee, in alignment with TJIF Program guidelines.

The application has been endorsed by the Beacon Council and reviewed by the Office of Innovation and Economic Development and the Department of Regulatory and Economic Resources.

Application and Agreement for Targeted Jobs Incentive Fund (TJIF)

Confidential Project: HOMETOWN

(Note: If the name of company is confidential at time of application, said company name shall be provided and appended to this Application and Agreement within 60 days of being approved by the County.)

Important: This Application and Agreement for TJIF shall be in compliance with Miami-Dade County Board of County Commissioners Ordinance No. 00-98 as codified in the Code of Miami-Dade County, Chapter 2, Article LXXXVI, and as further modified by Ordinance No. 18-36, as may be amended.

Section 1. Targeted Jobs Incentive Fund (TJIF) Background

- 1.1 The Targeted Jobs Incentive Fund is an initiative fashioned by The Beacon Council and Miami-Dade County and patterned after the State of Florida Qualified Target Industry Tax Refund Program (QTI). The program's intent is to attract relocating out-of-area businesses and encourage expansion of existing local companies by providing cash incentive awards. As with the QTI Program, a Company is required to create a certain number of jobs and must also generate enough new revenue to Miami-Dade County to fund its TJIF benefit.
- 1.2 The TJIF is an inducement program available only to companies from outside the County (with the exception of Palm Beach, Broward, and Monroe Counties) wishing to relocate here, and to Miami-Dade companies which undertake a business expansion and which create jobs as a result of the local expansion. Nevertheless, a Palm Beach, Broward or Monroe County-located Company that is planning to relocate outside South Florida is eligible for this program. The Company must provide verifiable documentation supporting its consideration of other locales. Any business decisions, such as leasing of space or hiring of employees, made prior to the final TJIF approval will likely be grounds for disapproval unless waived by the Miami-Dade County Mayor or Mayor's designee after a showing of good cause.
- 1.3 Although the TJIF program is available to companies countywide, it is also used to encourage investment and the creation of jobs in Designated Priority Areas (DPA) i.e. Enterprise Zones, Empowerment Zones, Targeted Urban Areas, Community Development Block Grant eligible areas, and Brownfield areas, by providing business with additional incentives if the Company locates within these specified areas.
- 1.4 The TJIF program is strictly a performance-based incentive that is disbursed to the Company after it has met all of its job creation projections, average salary commitment, capital investment commitments and all other requirements of the program.

Section 2. Eligibility Criteria

- 2.1 The Targeted Jobs Incentive Fund (TJIF) is available to companies in the following industries:
 - a. Advance Manufacturing;
 - b. Aviation/Aerospace;
 - c. Clean Energy including, but not limited to, Solar Photovoltaic and Solar Thermal Energy, Biofuels, Smart Grid Technologies, Energy Storage, and Ocean Energy;
 - d. Financial/Professional Services;
 - e. Homeland Security/Defense;
 - f. Information Technology;
 - g. Life Sciences;
 - h. Creative Industries including, but not limited to, Fashion and Lifestyles;
 - i. Global Logistics;
 - j. Headquarters including regional headquarters (NAICS Code 5511); and
 - k. Any industry designated as a "Target industry business" under the State of Florida's Qualified Target Industry ("QTI") program, Section 288.106(1) of the Florida Statutes.

The Board of County Commissioners, at its discretion, may waive the eligible industry requirement at the request and recommendation of The Beacon Council and the County Mayor and County Mayor's designee.

- 2.2 The Company must create at least 10 new jobs and make a minimum capital investment of at least \$3 million.
- 2.3 The County Commission, recognizes its responsibility to set a community standard that permits full-time workers to live above the poverty line. Therefore, the TJIF Program will not be available to companies that pay any of their employees less than the Living Wage Rate as defined in Section 2-8.9 of the Code of Miami-Dade County, as adjusted annually by the Department of Small Business Development or its successor department. In addition, the New Jobs promised under the TJIF application/agreement must pay an estimated Average Annual Wage at least equal to the average private sector wage of the County or the statewide private sector average wage. In determining the Average Annual Wage, only New Jobs are to be included and wages for existing jobs shall be excluded from the calculation.
- 2.4 The Company's countywide ad valorem property taxes, excluding debt service, and countywide portion of sale taxes paid must generate sufficient additional general fund tax revenue to the County in order to fund the award. Additional general fund tax revenue generated by the project shall be determined by using a methodology acceptable to the County.
- 2.5 An economic impact analysis of the project will be determined using a professionally accepted econometric model such as Department of Commerce, BEA RIMS-II; Minnesota Implan Group, IMPLAN V.3; or REMI, Inc., REMI Model Pl+, and reviewed by the County's Chief Economist.
- 2.6 This Application and Agreement must be signed by the Company and Miami-Dade County stipulating the number of new jobs to be created, the projected amount of capital investment, the amount of the projected tax revenue and the date when the project will be completed. Disbursements of the TJIF award to the Company will only be made after it has achieved the capital investment and job creation benchmarks set forth in the Application and Agreement, and all other terms of the TJIF program.
- 2.7 The TJIF is an inducement program that is only available to companies considering a relocation and/or expansion in Miami-Dade County and one or more other communities. The TJIF is utilized to induce "New to Market" companies to relocate to Miami-Dade County (not available for companies located within Palm Beach, Broward and Monroe Counties unless a Company is planning to relocate outside South Florida). Companies located in other Florida counties are eligible for TJIF for any net *new* jobs being created in Miami-Dade County. The Company must identify the other metro areas being actively considered as locations for the project.

Section 3. Award Amounts Provided By Miami-Dade County

- 3.1 The TJIF Program is structured so that revenues received from the TJIF project will meet or exceed incentives paid by the County. As a result, the TJIF Program has a positive revenue impact on the countywide general fund during the incentive payout period. TJIF incentives are disbursed over a ten-year period, subsequent to the capital investment of the TJIF project appearing on the tax roll, and may equal up to 2.140 percent of the total real property capital investment and up to 1.440 percent of the tangible personal property capital investment. The TJIF project is eligible for additional incentive amount, for both real property and tangible personal property capital investment, if it is:

- a. A Miami-Dade County “green certified” business, as applicable (an additional 0.220 percent);
- b. Located in a DPA (an additional 0.220 percent);
- c. Located in a “green certified” building pursuant to Section 2-1258 (an additional 0.063 percent); and/or
- d. Classified as having its principal business activity in the manufacturing, installation, and repair of Solar Thermal and Photovoltaic energy production or other clean energy project (an additional 0.063 percent).
- e. A project that creates more than 50 new jobs (an additional 0.015 percent of the total amount of the Project’s Capital Investment in taxable real property and tangible property for every 50 new jobs created).

In no case will TJIF incentive disbursements exceed the amount of additional countywide ad valorem generated by the TJIF project. In the event that the actual capital investment is less than the amount of capital investment stated in the application, the TJIF project will only be eligible to receive an incentive based on the approved percentage of the actual capital investment.

Applications for a TJIF award within Miami-Dade County are evaluated on a case-by-case basis.

- 3.2 A TJIF award is usually provided to a Company for a period of up to ten (10) years when the minimum number of new jobs has been created and when new capital investment by and/or for the Company exceeds \$3 million in taxable property value. This award is not applicable to the ad valorem property taxes paid-in on the subject property’s land value nor to any improvements in place prior to the project.
- 3.3 A Company may not receive award payments of more than twenty five percent (25%) of the total awards specified in the approved application/agreement in any fiscal year even if all the New Jobs are created in one (1) year. Further, a Company may not receive more than \$1.5 million in awards in any single fiscal year, or more than \$2.5 million in any single fiscal year if the project is located in a Designated Priority Area. A Company may not receive more than \$5 million in award payments in all fiscal years, or more than \$7.5 million if the project is located in a Designated Priority Area. However, the Board of County Commissioners, at its discretion, may waive the applicable \$5 million or \$7.5 million total award cap at the request and recommendation of The Beacon Council and the County Mayor or the County Mayor’s designee. However, in no event shall the total award exceed the amount of countywide general fund ad valorem property taxes paid in as a result of the project. While a Company can receive both a tax refund under the State of Florida Qualified Target Industry Program and a TJIF award at the same time, it cannot receive more than an amount equal to what it has paid-in under the project at any time.

Section 4. Payment of Incentive

- 4.1 The TJIF program is a performance based incentive program; therefore, verification of the new jobs created, capital investment made by the Company, and the additional general fund tax revenue generated to Miami-Dade County must be verified by the County prior to any disbursement of funds to the Company. This procedure must be repeated each year that the Company submits a claim for the TJIF payment. The year that is applicable for consideration of taxes paid-in resulting in the additional general fund tax revenue is April 1 through March 31. Company award claims must be submitted each year during the period of April 1 through May 15. Any award appropriation, if made by the Miami-Dade County Board of County Commissioners will be paid in the County's fiscal year that begins on October 1 following the May 15 claims-submission deadline date.
- 4.2 The TJIF incentive award is paid beginning after the first year the new jobs are created. For example, if a Company committed to creating 100 new jobs by December 31, 2018, meets this benchmark (and all other conditions of the incentive award), and submits a claim for disbursement by May 15, 2020, then the first incentive payment will be disbursed in the County's fiscal year that begins on October 1, 2020. Disbursements shall occur according to the disbursement schedule set forth in the Board resolution granting the TJIF award even if all the new jobs are created prior to the end of the disbursement schedule. Payment to the Company will only be made after it has achieved all economic benchmarks. The Company's additional general fund tax revenue paid to Miami-Dade County must be equal to or greater than the Company's TJIF award less the County's portion of any Florida Qualified Target Industry incentive the Company may be receiving for the same project.
- 4.3 The Company must be current on its Miami-Dade County taxes in order to receive the disbursement of its approved TJIF incentive. Failure to meet this condition may cause that year's incentive to be forfeited.
- 4.4 No incentive amounts shall be disbursed after the last fiscal year set forth in the TJIF application agreement and the Board-approved TJIF Resolution. If a company fails to submit an application for reimbursement within three years of the first job creation benchmarks pursuant to Section 9.5 (c) in this application, the TJIF award will be cancelled without notice.
- 4.5 If in any year the applicant does not achieve the job creation schedule outlined in the applicant's approved resolution, but achieves at least 80% of the required net new jobs created, the company will receive a pro-rated incentive award less a 5% penalty of the scheduled award amount for that year. **If job creation falls below 80% of the required jobs, the company will not receive a refund and will be terminated from the program.**

Section 5. Application Process

- 5.1 Any Company that meets the criteria and objectives of the TJIF program must submit this Application and Agreement to the County through The Beacon Council for review. The Beacon Council will prepare an economic impact analysis for the project, based on the information provided by the Company and submit the application to the County Mayor or County Mayor's designee. An officer of the applying Company must sign the application.

Section 6. Review and Approval Process

- 6.1 Subsequent to an evaluation of the Application and Agreement by the County, staff will recommend its approval or denial to the County Mayor or the County Mayor's Designee and prepares an agenda item for the next available Board of County Commissioners meeting where the TJIF incentive is considered for approval. The County Mayor or the County Mayor's Designee will recommend Application and Agreement approval or denial to the Board of County Commissioners. Per Miami-Dade County Ordinance No. 00-98 creating this program as amended by Ordinance No. 18-36, the Board of County Commissioners shall have no obligation to approve any Application and Agreement that comes before it.
- 6.2 The Beacon Council staff and a Company representative (when requested) will attend the Board of County Commissioners meeting to be available to answer any questions related to the project and the TJIF Application.
- 6.3 If the Board of County Commissioners approves the Application and Agreement, the Company and the County Mayor or the County Mayor's Designee will execute said document(s). Upon request, a Company's confidentiality will be protected for any information regarding a project's location and/or expansion evaluation of any site in Florida in accordance with Sections 288.075 and 288.1066 of the Florida Statutes. If confidentiality is requested, then the Company name and identifying information shall be provided by the Company within 60 days of being approved by the County. Upon said approval, as the applying Company you will be sent a letter by The Beacon Council stipulating the conditions of the approval.
- 6.4 The Company, upon Board of County Commissioners approval, shall submit a current employee roster and tangible personal property and/or real property tax bill(s) for Miami-Dade County within 60 days after the Board's approval of the Application and Agreement.

Section 10. Project Impact Information

10.1 Miami-Dade County Ordinance 00-98 as amended by Ordinance 18-36 requires that Miami-Dade County review and evaluate the Application based on the following issues. Therefore, thorough and concise responses to the items below are very important.

10.2 **Incentive Rationale:**

Provide a statement, on a separate sheet, indicating why the incentive award is needed to further the project. What role will the incentive award play in the decision of the applicant to locate or expand in Miami-Dade County? Indicate whether there are other communities competing for this project, and if so, which communities, and what incentives are being offered by these communities. Also, specifically address the role the incentive will play in creating Miami-Dade County jobs. This statement should include an analysis of the impact of any incentive awards granted on the viability of the project and the probability that the project will occur in Miami-Dade County if such incentive awards are granted to the applicant, taking into account the expected long-term commitment of the applicant to economic growth and employment in Miami-Dade County.

Answer:

Confidential Project Hometown (PH) is a leading company in its industry and is evaluating Miami-Dade County as a potential site to consolidate its global headquarters. This project would combine an existing Miami-Dade office with other U.S.-based operations, resulting in the addition of 525 high-paying jobs averaging \$135,000 annually.

The development would require a capital investment exceeding \$450 million and entail substantial costs related to relocating staff, managing operational disruption, and addressing anticipated attrition from employees unable to relocate. These factors, combined with relocation and retention expenses, pose significant financial and logistical challenges.

The proposed incentive award will offset part of these relocation and operational costs, making Miami-Dade a viable choice for this headquarters. Selecting Miami-Dade will not only create 525 new jobs but also stimulate local economic growth through demand for services needed for the headquarters' construction, operations, and ongoing maintenance. Additionally, consolidating these units will drive organizational synergies, fostering sustained employment growth in the county well beyond the initial setup phase.

10.3 **Project Impact:**

Provide a brief synopsis, on a separate sheet, on the impacts the project is expected to stimulate in the community, the state or regional economy, focusing on economic conditions in the area, including the unemployment rate in the community where the project will be located.

Answer:

- *With the proposed TJIF award, PH's headquarters would not only strengthen the local job market and reduce unemployment but also drive \$418.7 million in related economic activity, generate an estimated 2,172 new jobs (direct and indirect), and yield a \$9.83 million net property tax benefit for Miami-Dade County.*
- **Job Creation:** *The addition of 525 high-paying jobs with an average salary of \$135,000 will inject approximately \$70.875 million in annual wages into the local economy. This substantial income increase will positively impact local businesses through increased consumer spending on housing, retail, dining, and services.*
- **Employment Multipliers:** *According to IMPLAN employment multipliers for headquarters jobs, each high-paying role can support up to 3.1 additional local jobs in indirect and induced employment (e.g., suppliers, service providers, retail). This implies an additional 1,647 jobs created indirectly, totaling around 2,172 jobs (direct + indirect) added to the local economy.*
- **Retention of 1,000 Existing Jobs:** *Retaining these jobs ensures continued economic stability and mitigates potential unemployment, particularly beneficial given the headquarters' impact on local suppliers and support roles.*
- **\$422.17 Million Personal Property Capital Investment:** *The construction phase alone, supported by this capital investment, will generate significant local economic activity. Using a standard construction multiplier of 1.5, this capital expenditure could result in up to \$418.7 million in overall economic activity, benefiting local contractors, subcontractors, and*

suppliers of building materials, equipment, and transportation. (The construction multiplier only applies to the hard costs and not the soft costs. We assumed 30% for soft costs at ~1.5 multiplier.

- **Ongoing Operational Investment:** The sustained operation of this headquarters will require continued spending on repairs, maintenance, and services, further contributing to local economic growth.
- **Incremental Property Tax Revenue:** The project's incremental property taxes are projected at \$17.33 million over the incentive period, significantly exceeding the \$7.5 million TJIF award. This net benefit of \$9.83 million provides Miami-Dade County with substantial new revenue that can fund public services and infrastructure improvements.
- **Talent Attraction in High-Growth Fields:** PH's Miami-Dade location will bring career opportunities in fields such as finance, engineering, technology, and clean energy. The presence of such roles will enhance the region's appeal to skilled professionals, supporting a more sustainable talent pipeline.

10.4 **Corporate Responsibility, Environmental and Growth Management:**

Submit a brief review, on a separate sheet, of the applicant's past activities in Miami-Dade County, Florida and in other states, particularly as they relate to environmental and growth management impacts and how these have been handled. Have any awards been recommended or received? (Basically, what kind of corporate citizen has the applicant been?)

Answer:

- *For decades, PH has invested in the communities it serves, advancing sustainability and building a culture of diversity.*
- **Diverse Workforce and Inclusion:** PH prioritizes diversity through engagement surveys, professional development, and volunteer opportunities, earning recognitions by reputable publications such as TIME, Forbes and others.
- **Sustainability Achievements:** PH has significantly reduced greenhouse gas emissions and leads in utilization of sustainable technologies both locally and nationally
- **Community Giving:** PH has contributed millions to Miami-Dade and other communities, supporting causes like youth empowerment, education, veterans, and environmental protection.
- **Recognitions:** PH's social impact has been recognized by reputable publications such as Corporate Responsibility Magazine, Forbes and others.

10.5 **Capital Investment:**

- a) Describe the capital investment in real and personal property (examples: construction of new facility; remodeling of facility; upgrading, replacing or buying new equipment):

Construction of new facilities

- b) List the amount and type (purchase of machinery/equipment, construction of buildings, etc.) of major capital investment to be made by the applicant in connection with this Miami-Dade County project:

The foregoing notwithstanding, in the event that Miami-Dade County fails to pay the Company a cash incentive award to which the Company is eligible under Agreement as a result of insufficient County funds or for any reason whatsoever, the Company shall have the right to terminate this Agreement and shall be entitled to retain any cash incentive award or credits previously paid or awarded to the Company by Miami-Dade County under this Agreement.
