Subject: Lease and Development Agreement with SG Holdings, LLC, Pursuant to Work Order Proposal Request (WOPR) No. 01295-06 (Group 2), Redevelopment of County Properties Under the Rental Assistance Demonstration (RAD) Program

Executive Summary

On August 22, 2023, the County advertised Work Order Proposal Request (WOPR) No. 01295-06 Redevelopment of County Properties Under the Rental Assistance Demonstration (RAD) Program for the Housing and Community Development Department (HCD) from the prequalified developer pool for the redevelopment of County properties: Emmer Turnkey, Gwen Cherry 20, Peter's Plaza (Group 1), Victory Homes, Newberg, Gwen Cherry 22, Gwen Cherry 06, New Haven Gardens (Group 2), Lemon City, Gwen Cherry 07 (Group 3).

On November 3, 2023, two proposers responded. SG Holdings LLC ("SG") provided the sole response for Group 2- Victory Homes, Newberg, Gwen Cherry 22, Gwen Cherry 06 and New Haven Gardens ("Group 2" or "project site"). This item only recommends the award of development rights of the project site to SG. A separate item will be submitted to the Miami-Dade County Board of County Commissioners ("Board") that recommends an award for the redevelopment of Group 3. Additionally, this item seeks authorization to allow the County Mayor or County Mayor's designee to execute the 99-year Lease and Development Agreement ("LDA") and other agreements with SG, subject to approval of the United States Department of Housing and Urban Development (HUD), and provide evidence of site control by executing an option to ground lease as may be required by the Florida Housing Finance Corporation.

The redevelopment of the project site is anticipated, over the course of the 99-years, to generate approximately \$9,560,341,194.00 in revenue for the County inclusive of capitalized ground lease payments, developer fees, annual rent payments, and percentage share of annual net cash flow, making it the largest public housing redevelopment project in Miami-Dade County history and one of the largest currently underway in the United States. The LDA also includes an option to renew for an additional 99 years subject to the approval of the Board. Should the additional 99-year renewal option be exercised the revenue generated for the County will be calculated at the time the option is submitted to the Board, as projections extending nearly 200 years into the future rely on highly hypothetical assumptions.

Recommendation

It is recommended that the Board:

1. In accordance with section 125.35, Florida Statutes, and subject to HUD's approval, approve and authorize the County Mayor or County Mayor's designee to: (1) execute the 99-year LDA with SG with one 99-year option to renew to include a lump sum capitalized ground lease payment of \$45,840,000.00; annual lease rent payments totaling \$5,250,000.00; developer fees estimated at \$37,584,852.00; an annual share of net distributable operating receipts characterized as net cash flow for the housing, commercial and other components, until the end of the lease term estimated at \$9,471,666,342.00 or more if the option to renew is

exercised; (2) an option to lease agreement as required by HUD; and (3) exercise all provisions contained therein, including, but not limited to, (a) termination and technical and non-substantive amendment provisions; (b) exercising right of first refusal and purchase options; (c) reviewing and approving documents, plans, any and all other requests required of, or allowed by, SG, its sublessees or assignees, to be submitted to County; (d) consenting to actions, events, and undertakings by SG or extensions of time periods for which consent is required by County, including, but not limited to, extensions of time for the performance of any obligation by County; (e) executing any and all documents on behalf of County necessary or convenient to the foregoing approvals, consents, and appointments; (f) assisting SG with and executing on behalf of the County any applications or other documents, needed to comply with applicable regulatory procedures and to secure financing, permits or other approvals to accomplish the construction of any and all improvements in and redevelopment of the project site; (g) executing joinders and consents to access agreements, for the purposes of granting any needed non-exclusive vehicular and/or pedestrian ingress and egress access routes and for any parking within and throughout the project; (h) amending the LDA to correct any typographical or non-material errors, to address revisions or supplements thereto of a non-material nature or to incorporate commercially reasonable protections requested by any leasehold mortgagee customarily contained in ground lease based on the type of development and financing required for the project, and generally to carry out the purposes of the LDA; (i) granting or joining in, as applicable, any plat or zoning applications, final plat(s), required dedications/designations, vacation of any roadway comprising a part of the demised premises covenants in lieu of unity of title, or modifications; (j) assisting SG, as needed, with the creation of a community development district; (j) reviewing and approving in writing, documents, plans and specifications, applications, subleases, requests, estoppels, non-disturbance agreements, and joinders and consents required or allowed by SG to be submitted to the County in accordance with the terms of the LDA; (k) subject to HUD's approval, granting the South Florida Regional Transportation Authority all easements reasonably required to develop the Tri-Rail Station as contemplated by the LDA; (l) negotiating and executing any rental regulatory agreements as required by the LDA; and (m) taking all other necessary actions contemplated by the LDA that are not reserved to the Board and that do not cause the County to incur costs or additional contractual or other obligations and/or liabilities, and are consistent with the material provisions of the LDA.;

2. Subject to HUD's approval, authorize the County Mayor or County Mayor's designee to execute any and all necessary Rental Assistance Demonstration program (RAD) and/or mixed-finance and related agreements and any and all other documents related to necessary for the development, management, and operation of the project sites;
3. Authorize the County Mayor or County Mayor's designee to submit a demolition and/or disposition application to HUD, if required, for the project for the purpose of demolishing and disposing of the existing building located on the project sites;
4. Authorize the County Mayor or County Mayor's designee to execute amendments to annual contributions contracts (ACC), if required; to execute an agreement, release from declarations of trust, and any other documents on behalf of the County, subject HUD's approval; and to exercise amendments, modification, cancellations, and termination clauses; and

5. Waive the provisions of section 2-10.4.2 of the Code of Miami-Dade County, Florida requiring two MAI appraisals for County property if its estimated fair market value is over \$5,000,000.00.

Scope

The scope of this item is countywide in nature; however, the project site is in District 3, which is represented by Commissioner Keon Hardemon. The project sites are located in the City of Miami.

Fiscal Impact/Funding Source

There will be a positive fiscal impact to the County for approving and executing the LDA for the project site which will result in revenue sharing and capital improvements to the project as further described below. For this project, it is estimated that through the leasing of the project site, the County will receive a total estimated amount of \$9,560,341,194.00, inclusive of a capitalized lease payment of approximately \$45,840,000.00; annual lease rent payments totaling \$5,250,000.00; developer fees estimated at \$37,584,852.00; and an annual share of net distributable operating receipts characterized as net cash flow for the housing, commercial and other components, until the end of the lease term estimated at \$9,471,666,342.00. Revenue generated for the County, should the additional 99-year renewal option be exercised, will be calculated at the time the option is submitted to the Board, as projections extending nearly 200 years into the future rely on highly hypothetical assumptions. The County will also receive a monthly Davis Bacon monitoring fee in the amount of \$3,000.00 monthly during the construction period, estimated at \$144,000.00, and distribution of the net proceeds of the sale or refinance of the subject property.

Track Record/Monitor

Alex R. Ballina, Director of Housing and Community Development (“Department”) is the project manager and Indira Rajkumar-Futch is the Procurement Contracting Manager.

Delegated Authority

Upon the approval of this item, the County Mayor or County Mayor’s designee will be authorized to: (1) execute the LDA with SG; (2) a option to lease agreement as required by HUD; and (3) exercise all provisions contained therein, including, but not limited to, (a) termination and technical and non-substantive amendment provisions; (b) exercising right of first refusal and purchase options; (c) reviewing and approving documents, plans, any and all other requests required of, or allowed by, SG, its sublessees or assignees, to be submitted to County; (d) consenting to actions, events, and undertakings by SG or extensions of time periods for which consent is required by County, including, but not limited to, extensions of time for the performance of any obligation by County; (e) executing any and all documents on behalf of County necessary or convenient to the foregoing approvals, consents, and appointments; (f) assisting SG with and executing on behalf of the County any applications or other documents, needed to comply with applicable regulatory procedures and to secure financing, permits or other approvals to accomplish the construction of any and all improvements in and redevelopment of the project site; (g) executing joinders and consents to access agreements, for the purposes of granting any needed non-exclusive vehicular and/or pedestrian ingress and egress access routes and for any parking within and throughout the project; (h) amending the LDA to correct any typographical or non-material errors, to address revisions or supplements thereto of a non-material nature or to incorporate commercially reasonable protections requested by any leasehold mortgagee customarily contained in ground lease based on the type of development and financing required for the project, and generally to carry out the purposes of the LDA; (i) granting or joining in, as applicable, any plat or zoning applications, final plat(s), required

dedications/designations, vacation of any roadway comprising a part of the demised premises covenants in lieu of unity of title, or modifications; (j) assisting SG, as needed, with the creation of a community development district; (j) reviewing and approving in writing, documents, plans and specifications, applications, subleases, requests, estoppels, non-disturbance agreements, and joinders and consents required or allowed by SG to be submitted to the County in accordance with the terms of the LDA; (k) subject to HUD's approval, granting the South Florida Regional Transportation Authority all easements reasonably required to develop the Tri-Rail Station as contemplated by the LDA; (l) negotiating and executing any rental regulatory agreements as required by the LDA; and (m) taking all other necessary actions contemplated by the LDA that are not reserved to the Board and that do not cause the County to incur costs or additional contractual or other obligations and/or liabilities, and are consistent with the material provisions of the LDA. The County Mayor or County Mayor's designee will be authorized to: (1) subject to HUD's approval, execute any and all necessary RAD and/or mixed-finance and related agreements and any and all other documents related to necessary for the development, management, and operation of the project sites; (2) submit a demolition and/or disposition application to HUD, if required, for the project sites for the purpose of demolishing and disposing of the existing buildings located on the project sites; (3) subject to HUD's approval, grant the South Florida Regional Transportation Authority all easements reasonably required to develop the Tri-Rail Station as contemplated by the Development Program and (3) execute amendments to annual contributions contracts, if required; to execute any agreement, release from declarations of trust, and any other documents on behalf of the County, subject HUD's approval, and to exercise amendments, modification, cancellations and termination clauses.

Background

On August 22, 2023, the County advertised the WOPR. The WOPR was advertised through the Department's website. One proposal was received for Group 2 from SG, which is a member of the prequalification pool established under RFQ-01295. The selection committee reviewed SG's proposal and determined that SG: (i) demonstrated the necessary qualifications, financial strength, and relevant experience for the redevelopment of the project site under the RAD program; (ii) provided a proposal that meets the balanced need of the County, which will be for the development of new units and preservation of existing new units, expediency in the development and executing their development plan; (iii) demonstrated access to readily available financing, important to completing the redevelopment of the project site, and (iv) proposed a reasonable approach of providing to the County a share of the revenues. Negotiations with SG were held, terms and conditions of the LDA were agreed to as further described below. As permitted, the County Mayor or County Mayor's designee has executed on behalf of the County a License for Site Access Agreement with SG to allow SG, at their sole cost, to perform certain due diligence activities.

Pursuant to the LDA, SG has agreed to construct a development consisting of up to 5,730 housing units, including 314 new RAD Units replacing the existing 314 public housing units, other affordable units, workforce housing units, 370,000 square feet of commercial space, office space, schools, a Tri-Rail Station, homeownership units, approximately 250,000 square feet of green space and functional amenities and parking. In the event the workforce homeownership units are to be built, a separate item will be submitted to the Board to authorize the Chairperson or Vice Chairperson of the Board to execute a County Deed that conveys an interest in the property to SG or its affiliate. SG intends to construct all replacement RAD units in the first phase of development on two parcels: one off-site parcel and a portion of the County-owned Newberg public housing site which currently contains HCD's central maintenance warehouse facility. This "build-first" approach will allow most residents to move from their current unit into their new replacement unit without requiring off-site relocation. All tenants will be provided with tenant

relocation agreements pursuant to Resolution No. R-1181-19. Construction of phase one is expected to commence within 36 months of the execution of the LDA.

The LDA further contemplates the relocation of the existing 20,000 square foot central maintenance warehouse facility on a portion of the Newberg public housing site to facilitate the redevelopment. SG has agreed to fund the construction a comparably sized replacement warehouse with supportive offices on other to-be-determined county-owned property. Verified costs and expenses borne by SG in connection with the construction of the replacement warehouse will be credited against capitalized ground lease payments due to the County.

SG has further agreed to provide certain community benefits which include a commitment by SG to: provide a minimum of 25 percent of new hires from Section 3 eligible residents as local construction and permanent hiring; to award a minimum of 30 percent of the construction subcontracts to certified Section 3, CBE, DBE, S/M/WBE, and Labor Surplus Area firms; provide for preference of 30 percent of all permanent post-construction jobs to Section 3 residents; provide \$450,000.00 for educational and job training programs; and other benefits as further described in the LDA. In the event SG fails to comply with the community benefits requirements, then SG will be required to pay liquidated damages to the County.

SG has secured additional off-site parcels located between the project sites which will be redeveloped in multiple phases and will consist of approximately 2,100 market rate units, 293,000 square feet of retail space and open green space, creating a revitalized corridor of housing, commercial and open space. These additional parcels are not included in the LDA other than one parcel adjacent to the existing Victory Homes public housing site upon which replacement housing units will be constructed.

Notwithstanding the approval of this item, the County Mayor or County Mayor's designee will not be able to execute the LDA until the County receives HUD's approval. In September 2022, HUD issued a notice to all public housing agencies, including the County, and housing finance authorities, instructing them to avoid executing ground leases when a developer is seeking low-income tax credits or other funding because the execution of such leases would trigger a violation of the ACC with HUD and raise environmental concerns. Notwithstanding this directive, the notice authorizes public housing agencies to execute options to enter into ground leases. Therefore, this item seeks the Board's approval to authorize the County Mayor or County Mayor's designee to execute a lease option agreement included in Attachment "B" to the resolution. The lease option agreement has a term of one year, with an additional 365-day extension period for SG to exercise their option, which is consistent with the terms of the LDA.

In accordance with the Board's Rules of Procedure, resident meetings will be conducted at the project sites. The RAD program requires a minimum of five resident meetings be held at various milestones throughout the development process.

Finally, it is recommended that the Board waive the provisions of section 2-10.4.2 of the Code of Miami-Dade County, Florida requiring two MAI appraisals for County property if its estimated fair market value is over \$5,000,000.00. As negotiated, the County will be receiving the financial benefits described above and commensurate public benefits, including a new Tri-Rail Station, major employment and economic development opportunities, schools, open space, affordable housing, and the benefits listed on the Community Benefits Statement, below. None of these financial and commensurate public benefits would be considered by an appraiser or included in an appraisal. Pursuant to Resolution No. R-333-15, the Property Appraiser's 2024 market value for the entire folio, comprised of approximately 35.32 acres is

\$52,486,158.00. Details related to the property are more fully described in the Property Appraiser's website which is attached hereto.

Community Benefits Statement

The following are the benefits being provided by this project. In accordance with Ordinance No. 24-30, the following are the community benefits related to the development of the property:

- (1) Binding obligations and non-binding commitments to provide amenities, benefits, urban revitalization, cash incentives, or improvements to the community where the development is located, and benefits to adjacent or other communities affected by the development.**

The development programs as describe in the LDA consist of up to 5,730 housing units including 314 new RAD Units replacing the existing 314 public housing units, other affordable housing units, workforce housing units, 370,000 square feet of commercial space, office space, schools, a Tri-Rail Station, workforce homeownership units, approximately 250,000 square feet of green space and functional amenities and parking. SG intends to construct all replacement RAD units in the first phase of development on two parcels: one off-site parcel and a portion of the County-owned Newberg public housing site which currently contains the Department's central maintenance warehouse facility. This "build-first" approach will allow most residents to move from their current unit into their new replacement unit without requiring off-site relocation.

- (2) Funds that are contractually required to be invested into the Development and the community.**

SG is required to obtain the funding to finance the project development and construction, which is expected to cost approximately \$2,640,877,912.00 (which is calculating an approximate total development cost of \$460,886.00 per the total 5,730 units). In addition, SG will provide \$450,000 for educational and job training programs; and other benefits as further described in the LDA.

- (3) Number and type of direct and indirect jobs, both temporary and permanent, anticipated to be created by the development, the wage benefit levels of each, and any apprentice or job training programs.**

The number and type of direct and indirect jobs is estimated to be 3,840 new construction and 518 new permanent jobs. SG is also required to comply with the federal Section 3 program, which requires that recipients of certain HUD financial assistance, to the greatest extent possible, provide training, employment, contracting and other economic opportunities to low- and very low-income persons, especially recipients of government assistance for housing, and to businesses that provide economic opportunities to low- and very low-income persons. Additionally, the Davis-Bacon wage schedule in effect for Miami-Dade County. The project is expected to provide temporary constructions jobs, including electricians, plumbers, general contractors, and permanent positions including property managers, security jobs, janitorial services, landscaping, and other maintenance personnel. The commercial development is expected to provide 518 permanent jobs, for which there will be a preference for 30 percent to be filled by Section 3 residents.

(4) Neighborhood amenities and infrastructure that will be created by the development, including streetscape improvements, green space, and park.

In addition to the replacement RAD, affordable and workforce units, the project will provide the following neighborhood amenities and infrastructure: New Tri-Rail Station, community art programs, and a health and wellness program. (5) Compliance, reporting, and monitoring of contractual requirements.

SG will provide all the reports necessary to monitor the development progress, construction, operations, and all proof of revenue generated by the project that supports the revenues belonging to the County.

(6) Consequences for failure to meet any contractual requirements and the County's remedies.

Failure of SG to develop the project as required by the LDA and/or any default activity, the County will have the right to terminate the lease and the LDA for default or request liquidated damages to the County.

24.4 **Abatement of Rent.** Except as otherwise set forth in this Lease, Tenant may not be entitled to abatement, allowance, reduction, diminution, or suspension of any Rent or other payments due to Landlord under this Lease.

Except as otherwise provided in the Lease, such damage or destruction shall not release Tenant of or from any other obligation imposed upon Tenant under this Lease.

24.5 **Termination of Lease for Certain Destruction Occurring During Last Five Years of Lease Term.** Notwithstanding anything to the contrary contained herein, in the event that the Improvements on the Demised Property or any part thereof shall be damaged or destroyed by fire or other casualty during the last five (5) years of the Initial Term or the Extended Term of this Lease and the estimated cost for repair and restoration exceeds an amount equal to twenty-five percent (25%) of the then-current fair market value of the damaged Improvements, then Tenant shall have the right to terminate this Lease and its obligations with respect to the Lease or Phase where the damaged Improvements are located, except those obligations occurring or accruing prior to the date of such termination, hereunder provided that: (a) written notice is given to Landlord within sixty (60) days after such damage or destruction; (b) Tenant has insurance coverage which fully covers such damage; (c) all rights to such insurance proceeds are expressly assigned to Landlord along with payment by Tenant of any applicable deductible; (d) no Leasehold Mortgagee or person claiming through Tenant has a claim upon any insurance proceeds covering the loss; and (e) there are no Sublessees whose leases or agreements have not been validly terminated by reason of such damage or destruction.

Alternatively, Tenant and Landlord may mutually agree to demolish the damaged Improvements on the Demised Property or applicable Phase. In such event the Tenant shall be obligated to complete the demolition at its sole cost and expense and in accordance with the following provisions:

(A) Tenant shall by written notice to Landlord advise Landlord of the extent of the damage to the Improvements on the Demised Property within sixty (60) days of the occurrence of the damage and request Landlord's concurrence to demolish the damaged Improvements on the Demised Property;

(B) If Landlord is in concurrence, Landlord shall advise Tenant of such concurrence in writing within thirty (30) days of receipt of such request from Tenant; and

(C) Promptly following receiving written concurrence from Landlord, Tenant shall diligently pursue the completion of the demolition of the damaged Improvements on the Demised Property.

In such event, the demolition of any damaged Improvements on the Demised Property shall be performed in a good and workmanlike manner and in compliance with all Applicable Laws and the damaged portion of the Demised Property shall be restored to a level, unimproved, vacant state with all debris removed, all excavations filled in.

After demolition is complete and the applicable portion of the Demised Property or Phase is returned to a state acceptable to Landlord as described above, Tenant shall surrender the applicable portion of the Demised Property or Phase to Landlord free of all liens, claims, encumbrances (other than those caused by Landlord or to which Landlord consents) and this Lease shall terminate as to such portion of the Demised Property or Phase, as applicable.

The obligations of Tenant to pay Rent under this Lease shall be prorated to the date of termination. All property insurance proceeds which exceed the cost of demolition for the damaged Improvements on the Demised Property, restoration of the Demised Property and pay of any applicable Leasehold Mortgage shall be paid to Landlord.

This Lease shall terminate on the date that all of the foregoing conditions are met.

If demolition will extend beyond the termination or Expiration Date of this Lease as provided above, then this Lease shall be construed to be in the nature of a right of entry upon the Demised Property for the purpose of demolition of the Improvements thereon and not a lease; however, all terms and conditions of the Lease shall be applicable except Rent shall be abated.

Notwithstanding anything contained in this Article 24, or otherwise in this Lease to the contrary, as long as the Tenant's leasehold interest is encumbered by any Leasehold Mortgage, this Lease shall not be terminated by Landlord or Tenant without the prior written consent of the Leasehold Mortgagee in the event that any Building(s) or Improvements on the Demised Property or Phase is partially or totally destroyed, and, in the event of such partial or total destruction, all insurance proceeds from casualty insurance as provided herein shall be paid to and held by the Leasehold Mortgagee, or an insurance trustee selected by the Leasehold Mortgagee, to be used for the purpose of restoration or repair of the damaged Building(s) or Improvements on Demised Property or any Phase, subject to the terms of the Leasehold Mortgage or other loan documents between Tenant and the Leasehold Mortgagee. Leasehold Mortgagee shall have a first priority lien on all insurance proceeds and condemnation proceeds and have the right to participate in and control the adjustment of losses as to casualty insurance proceeds and any settlement discussion relating to casualty or condemnation.

ARTICLE 25
MORTGAGES, TRANSFERS, SUBLEASES, TRANSFER OF TENANT'S INTEREST

25.1 **Right to Transfer Leasehold.** This Lease is granted to Tenant solely to develop Demised Property and to operate the Improvements located on the Demised Property, in accordance with the terms hereof and not for speculation in landholding. Tenant recognizes and acknowledges that in view of the importance of developing the Project to promote the general welfare of the community, the Tenant's qualifications and reputation are of particular concern to the community and the Landlord. Accordingly, Tenant acknowledges that it is because of Tenant's qualifications and reputation that the Landlord is entering into this Lease with Tenant and in doing so, the Landlord is relying on Tenant to faithfully perform all its obligations, undertakings, and covenants under this Lease. Notwithstanding the foregoing, during the Term of this Lease, Tenant, subject to the terms of this Lease, and in particular subject to the provisions of **Section 25.7** shall have the right and privilege from time to time to sell, assign or otherwise transfer all or any portion of its rights under this Lease or interest in Tenant (including stock, partnership interest, or any other equity) to such other persons, firms, corporations, general or limited partnerships, unincorporated associations, joint ventures, estates, trusts, any Federal, State, County or Municipal government bureau, department or agency thereof, or any other entities as Tenant shall select; however:

(A) No uncured event of default by Tenant exists under **Article 27**, at the time of such sale, assignment, or transfer; and

(B) Tenant shall obtain the written consent of the Landlord, which shall not be unreasonably withheld, conditioned, or delayed, both as to the proposed transfer and the proposed transferee, which consent shall be deemed given if Landlord fails to respond within ten (10) Business Days, provided, however, Landlord's consent shall not be required in connection with a (i) foreclosure sale; (ii) the transfer by deed/assignment-in-lieu of foreclosure or otherwise to a Leasehold Mortgagee or its Affiliate; (iii) the first transfer by a Leasehold Mortgagee or its Affiliate after foreclosure or deed/assignment-in-lieu of foreclosure so long as the proposed transferee is not a Prohibited Person or a Restricted Entity; (iv) the transfer of all or a portion of the Commercial Space so long as the proposed transferee is not a Prohibited Person or Restricted Entity; and (v) the transfer by Sublease, provided the Sublessee is not a Prohibited Person or Restricted Entity.

Any request to Landlord for such transfer shall be in writing and shall be accompanied by the following:

- (i) Copies of the proposed assignment or transfer documents;
- (ii) The latest financial statement (audited, if available) of the proposed transferee;
- (iii) A detailed summary of the proposed transferee's prior experience in managing and operating real estate developments and all current real estate holding(s);

(iv) A description of all proposed transferee's past or pending bankruptcies, reorganizations, or insolvency proceedings;

(v) Records of any convictions, indictments, allegations, investigations or any other proceedings for felonies, fraud, or misrepresentation of any principal or officer of the proposed assignee under the law of any foreign or United States jurisdiction; and

(vi) In the case of a Transfer to an Affiliate, Tenant shall deliver to the Landlord an affidavit duly executed by Tenant that attests to the Affiliate's compliance with each of the provisions that defines an Affiliate as set forth in **Section 2.4**. For the avoidance of doubt, the transfer of ownership from Tenant to an Affiliate shall not be used as a mechanism to avoid the payment of a Transfer Fee to the Landlord under **Section 5.7**.

If applicable, the transfer documents shall specify the allocation, as applicable, of the Rent and any other payments under this Lease and the portion of the Demised Property subject to such transfer to be paid to Landlord by the transferee.

Any sale, assignment or transfer of all or any part of Tenant's interest in the Lease and the Demised Property shall be made expressly subject to the terms, covenants and conditions of this Lease, and such assignee or transferee shall expressly assume all of the obligations of Tenant under this Lease applicable to that portion of the Demised Property or the Project being sold, assigned or transferred, and agree to be subject to all conditions and restrictions to which Tenant is subject to as to the applicable portion of the Demised Property. However, nothing in this subsection or elsewhere in this Lease shall abrogate (a) Landlord's right to payment of all Rent and other amounts due Landlord which accrued prior to the effective date of such transfer, and (b) the obligation for the development, use and operation of every part of the Demised Property to comply with the requirements of this Lease. There shall also be delivered to Landlord a notice which shall designate the name and address of the transferee and the post office address of the place to which all notices required by this Lease shall be sent. Such transferee of Tenant (and all succeeding and successor transferees) shall succeed to all rights and obligations of Tenant under this Lease with respect to the portion of the Demised Property or Project so transferred, and subject to the terms of the document of assignment or transfer, including the right to mortgage, and otherwise assign or transfer, subject, however, to all duties and obligations of Tenant, and subject to the terms of the document of assignment or transfer, in and pertaining to the then term of this Lease.

Any subsequent assignments shall also be subject to the consent of the Landlord to the extent set forth above and all provisions of this Lease.

Once a sale, assignment or transfer has been made with respect to any portion of the Demised Property or Project, the transferee and Landlord may thereafter modify, amend or change the Lease with respect to such portion of the Demised Property or Project, so long as Tenant has been released from all rights and obligations under the Lease pertaining to the assigned portion of the Demised Property or Project, all subject to the provisions of the assignment so long as they do not diminish or abrogate the rights of Landlord or Tenant (or anyone claiming through Tenant) as to any other part of the Demised Property or Project, and no such modification, amendment or change shall affect any other part of the Demised Property or Project or the Lease thereof.

Except as may otherwise be specifically provided in **Section 25.1**, only upon Landlord's express written consent to a transfer by any assignor, such transferor shall be released and discharged from any or all of its duties and obligations hereunder which pertain to the portion of the Demised Property or Project transferred for the then unexpired term of Lease.

For purposes of this Article, the words "sale," "assignment," or "transfer" shall be deemed to have similar meanings unless the context indicates otherwise. If Tenant is a corporation, limited liability company, unincorporated association, general or limited partnership, or joint venture, the transfer, assignment, or hypothecation of (a) any stock of Tenant in the case Tenant is a corporation, (b) partnership interest in Tenant, in the case Tenant is a general or limited partnership, (c) members interest in Tenant, in the case Tenant is a limited liability company, or (d) interest in Tenant, in the case the Tenant is another type of entity, in each case which the aggregate is in excess of fifty percent (50%) of the ownership of such corporation, limited or general partnership, limited liability company or another type of entity, shall be deemed an assignment within the meaning and provisions of this Section unless the Managing Member owns not less than twenty-five percent (25%) of the equity interest in the entity and Controls such entity in which event a transfer shall not be deemed to have occurred.

No transfer may or shall be made, suffered, or created by Tenant, its successors, assigns, or transferees without complying with the terms of Lease and without Landlord's prior approval to the extent required under this Lease. Any transfer that violates this Lease shall be null and void and of no force and effect. For the avoidance of doubt, no consent of Landlord shall be required, only written notice of any transfer or assignment, where Managing Member owns not less than twenty-five percent (25%) of the equity interest in such entity and Controls such entity, where the constitute member of such entity comply with the terms of this Lease.

Upon demand, Tenant shall reimburse Landlord for staff time and expenses actually incurred with respect to Landlord's review and approval, if applicable, in accordance with the rate(s) established by Landlord for similar services; provided, however, no such fee shall be charged by Landlord in connection with a transfer to or from a Leasehold Mortgagee (or any of their respective designees).

Notwithstanding anything to the contrary contained in this Lease, Landlord's prior approval shall not be required for any sale, assignment, or transfer (a) to an Affiliate, or of a transfer of non-controlling interest in Tenant such that Tenant remains an Affiliate, or (b) by operation of law as a result of death, (c) that results from a foreclosure, a deed or assignment in lieu of foreclosure, or the exercise of any other remedies by any Lender under any Leasehold Mortgage, all of which shall be governed by **Sections 25.2 to 25.10** hereof, (d) the first transfer by a Leasehold Mortgagee (or any of their respective designees) after foreclosure or deed/assignment-in-lieu of foreclosure so long as the proposed transferee is not a Prohibited Person or a Restricted Entity (provided, however, that any subsequent assignment, sale, or transfer by such transferee shall require Landlord's prior consent pursuant to this Section, which shall not be unreasonably withheld, conditioned, or delayed), or (e) the transfer of all or any portion of the Commercial Space so long as the proposed transferee is not a Prohibited Person or a Restricted Entity. For the avoidance of doubt not approval shall be required from Landlord with respect to a Sublease.

Upon a transfer authorized by Landlord, if Tenant, or any successor to its interest hereunder ceases to have any interest in the leasehold estate hereby created, whether by reason of assignment, transfer or sale of Tenant's interest hereunder, the assignor, transferor or seller shall, subject to the provisions of this **Section 25.1**, be released from and relieved of all agreements, covenants and obligations of Tenant hereunder to be performed after the date of such assignment, transfer or sale, provided such successor in interest shall have assumed in writing all agreements, covenants and obligations of Tenant hereunder to be performed after the date of such assignment, transfer or sale. Nothing herein shall be construed to relieve Tenant from any liability or damages arising from actions or omissions occurring or agreements, covenants and obligations required to be performed prior to the date of any such assignment, transfer, or sale of Tenant's interest hereunder. Notwithstanding the foregoing, the Tenant on the Effective Date shall remain liable for the representations and warranties of **Section 33.2** below.

With respect to any approval right of Landlord under this **Section 25.1** Landlord shall not unreasonably withhold its consent and Landlord shall grant its consent provided the transferee is not a Prohibited Person or Restricted Entity and has experience in managing and operating real estate developments similar to the interest being assigned.

25.2 Right to Mortgage Leasehold. Notwithstanding anything contained in **Section 25.1** to the contrary, Tenant shall have the right from time to time, and without prior consent of Landlord, to mortgage or encumber their rights under this Lease, and the leasehold estate, in whole or in part, by Leasehold Mortgage(s). Such Leasehold Mortgages shall be expressly subject to the terms, covenants, and conditions of this Lease, and at all times shall be inferior and subject to the prior right, title, and interest of Landlord's security for the performance of the terms and conditions of this Lease and to Landlord's fee simple ownership of the Demised Property. Such secured financing of the Project or applicable portion thereof shall solely secure debt of Tenant which is directly related to the Project or applicable portion thereof. The Project or applicable portion thereof may not be cross-collateralized or cross-defaulted with any other property, project, Project component or other assets. The Landlord's fee simple title to the Demised Property, shall not be encumbered by any Leasehold Mortgage and no Leasehold Mortgage or encumbrance shall extend to or be a lien or encumbrance upon Landlord's fee simple interest in the Demised Property. Tenant shall provide Landlord with a copy of all such Leasehold Mortgages. The granting of any Leasehold Mortgage(s) against all or part of the leasehold estate in the Demised Property shall not operate to make the Leasehold Mortgagee thereunder liable for performance of any of the covenants or obligations of Tenant under this Lease, except in the case of a Leasehold Mortgagee which acquires ownership of all or a portion of the leasehold estate and then only for its period of ownership of the leasehold estate or portion thereof, and including such outstanding non-monetary obligations that are susceptible to cure and monetary obligations accruing prior to the acquisition of such ownership of the leasehold estate. The amount of any such Leasehold Mortgage may be increased whether by an additional mortgage or consolidating the liens of such Leasehold Mortgages or by amendment of the existing Leasehold Mortgage, and may be permanent or temporary, replaced, extended, increased, refinanced, consolidated, or renewed on the Project or applicable portion thereof without the consent of Landlord. Such Leasehold Mortgage(s) may contain a provision for an assignment of any rents, revenues, monies, or other payments due to Tenant as a landlord (but not from Tenant) and a provision therein that the Leasehold Mortgagee(s) in any action to foreclose the same shall be entitled to the appointment of a receiver. In the event of such foreclosure, Leasehold Mortgagee shall pay Rent to Landlord with respect to the applicable

portion of the Demised Property and satisfy all other past and present obligations to pay Rent as provided in this Lease.

25.3 **Notice to Landlord of Leasehold Mortgage.** Written notice of each Leasehold Mortgage shall be delivered to Landlord specifying the name and address of such Leasehold Mortgagee to which notices shall be sent and Landlord shall be furnished a copy of each such recorded Leasehold Mortgage. In the event that Tenant or the applicable Lender fails to provide written notice of such Leasehold Mortgage, or Lender to Landlord pursuant the notice requirements set forth in this Lease, then Landlord shall have no obligations under this Lease with respect to such Leasehold Mortgage until written notice is given. For the benefit of any such Leasehold Mortgagee who shall have become entitled to notice as hereinafter provided in this Lease, Landlord agrees, subject to all the terms of this Lease, not to accept a voluntary surrender or termination of this Lease, or the applicable portion thereof, at any time while such Leasehold Mortgage(s) shall remain a lien on Tenant's leasehold estate, or the applicable portion thereof, subject to the provisions of **Articles 25, 27, and 28** herein governing default and termination and the rights of applicable Leasehold Mortgagees with respect to same. Tenant and Landlord shall advise and obtain the written consent of any such Leasehold Mortgagee(s), prior to any modification of this Lease with respect to the Project or applicable portion thereof subject to such Leasehold Mortgage(s) (which consent shall be in Leasehold Mortgagee's sole discretion, but if granted, shall not be unreasonably delayed and shall be obtained by Tenant prior to Landlord seeking approval by the Board of any such modifications, to the extent Board approval of the modifications is required, provided however that Landlord may obtain approval by the Board subject to such consent), and no sale or transfer of Landlord's fee simple interest in the Demised Property or any portion thereof to Tenant shall terminate this Lease by merger or otherwise so long as the lien of the Leasehold Mortgage remains undischarged. The foregoing is not meant to prohibit a sale of the fee to Tenant.

25.4 **Notice to Leasehold Mortgagee.** No notice of default under **Section 27.1**, and no notice of failure to cure a default under **Section 28.1** shall be deemed to have been given by Landlord to Tenant unless and until a copy of such notice has been given to each applicable Leasehold Mortgagee who shall have notified Landlord pursuant to **Sections 25.2** or **25.3** of its name, address, and its interest in the Demised Property prior to Landlord's issuance of such notice. Landlord agrees to accept performance and compliance by any such Leasehold Mortgagee of and with any of the terms of this Lease or portion thereof with the same force and effect as though kept, observed, or performed by Tenant, provided such act or performance is timely under **Sections 27.1** or **27.2** or as otherwise provided by **26.2**. Nothing contained herein shall be construed as imposing any obligation upon any such Leasehold Mortgagee to so perform or comply on behalf of Tenant unless such Leasehold Mortgagee becomes the Tenant in accordance with **Section 25.5** below.

25.5 **Leasehold in Reversion and Assignment in Lieu of Foreclosure.** Tenant's right to mortgage this Lease and the leasehold estate in whole or in part shall include the right to require a lease in reversion or assignment in lieu of foreclosure under such Leasehold Mortgage, with any lease in reversion to become effective immediately upon the termination of this Lease with respect to the Demised Property or any portion thereof for Tenant default not cured within the applicable grace period or otherwise (including, without limitation, as a result of the rejection or disaffirmation of the Lease with respect to the Demised Property or any portion thereof in a

bankruptcy or insolvency proceeding or similar pursuant to Applicable Laws or any other event that renders this lease unenforceable) and shall have the same terms and provisions, including Expiration Date, as this Lease with respect to the Demised Property or any portion thereof, as the same may be amended from time to time with the consent of Leasehold Mortgagee(s) (which consent shall be in Leasehold Mortgagee's sole discretion, but if granted, shall not be unreasonably delayed and shall be obtained by Tenant prior to Landlord seeking approval by the Board of any such modifications to the extent Board approval of the modifications is required provided however that Landlord may obtain approval by the Board subject to such consent). The Leasehold Mortgagee, in such event, shall have the right to take this Lease with respect to the Demised Property or any portion thereof by lease in reversion or by assignment in lieu of foreclosure and to sell it either after foreclosure or after taking the assignment or becoming Tenant under the lease in reversion without the approval of Landlord. For the avoidance of doubt, such lease in reversion or assignment in lieu of foreclosure and the subsequent transfer by Lender or its Affiliate shall not be subject to **Section 25.1** of this Lease. The Leasehold Mortgagee shall not be liable for Tenant's obligations hereunder until such a time as it becomes the new Tenant, either by lease in reversion, foreclosure or assignment and then shall assume liability and obligations of the Tenant under this Lease with respect to the Demised Property or applicable portion thereof but only during the period it remains the new Tenant. Landlord's obligation to enter into such new Lease of the Demised Property or applicable portion thereof with the Leasehold Mortgagee shall be subject to the following conditions which must be met prior to the execution of the new lease:

(A) Payment of Rent to Landlord and fulfillment of any other monetary obligation due herein through the term of such new Lease with respect to the Demised Property or applicable portion thereof provided, however, no Leasehold Mortgagee shall have an obligation to pay any accelerated rent; and/or

(B) All monetary defaults or obligations hereunder must have been cured with respect to the Demised Property or applicable portion thereof other than any defaults which are personal to Tenant; and/or

(C) All non-monetary defaults or obligations susceptible to cure must be remedied and cured with respect to the Demised Property or applicable portion thereof; and/or

(D) The new Tenant must have promptly commenced with due diligence and good faith to pursue curing said default which cannot be immediately cured accordance with this Lease with respect to the Demised Property or applicable portion thereof after the execution of the New Lease; and/or

(E) The Landlord must have received payment for all costs and expenses, including reasonable attorney's fees, disbursements and court costs, incurred by the Landlord in connection with such Events of Default, the termination of this Lease with respect to the Demised Property or applicable portion thereof, and the preparation of the new Lease, together with interest thereon at ten percent (10%) per annum, from the due date from Leasehold Mortgagee, to the date of actual payment from the Leasehold Mortgagee if not paid by Leasehold Mortgagee within ten (10) days of written demand.

The Landlord's delivery of the Demised Property or applicable portion thereof to the Leasehold Mortgagee pursuant to **Section 25.5** shall (a) be made without representation or warranty of any kind or nature whatsoever either express or implied; (b) be taken by the Leasehold Mortgagee as Tenant on an "as is" condition and in its then current condition; and (c) the Leasehold Mortgagee, as new Tenant, at its sole cost and expense, shall be responsible for taking such action as shall be necessary to cancel and discharge the original Lease and to remove the prior Tenant herein.

Notwithstanding the foregoing, under no event shall the Demised Property or any portion thereof be transferred to a Restricted Entity or to a Prohibited Person, and any such person or entity who becomes a Tenant under this Lease or any lease in reversion shall be required to disclose all ownership interests of twenty-five percent (25%) or greater to Landlord in the form of an affidavit, except to the extent such disclosure is exempt pursuant to Section 286.23(3)(a), Florida Statutes. All terms, rights, obligations, and provisions of this Lease with respect to the Demised Property or any portion thereof shall remain in full force and effect in the event of any foreclosure, lease in reversion, or assignment, except as otherwise provided in this Lease.

25.6 **Waiver of Landlord Lien.** Landlord does hereby waive its "landlord's" or other statutory, common law or contractual liens rights securing payment of rent or performance of Tenant's other covenants under this Lease.

25.7 **Rights to Sublease and Recognition and Non-Disturbance to Subtenants.** Tenant shall have the right to enter into Sublease(s) without any approval or consent of Landlord; however, notwithstanding any other provisions of this Lease, no Sublease shall relieve Tenant of any obligations under the terms of this Lease. Additionally, each Sublease must be for a use compatible with the standards and requirements set forth in **Section 7.3** herein and which shall not extend beyond the expiration of the Term of this Lease or early termination of this Lease with respect to the applicable portion of the Demised Property. Landlord agrees to grant Non-Disturbance Agreements for Sublessees which provide that, in the event of a termination of this Lease which applies to the portion of the Demised Property covered by such Sublease, such Sublessee will not be disturbed and will be allowed to continue peacefully in possession under its Sublease with the Sublease becoming a direct lease between Landlord and the Sublessee, provided that the following conditions are met:

- (A) The Sublease is an arms' length transaction on market terms;
- (B) The Sublessee is not a "related party" to or Affiliate of the Tenant;
- (C) The Sublessee shall comply with the terms and conditions of its Sublease within any applicable grace period provided therein;
- (D) The rent payable by such Sublessee shall be at least equal to the then market rental rates at the time the Sublease is executed as reasonably determined by Tenant and demonstrated to Landlord;
- (E) The Sublessee shall agree to attorn to Landlord; and
- (F) The Sublessee is neither a Prohibited Person nor Restricted Entity.

Landlord further agrees that it will grant such assurances to each such Sublessee so long as the applicable Sublessee remain in compliance with the terms of its Subleases, and provided further that any such Subleases do not extend beyond the expiration of the term of this Lease. Landlord agrees, from time to time upon request of a Sublessee, to provide for the benefit of Sublessee a Sublease Recognition and Non-Disturbance Agreement in the form attached hereto as **Exhibit “R”**, with such changes as may be requested by any Sublessee and reasonably acceptable to Landlord, and customary estoppel letter containing such truthful information as Sublessee may reasonable requesting the Sublease within ten (10) days of written request.

Notwithstanding any attornment, Landlord shall not be (a) liable for any previous act or omission of the Tenant hereunder; (b) subject to any offset or defense that shall have accrued to the Sublessee hereunder against said Tenant; or (c) bound by any prepayment of rent or for any security deposit which shall not have been delivered to Landlord.

25.8 **Estoppel Certificates from Landlord.** Upon request of Tenant, any Leasehold Mortgagee or any Subtenant, Landlord agrees to give such requesting party an estoppel certificate in accordance with **Section 31.2** herein within ten (10) days of written request, and the requesting party shall be entitled to rely on the estoppel certificate.

25.9 **Lease Termination and New Lease.**

(A) In addition to any rights any Leasehold Mortgagee may have by virtue of **Article 25** herein, if this Lease shall terminate prior to the expiration of its term with respect to the Demised Property or any portion thereof and any Leasehold Mortgagee was not first provided with notice and an opportunity to cure prior to such termination as required under the terms of this Lease with respect to the Demised Property or any portion thereof (pursuant to the rejection of this Lease in a bankruptcy or insolvency proceeding or otherwise), Landlord shall give written notification thereof to each Leasehold Mortgagee who have become entitled to notice as provided in this **Article 25** with respect to the Demised Property or any portion thereof, and Landlord shall, upon written request of the applicable Leasehold Mortgagee to Landlord given within sixty (60) days following such termination, enter into a new lease of the Demised Property or applicable portion thereof with the Leasehold Mortgagee (or its nominee), as tenant, for the remainder of the Term of this Lease with respect to the Demised Property or the applicable portion thereof, on the same terms and conditions, and with the same priority over any encumbrances created at any time by Landlord, its successors and assigns, which Tenant has or had by virtue of this Lease. Landlord’s obligation to enter into such new lease of the Demised Property or any applicable portion thereof with Leasehold Mortgagee (or its nominee) shall be conditioned upon, on the date the new lease executed, (i) Landlord receiving payment of all Rent due hereunder through the date of such new lease (but not any accelerated rent) with respect to the Demised Property or the applicable portion thereof, (ii) all other monetary defaults hereunder having been cured with respect to the Demised Property or the applicable portion thereof, (iii) all non-monetary defaults susceptible to cure (defaults that are personal to Tenant shall not be deemed susceptible to cure) having been cured or Leasehold Mortgagee, as tenant, with respect to the Demised Property or the applicable portion thereof proceeding promptly with such cure and pursuing such cure to completion with reasonable diligence as further set forth in **Article 27**, and (iv) Landlord receiving all reasonable expenses, costs and fees, including attorneys’ fees, incurred by Landlord in preparing for the termination of this Lease and in acquiring possession of the Demised Property or applicable

portion thereof, and in the preparation of such new lease. Such new lease shall have priority over encumbrances created by Landlord by virtue of the notice created by this Lease to any transferee of Landlord or any person receiving an encumbrance from Landlord, which priority shall be self-operative and shall not require any future act by Landlord. Any new lease hereunder shall contain the same clauses subject to which the demise of the Demised Property, or applicable portion thereof, hereunder is made and shall be at the rent and other payments for the Demised Property, or applicable portion thereof, due Landlord and upon all of the terms as are herein contained.

(B) Nothing herein contained shall be deemed to impose any obligation on the part of Landlord to deliver physical possession of the Demised Property to the Leasehold Mortgagee (or its nominee) or until the new lease has been executed by all pertinent parties.

(C) If, upon the termination of this Lease, Tenant, but for such termination, would have been entitled to receive any credit or other amount pursuant to the provisions of this Lease, then Landlord agrees that the same shall be paid to the tenant under a new lease, in the same manner and to the same extent as it would have been paid or applied the same to or for the benefit of Tenant as if this Lease had not terminated; subject however to Landlord's right to offset any damages accrued as a result of said termination.

(D) Any right of Tenant to treat this Lease as terminated under Section 365(h)(1)(A)(i) of Chapter 11 of the U.S. Bankruptcy Code shall be subject to the consent of each Leasehold Mortgagee.

(E) This **Section 25.9** survives any termination of the Lease.

25.10 No Subordination or Mortgaging of Landlord's Fee Title. Notwithstanding any other provision set forth herein, and taking precedence over same, there shall be no subordination of Landlord's fee simple interest in the Demised Property, or otherwise to the lien of any Leasehold Mortgage or Leasehold Mortgagee financing nor shall Landlord be required to join in such Leasehold Mortgage other financing. No Leasehold Mortgagee may impose any lien upon the Landlord's fee simple interest in the Demised Property, or otherwise in the fee simple interest of Landlord. Landlord's reversionary interest in the Demised Property, the Improvements thereon and Landlord's interest in this Lease shall be superior and prior to any loans, mortgages, deeds of trust, other leases, liens, and encumbrances that may hereinafter be placed on the Demised Property or the leasehold interest or any part thereof or the interest therein, by, against or as a result of the acts of Tenant or any entity deriving any interest therein.

Nothing contained in this Lease, or any action or inaction by Landlord, shall be deemed or construed to mean that Landlord has granted to Tenant any right, power or permission to do any act or to make any agreement which may create, give rise to or be the foundation for any right, title, interest, lien, charge or any encumbrance upon the estate of the Landlord in the Demised Property or otherwise in the fee simple interest of Landlord. Landlord represents and warrants to Tenant that no mortgages currently exist against its fee interest in the Demised Property and acknowledges that this Lease shall not be subordinate to any future mortgage against the fee interest in the Demised Property. Notwithstanding anything to the contrary contained in this Lease, if all or any portion of Landlord's interest in the Demised Property shall be acquired by reason of foreclosure of any mortgage, security agreement, lien or other encumbrance or other

proceedings brought to enforce the rights of the holder(s) thereof, by deed in lieu of foreclosure or by any other method, and as a result any person succeeds to such interests of Landlord, this Lease and the rights of Tenant hereunder shall continue in full force and effect and shall not be terminated or disturbed except as otherwise expressly permitted by the terms of this Lease.

25.11 **Creation of Phase Lease.** In connection with the development the mixed use Project in accordance with the Development Program Landlord and Tenant contemplate that the Demised Property will be developed in multiple Phases each separately financed by a Lender and encumbered by a separate Leasehold Mortgage. So long as Tenant is not in default under this Lease after the expiration of applicable notice and cure periods, Tenant may effectuate a transfer of all of Tenant's right title and interest in this Lease as to a portion of the Demised Property of its rights hereunder (a) to an Affiliate without Landlord's prior approval; and (b) to an entity that is not an Affiliate upon receipt of Landlord's prior written approval of the transferee that is a non-Affiliate pursuant to this **Section 25.11**, in each case, through an assignment of all of Tenant's right title and interest in the Demised Property as to a designated portion of the Demised Property to an Affiliate or a non-Affiliate approved by Landlord pursuant **Section 25.11** of this Lease which assignment shall incorporate all of the terms and provisions of this Lease that are applicable to that portion of the Demised Property assigned (each such assignment, a "**Phase Lease**"). For the avoidance of doubt, the assignment made pursuant to the preceding sentence shall be the Phase Lease which shall govern and control with respect to the portion of the Demised Property assigned. Each Phase Lease shall establish a separate leasehold estate in the portion of the Demised Premises assigned between the assignee as "tenant" and Landlord as "landlord". An event of default under any Phase Lease will not affect this Lease or any other Phase Lease.

The tenant under the Phase Lease shall assume all of the duties and obligations of Tenant under the Phase Lease arising from and after the date of the Phase Lease. Landlord shall have all remedies available under this Lease which shall be incorporated by reference in the Phase Lease.

The following shall apply to each Phase Lease:

(A) No new Phase Lease shall be created unless the assignment creating the new Phase Lease is an Affiliate of Tenant or an approved transference of Tenant's interest in this Lease pursuant to this **Section 25.11** and such assignee agrees to assume all of the duties and obligation under this Lease as to the portion of the Demised Property assigned and subject to the remedies and rights available to Landlord under this Lease in the event the assignee fails to perform its obligations under the Phase Lease.

(B) Notwithstanding anything contained in this Lease, upon the execution of a Phase Lease:

(i) Tenant shall not be obligated to perform any obligation under this Lease to the extent such obligation pertains to, or is to be performed on, any the portion of the Demised Property leased pursuant to such Phase Lease, and shall be automatically released from any and all such obligations (including, without limitation, any obligation to (x) pay any rent allocated to such Phase Lease, (y) develop the portion of Demised Property governed by the Phase Lease, and (z) maintain insurance for such portion of the Demised Property) governed by the Phase Lease;

(ii) No action or omission of, or default by, a tenant (or anyone acting by, through or under a tenant) under a Phase Lease, including, without limitation, any failure to develop the applicable portion of the Project on the Demised Property, shall in any event constitute or give rise to a default, or any liability of Tenant under this Lease or deprive Tenant of any of its rights under this Lease, including without limitation the right to develop the remainder of the Project on the balance of the Demised Property in accordance with this Lease;

(iii) Neither Tenant nor any assignee or successor thereof shall in any event be prohibited from developing any portion of the Project on the Demised Property (or be in default hereunder, or have any liability), as a result of any failure of any tenant (or anyone acting by, through or under a tenant) under any Phase Lease to develop the applicable portion of the Project on the Demised Property;

(iv) No action or mission of, or default by a tenant (or anyone acting by, through or under a tenant) under a Phase Lease shall in any event constitute or give rise to a default, or any liability under any other Phase Lease or deprive Tenant of any rights under another Phase Lease; and

(v) Landlord and tenant under the Phase Lease shall execute a memorandum of Lease with respect to each Phase Lease.

(C) With respect to a Phase Lease created for the purpose of developing LIHTC Units and/or Workforce Housing Units, Landlord and the tenant under such Phase Lease agree to restructure the payments to be made by tenant to Landlord pursuant to **Section 6.2** and **6.3** of this Lease so Landlord receives the same economic compensation but payments are restructured so that Landlord shall not be construed as a partner of such tenant under Applicable Laws, including, without limitation LIHTC Regulations and tax laws, and such payment will not affect tenant's tax basis.

Each Phase Lease shall include provisions similar to the above confirming that (1) the tenant under such Phase Lease shall not be obligated to perform any obligation under this Lease or any other Phase Lease, (2) no action or omission of, or default by Tenant under this Lease or any other tenant under any other Phase Lease, shall constitute a default under such Phase Lease, and (3) neither the tenant under such Phase Lease nor any assignee nor successor thereof shall be prohibited from developing the portion of the Project on the Demised Property covered by the Phase Lease as a result of any failure by Tenant under this Lease or any other tenant under any other Phase Lease to develop the portion of the Project located on its portion of the Demised Property; it being the intention of the parties that this Lease and each Phase Lease shall not be cross-defaulted in any way.

Each tenant under a Phase Lease shall have the right, subject to any approvals of Landlord required by this Section and the limitations stated in this Section, to (i) further assign the Phase Lease and (ii) enter into subleases, licenses, concession agreements, management agreements, operating agreements, and other arrangements for the purpose of implementing any use, operation or activity permitted under this Lease, in accordance with the terms thereof. The provisions of this **Article 25** shall survive any termination of this Lease. Leasehold Mortgagees shall be deemed to be third party beneficiaries of this **Article 25**.

25.12 **Encumbrance of Landlord's Interest.** Any financing of Landlord's interest in this Lease or fee simple title to the Demised Property shall be expressly subordinate to the rights of Tenant under this Lease and the rights of any Leasehold Mortgagee encumbering any interest in this Lease. Landlord shall not mortgage its fee interest in the Demised Property without prior written notice to the Leasehold Mortgagee. Any mortgagee of Landlord's fee interest shall provide a subordination and non-disturbance agreement reasonably acceptable to the Leasehold Mortgagee.

ARTICLE 26 **EMINENT DOMAIN**

26.1 **Taking of Demised Property.** If at any time during the term of this Lease the power of eminent domain shall be exercised by any federal or state sovereign or their proper delegates, by condemnation proceeding, to acquire the entire Demised Property (a "**Taking**"), such Taking shall be deemed to have caused this Lease to terminate and expire on the date of such Taking. Landlord and Tenant shall each be entitled to seek a separate award for their respective interest in such proceeding. If Landlord and Tenant each obtain a separate award in such Taking, such awards shall govern. If no separate awards are made in the Taking, the proceeds of any award for a Taking (net of Landlord's, Tenant's and any Leasehold Mortgagee's reasonable out-of-pocket expenses incurred in the collection thereof) shall be paid as follows:

(A) first, to Landlord in the amount of the then-appraised value of the Demised Property, subject to this Lease, and as if vacant and assuming no Improvements existing on the Demised Property at the time of Taking (the "**Landlord's Award**"); and

(B) second, to Tenant (subject to the rights of any Leasehold Mortgagee at the time of such Taking) in the amount of the then-fair market value of the Buildings and other Improvements on the Demised Property, plus the value of Tenant's interest in the unexpired Term of the leasehold estate created pursuant to this Lease (the "**Tenant's Award**"; together with the Landlord's Award, as applicable, the "**Award**").

For the purpose of this **Article 26**, the date of Taking shall be deemed to be either the date on which actual possession of the Demised Property or a portion thereof, as the case may be, is acquired by any lawful power or authority pursuant to the Taking or the date on which title vests therein, whichever is earlier. This Lease shall thereupon terminate as of the effective date of such Taking, without liability or further recourse to the parties, provided, that provided that each party shall remain liable for any obligations required to be performed prior to the effective date of such termination. Tenant and Landlord shall, in all other respects, keep, observe, and perform all the terms of this Lease up to the date of such Taking. Notwithstanding anything to the contrary contained herein, Leasehold Mortgagees shall have the right to participate in any challenges to a Taking, including, without limitation, any legal proceedings arising from a proposed Taking.

26.2 **Proceeds of Taking.** In the event following any such Taking as aforesaid, this Lease is terminated, or in the event following a Taking of less than the whole of the Demised Property this Lease is terminated as provided for in **Section 26.3** herein, the proceeds of any such Taking (whole or partial) shall be distributed as described in **Section 26.1**. If the value of the respective interests of Landlord and Tenant shall be determined according to the foregoing

provisions of this **Article 26** in the eminent domain proceeding pursuant to which the Demised Property shall have been taken, the values so determined shall be conclusive upon Landlord and Tenant. Notwithstanding the provisions of **Section 26.1**, if such values shall not have been separately determined in such proceeding, such values shall be fixed as provided in **Section 26.1**. Leasehold Mortgagees shall be entitled to participate in any proceedings in connection with a Taking, and to receive directly from the Taking Authority any sums to which they are found to be entitled.

26.3 Partial Taking; Termination of Lease. In the event of a Taking of less than the entire Demised Property, if Tenant reasonably determined that the remaining portion of the Demised Property not so taken cannot be adequately restored, repaired or reconstructed so as to constitute a complete architectural unit of substantially the same usefulness, design, construction, and commercial feasibility, as immediately before such Taking, then Tenant shall have the right, to include a claim with respect thereto in the Taking proceeding and have the right, to be exercised by written notice to Landlord within one hundred eighty (180) days after the date of Taking, to terminate this Lease on a date to be specified in said notice, which date shall not be earlier than the date of such Taking, in which case Tenant shall pay and satisfy all rents, revenues and other payments due and accrued hereunder up to the date of such termination and shall perform all of the obligations of Tenant hereunder to such date, and thereupon this Lease and the term herein demised shall cease and terminate.

26.4 Partial Taking; Continuation of Lease. If following a partial Taking this Lease is not terminated as hereinabove provided then, this Lease shall terminate as to the portion of the Demised Property taken in such condemnation proceedings; and, as to that portion of the Demised Property not taken, Tenant shall proceed at its own cost and expense either to make an adequate restoration, repair or reconstruction or to rebuild a new Improvement upon the Demised Property affected by the Taking (each, a “**Condemnation Restoration**”). In such event, the proceeds of any award for such a partial Taking (net of Landlord’s, Tenant’s and any Leasehold Mortgagee’s reasonable out-of-pocket expenses incurred in the collection thereof) shall, subject to rights of Leasehold Mortgagees, be paid as follows:

(A) first, to Tenant in the amount necessary to pay in full the costs of the applicable Condemnation Restoration and to complete the same to the reasonable satisfaction of Landlord free from mechanics’ or materialmen’s liens; and

(B) any remaining portion of the net proceeds of any such award shall be paid to Landlord and to Tenant in the same proportion as the amount of the Landlord’s Award bears to the amount of the Tenant’s Award as described in **Section 26.1** unless the amount payable to Tenant is determined in such Taking proceedings.

If the part of the award so paid to Tenant is insufficient to pay for such restoration, repair or reconstruction, Tenant shall pay the remaining cost thereof, and shall fully pay for all such restoration, repair, and reconstruction, and complete the same to the reasonable satisfaction of Landlord free from mechanics’ or materialmen’s liens and shall at all times save Landlord free and harmless from any and all such liens. In the event, the partial Taking results in making it impossible or unfeasible to reconstruct, restore, repair, or rebuild the Improvements on the Demised Property Tenant’s share of the award shall be determined in accordance with **Section**

26.1 herein. To the extent any Leasehold Mortgagee exercises any right or option to retain and apply any portion of the proceeds of any insurance toward payment of the debt, Tenant shall nonetheless remain responsible to complete the Condemnation Restoration, and shall diligently and expeditiously undertake to secure and close on loans(s) to finance the reconstruction, and thereafter, to commence and fully complete such reconstruction as expeditiously as reasonably possible.

26.5 Temporary Taking. If the whole or any part of the Demised Property or of Tenant's interest under this Lease be taken or condemned by any competent authority for its or their temporary use or occupancy not exceeding two (2) years, this Lease shall not terminate by reason thereof, and Tenant shall continue to pay, in the manner and at the times herein specified, the full amounts of the rents, revenues and all other charges payable by Tenant hereunder and, except only to the extent that Tenant may be prevented from so doing pursuant to the terms of the order of the condemning authority, to perform and observe all of the other terms, covenants, conditions and all obligations hereof upon the part of Tenant to be performed and observed, as though such Taking had not occurred. In the event of any such temporary Taking, Tenant shall be entitled to receive the entire amount of any award made for such temporary Taking (attributable to the period within the term of the Lease). Tenant covenants that, upon the termination of any such period of temporary Taking, prior to the expiration of the term of this Lease, it will, at its sole cost and expense, restore the Demised Property, as nearly as may be reasonably possible, to the condition in which the same were immediately prior to such Taking, provided that Tenant is compensated for same in the condemnation proceeding.

26.6 Additional Takings. In case of a second, or any additional partial Taking or Takings from time to time, the provisions hereinabove contained shall apply to each such partial Taking. In the event any federal or state sovereign or their proper delegates with the power of eminent domain appropriates or condemns all or a portion of the Demised Property, and Landlord is a beneficiary of such Taking, the award shall be divided in accordance with the provisions of this **Article 26**. In that event, in accordance with the provisions hereof, Tenant shall restore, repair, or reconstruct any portion of the Demised Property not taken; provided that if the award so paid to Tenant shall be insufficient to fully pay for such restoration, repair or reconstruction, Tenant shall have the option of:

(A) Repairing at its expense, in which event the provisions of **Article 17** herein shall control; or

(B) Terminating the Lease, in which event the provisions of **Article 17** herein shall control.

26.7 Inverse Condemnation or Other Damages. In the event of damage to the value of the Demised Property by reason of change of grade, access rights, street alignments or any other governmental or quasi-governmental act (not involving Landlord) which constitutes an inverse condemnation of any portion of the Demised Property creating a right to full compensation therefor, then Landlord and Tenant shall each be entitled to claim and receive from the net payment or award made on account thereof, the compensation for their respective estates and interests.

26.8 **Involuntary Conversion.** In the event any Taking or other like proceeding or threat or imminence thereof shall occur as provided for hereinabove or otherwise, Landlord and Tenant agree to cooperate with each other in order to provide proper evidence of communication of the proceeding or threat or imminence thereof (including evidence of like Takings) to the Internal Revenue Service for purposes of determining whether property has been voluntarily converted within the meaning of the Internal Revenue Code.

ARTICLE 27 **TERMINATION**

27.1 **Termination by Landlord.** The occurrence of any of the following, each of which shall constitute an event of default, shall permit the Landlord to terminate this Lease upon the terms and conditions set forth below, subject to any provisions herein governing the rights of any Leasehold Mortgagee:

(A) Automatic Termination:

(i) Institution of proceedings in voluntary bankruptcy by the Tenant.

(ii) Institution of proceedings in involuntary bankruptcy against the Tenant if such proceedings continue for a period of ninety (90) days or more.

(iii) The appointment of a receiver or trustee of an assignment for the benefit of Tenant's creditors, other than one appointed for the benefit of a Leasehold Mortgagee which is not dismissed within ninety (90) days.

(B) Termination after ten (10) calendar days' written notice by the Landlord to Tenant, with copies thereof to each Leasehold Mortgagee who shall have notified Landlord of its name, address and interest prior to such notice, for doing any of the following:

(i) Non-payment of any Rent due under this Lease after the due date for such payments; provided, however, that Landlord shall not have the right to terminate this Lease if Tenant makes the required payment(s) during the ten (10) calendar day period following Tenant's receipt of the written notice; provided, further, that Landlord shall not be obligated to provide written notice to Tenant of its failure to pay Minimum Rent when due more than twice in any given Lease Year for this provision to apply.

(ii) Written notice from Landlord to Tenant of any condition posing an immediate threat to health or safety of the public, which notice sets forth with reasonable specificity the nature of the alleged condition; provided, however, that Landlord shall not have the right to terminate this Lease if Tenant remedies the condition within the ten (10) calendar day period from Tenant's receipt of the written notice, or in the case of such condition which cannot with due diligence and in good faith be cured within ten (10) days (such as, for example, a cure that requires the issuance of a building permit), if Tenant within such ten (10) day period (i) undertakes all practicable and lawful actions to temporarily mitigate or isolate such condition (such as, for example, installing a barricade or vacating any portion(s) of the Demised Property subject to such condition) such that such condition is no longer an immediate threat to the health or safety

of the public, as determined by the Landlord in its reasonable discretion, and (ii) proceeds to promptly and with due diligence and in good faith pursue curing said condition and cures such condition within twelve (12) months after Tenant's receipt of the written notice thereof from Landlord to Tenant, subject to extension as a result of Unavoidable Delay.

(C) Termination after thirty (30) calendar days' written notice by the Landlord to Tenant, with copies thereof to each Leasehold Mortgagee who shall have notified Landlord of its name, address and interest prior to such notice, for the reason(s) as set forth below:

(i) Non-payment of any sums other than Rent due under this Lease after the due date for such payments; provided, however, that Landlord shall not have the right to terminate this Lease if Tenant makes the required payment(s) during the thirty (30) calendar day period following Tenant's receipt of the written notice. With respect to this clause (i), Landlord's written notice must set forth with reasonable specificity the sums that are unpaid.

(ii) Tenant vacates or abandons the Demised Property, or otherwise ceases or discontinues its operations on the Demised Property (by reason other than force majeure, fire or other casualty) following Completion of Construction; provided, however, that Landlord shall not have the right to terminate this Lease if Tenant cures such failure during the fifteen (15) calendar day period following Tenant's receipt of the written notice.

(iii) Subject to extensions of time specifically provided herein, Tenant fails to secure the required financing for Phase 1 and Phase 2 by the Financing Date; provided, however, that Landlord shall not have the right to terminate this Lease if Tenant cures such failure during the thirty (30) calendar day period following Tenant's receipt of the written notice.

(iv) Tenant fails to timely meet the deadline for Commencement of Construction; provided, however, that Landlord shall not have the right to terminate this Lease if Tenant cures such failure during the thirty (30) calendar day period following Tenant's receipt of the written notice, or in the event that Tenant (i) has delivered the Letter of Credit to Landlord and (ii) such default cannot with due diligence and in good faith be cured within thirty (30) days, Tenant within said thirty (30) day period proceeds to promptly and with due diligence and in good faith to pursue curing said default and cures such default within six (6) months after Tenant's receipt of such written notice thereof from Landlord to Tenant. With respect to this clause (iv), Landlord's written notice to Tenant shall set forth with reasonable specificity the nature of the alleged non-compliance.

(v) Subject to Unavoidable Delay and extensions of time provided herein, Tenant fails to timely meet the deadline for Completion of Construction; provided, however, that Landlord shall not have the right to terminate this Lease if Tenant cures such failure during the thirty (30) calendar day period following Tenant's receipt of the written notice, or in the event such default cannot with due diligence and in good faith be cured within thirty (30) days, Tenant within said thirty (30) day period proceeds to promptly and with due diligence and in good faith to pursue curing said default and cures such default within twelve (12) months after Tenant's receipt of such written notice thereof from Landlord to Tenant.

(vi) Tenant fails to utilize and maintain the Demised Property for the Permitted Use; provided, however, that Landlord shall not have the right to terminate this Lease if Tenant cures such failure during the fifteen (15) calendar day period following Tenant's receipt of the written notice from Landlord which notice shall set forth with specificity the nature of the alleged failure.

(vii) Tenant fails to timely and accurately report the condition of the Demised Property in accordance with **Section 8.6** of this Lease; provided, however, that Landlord shall not have the right to terminate this Lease if Tenant cures such failure during the thirty (30) calendar day period following Tenant's receipt of the written notice from Landlord which notice shall set forth with reasonable specificity the nature of the alleged failure.

(viii) If a final, non-appealable order of a court of competent jurisdiction finds that Tenant is in violation of any law with respect to the Project, which results in imprisonment of any of the key officers of the Tenant.

(ix) Non-performance of any other covenant of Tenant under this Lease or default arising from the Tenant's failure to keep, observe and/or perform any of the other terms contained in this Lease, other than the provisions already addressed herein in this **Section 27.1(A), (B), and (C)**, provided, however, that Landlord shall not have the right to terminate this Lease if Tenant remedies the default within thirty (30) days after Tenant's receipt of written notice thereof from Landlord to Tenant setting forth with reasonable specificity the nature of the alleged default, or in the case of such default which cannot with due diligence and in good faith be cured within thirty (30) days, Tenant within said thirty (30) day period proceeds promptly and with due diligence and in good faith to pursue curing said default and cures such default within twelve (12) months after Tenant's receipt of such written notice thereof from Landlord to Tenant.

If an event of default by the Tenant shall occur, the Landlord, at any time after the applicable cure period has expired, shall be permitted to give written notice to the Tenant and any Leasehold Mortgagee who has appropriately notified the Landlord in accordance with **Article 25**, that the Lease has been terminated, but subject to **Sections 25.5, 25.9 and 27.2**. Notwithstanding any provisions of this Lease to the contrary, this Lease shall not terminate, and Landlord shall not take any action to terminate this Lease, unless and until the cure periods applicable to Leasehold Mortgagees have expired and the applicable default has not been cured, and no Leasehold Mortgagee, as a condition to its exercise of its rights under this Lease, including, without limitation, those under **Sections 25.5, 25.9 and 27.2**, shall be required to cure any default of Tenant not reasonably susceptible of being cured by Leasehold Mortgagee. Leasehold Mortgagee shall not be required to cure any event of default which is personal to Tenant.

If the Landlord terminates this Lease for any reason, including, but not limited to termination for the Tenant's failure to utilize and maintain the Demised Property for the Permitted Use, the Landlord shall not be required to incur any additional cost or expenses, or pay any compensation, in connection with regaining control of the Demised Property from the Tenant. Tenant agrees that under no circumstances shall the Tenant be entitled to any termination or cancellation fee or any similar economic incentive or payment with regard to this Lease should this Lease be terminated or cancelled, unless specifically set forth in this Lease.

27.2 Lender's Right to Cure Tenant Default.

(A) Notwithstanding any provisions of this Lease to the contrary, for so long as a Leasehold Mortgage encumbers the Demised Property or portion thereof, or is secured by a pledge of ownership interests, in Tenant, notwithstanding the time allowed for Tenant to cure an event of default under **Section 27.1**, the Leasehold Mortgagee shall have the right, but not the obligation, for an additional period of thirty (30) days following expiration of Tenant's cure periods under **Section 27.1**, to cure any monetary or non-monetary event of default of Tenant, but if such non-monetary event of default cannot be cured within such 30-day period, then the Leasehold Mortgagee shall have up to ninety (90) days to cure following the expiration of Tenant's cure period, provided that it has commenced such cure within the initial thirty (30) day period and thereafter pursues such cure with reasonable diligence, subject to further extension of such cure periods as provided in clauses (B) and (C) below, provided however that in no event shall such total cure period exceed a total of two (2) years. In the event that the cure is not complete within two (2) years, even after and notwithstanding the prompt diligent pursuit of actions to cure the defaults, then Landlord, in Landlord's sole discretion may terminate the Lease by providing written notice.

(B) Notwithstanding any provisions of this Lease to the contrary, no event of default by Tenant will be deemed to exist as to a Leasehold Mortgagee (and Landlord shall not be permitted to terminate this Lease due to an event of default of Tenant) as long as such Leasehold Mortgagee, in good faith, either promptly (i) commences to cure such event of default and prosecute the same to completion with all reasonable diligence, or (ii) if the nature of any non-monetary event of default is such that possession of or title to the Demised Property is reasonably necessary to cure the event of default, or the event of default is of the type that cannot be cured by a Leasehold Mortgagee (e.g., Tenant bankruptcy or breach of covenants that are personal to Tenant), Leasehold Mortgagee files a complaint for foreclosure and thereafter prosecute the foreclosure action in good faith and with reasonable diligence, subject to any stays, moratoria or injunctions applicable thereto, and as promptly as practicable after obtaining possession or title, as reasonably necessary, commences promptly to cure such event of default and prosecutes the same to completion in good faith and with reasonable diligence; provided, however, that during the period in which any foreclosure proceedings are pending, all of the other obligations of Tenant under this Lease, to the extent they are susceptible of being performed by a Leasehold Mortgagee (e.g., the payment of Rent), are being duly performed. However, in no event shall the total cure period exceed three (3) years, even after and notwithstanding the prompt, diligent pursuit of actions to cure the defaults, and in such event, Landlord, in Landlord's sole discretion, may terminate the Lease by providing written notice. Notwithstanding anything contained herein to the contrary, a Leasehold Mortgagee shall not be required to cure any non-monetary default by Tenant which is personal to Tenant and cannot be cured by such Leasehold Mortgagee.

(C) Intentionally Omitted.

(D) Any penalties, interest and late payment fees due to Landlord pursuant to this Lease as a result of any event of default by Tenant shall not commence to accrue and be due from any Leasehold Mortgagee who has commenced and is proceeding to cure any such events of default until the expiration of the applicable cure, grace or other periods provided to the Leasehold Mortgagee to cure such events of default in this Article or elsewhere in this Lease.

ARTICLE 28
REMEDIES

28.1 Consistent with and in addition to **Article 27**, Termination, above, if an event of default of Tenant exists which has not been cured within the applicable grace period, including the applicable cure rights of any Leasehold Mortgagee, then Landlord may proceed, in addition to any right of termination, with any remedy available at law or in equity in the State of Florida, including reentry and possession, as may be applicable, and including suing Tenant to recover all of Landlord's actual damages, costs, and expenses as limited by **Section 23.2** and **28.5**, or restraining, by injunction, the commission of or attempt of threatened commission of any breach and/or to obtain a decree specifically compelling performance of any term or provision of the Lease.

28.2 Upon any default, and after the expiration of all applicable cure periods under Article 27, and the termination of this Lease as expressly permitted under this Lease, the Landlord may, in accordance with any lawful process, enter the Demised Property and take possession of any and all Buildings and Improvements, equipment, fixtures and all other personal property of Tenant situated in the Demised Property without liability for trespass or conversion, and may sell or otherwise dispose of any and all such property after thirty (30) calendar days' notice to Tenant, which notice shall constitute reasonable and sufficient notice (so long as such property is reasonably valued by the Landlord at more than Five Thousand (\$5,000.00) Dollars, otherwise, such property shall be considered abandoned by the Tenant, and Landlord shall have no obligation to either store, maintain, sell or otherwise dispose of the property). The proceeds of any such sale or disposition shall be applied first to the payment of all costs and expenses of conducting the sale and/or caring for and/or storing said property, including reasonable attorneys' fees; second, toward the payment of any indebtedness, including (without limitation) indebtedness for Rent, which may be due or become due to Landlord; and third, to pay Tenant, upon written demand by the Tenant, any surplus remaining after all indebtedness of Tenant to Landlord has been fully paid, so long as Tenant in fact makes such demand within ninety (90) calendar days of any such sale or disposition of property.

28.3 If this Lease is terminated or cancelled by Landlord, Tenant nevertheless shall remain liable for any and all Rent through the date of termination or cancellation and for any and all damages (as limited by **Section 23.2** above and for the avoidance of doubt, excluding any damages related to (i) Rent that is not yet due and payable and (ii) Rent which, but for any termination of this Lease, would have become due during the remainder of the Term) which may be due, become due or be sustained by Landlord, along with any and all reasonable costs, fees and expenses including, but not limited to, attorneys' fees, costs and expenses incurred by Landlord in pursuit of its remedies hereunder.

28.4 In addition to any and all other remedies in law or in equity that either party hereto may have against the other, each party hereby agrees to be responsible for its own costs and expenses associated with pursuing a claim against the other party, unless expressly described otherwise in this Lease, and therefore each party shall be solely responsible for its own attorneys' fees, witness expenses, and court costs at both trial and appellate levels.

28.5 All rights and remedies of the parties under this Lease shall be cumulative and shall not be exclusive of any other rights and remedies provided to the parties under Applicable Law,

and the provisions of this Article survive any termination of this Lease. The foregoing provisions in this **Article 28** shall be subject to the rights of Leasehold Mortgagees as provided by this Lease.

28.6 **No Waiver by Landlord.** No failure by Landlord to insist upon the strict performance of any of the terms of this Lease or to exercise any right or remedy consequent upon a breach thereof, and no acceptance by Landlord of full or partial rent during the continuance of any such breach, shall constitute a waiver of any such breach or of any of the terms of this Lease. None of the terms of this Lease to be kept, observed, or performed by Tenant, and no breach thereof, shall be waived, altered, or modified except by a written instrument executed by Landlord. No waiver of any breach shall affect or alter this Lease, but each of the terms of this Lease shall continue in full force and effect with respect to any other then existing or subsequent breach thereof. No waiver of any default of Tenant hereunder shall be implied from any omission by Landlord to Tenant any action on account of such default, and no express waiver shall affect any default other than the default specified in the express waiver and then only for the time and to the extent therein stated. One or more waivers by Landlord shall not be construed as a waiver of a subsequent breach of the same covenant, term, or conditions.

28.7 **Events of Default of Landlord.** The provisions of **Section 28.10** shall apply if any of the following events of default of Landlord shall happen: if default shall be made by Landlord in failing to keep, observe or perform any of the duties imposed upon Landlord pursuant to the terms of this Lease and such default shall continue for a period of thirty (30) days after written notice thereof from Tenant to Landlord setting forth with reasonable specificity the nature of the alleged breach. In the case of any such default or contingency which cannot, with due diligence and in good faith, be cured within thirty (30) days, Landlord fails within said thirty (30) day period to proceed promptly after such notice and with due diligence and in good faith to cure said event of default; provided that the maximum period Landlord may have to cure a default under this sentence shall not exceed one (1) year.

28.8 **Failure to Cure Default by Landlord.** If an event of default of Landlord shall occur, Tenant, at any time after the period set forth in **Section 28.9** shall have the following rights and remedies which are cumulative:

(A) In addition to any and all other remedies, in law or in equity, that Tenant may have against Landlord, Tenant shall be entitled to sue Landlord for all damages (as limited by **Section 23.1** above), costs and expenses arising from Landlord's committing an event of default hereunder and to recover all such damages, costs and expenses.

(B) To restrain, by injunction, the commission of or attempt or threatened commission of an event of default of Landlord and to obtain a decree specifically compelling performance of any such term or provision of the Lease.

(C) To terminate any and all obligations that Tenant may have under this Lease, in which event Tenant shall be released and relieved from any and all liability under this Lease, except for those obligations accrued and owed prior to such termination, and shall surrender possession of the Demised Property to Landlord.

28.9 **No Waiver by Tenant.** Failure by Tenant to insist upon the strict performance of any of the terms of this Lease or to exercise any right or remedy upon a breach thereof, shall not constitute a waiver of any such breach or of any of the terms of this Lease. None of the terms of this Lease to be kept, observed, or performed by Landlord, and no breach thereof, shall be waived, altered, or modified except by written instrument executed by Tenant. No waiver of any default of Landlord hereunder shall be implied from any omission by Tenant to take any action on account of such default if such default persists or is repeated, and no express waiver shall affect any default other than the default specified in the express waiver and then only for the time and to the extent therein stated. One or more waivers by Tenant shall not be construed as a waiver of a subsequent breach of the same covenant, term, or condition.

28.10 The provisions of this **Article 28** shall survive any termination of this Lease.

CONSTRUCTION OF TERMS AND MISCELLANEOUS

32.1 **Severability.** If any provisions of this Lease or the application thereof to any person or situation shall, to any extent, be held or made invalid or unenforceable pursuant to judicial order or Applicable Law, the remainder of this Lease, and the application of such provisions to persons or situations other than those as to which it shall have been held invalid or unenforceable, shall not be affected thereby, and shall continue valid and be enforced to the fullest extent permitted by law.

32.2 **Captions.** The article headings and captions of this Lease and the Table of Contents, if any, preceding this Lease are for convenience and reference only and in no way define, limit, or describe the scope or intent of this Lease nor in any way affect this Lease.

32.3 **Relationship of Parties.** This Lease does not create the relationship of principal and agent or of mortgagee and mortgagor or of partnership or of joint venture or of any association between Landlord and Tenant, or provide either party with the right, power, or authority, whether express or implied, to create any such duty or obligation on behalf of the other Party, the sole relationship between Landlord and Tenant being that of landlord and tenant.

32.4 **Recording.** A Memorandum of this Lease, generally in the form attached as **Exhibit S**, shall be recorded by Tenant among the Public Records of Miami-Dade County, Florida, at its sole cost and expense within thirty (30) days of the Effective Date.

32.5 **Construction.** All pronouns and any variations thereof shall be deemed to refer to the masculine, feminine or neuter, singular or plural, as the identity of the party or parties may require. The parties hereby acknowledge and agree that each was properly represented by counsel and this Lease was negotiated and drafted at arm's length so that the judicial rule of construction to the effect that a legal document shall be construed against the draftsman shall be inapplicable to this Lease which has been drafted by both Landlord and Tenant.

32.6 **Consents.** Whenever in this Lease the consent or approval of Landlord is required, such consent or approval may be made by the County Mayor or his/her designee on behalf of Landlord only to the extent: (i) this Lease does not specify otherwise; (ii) Board approval or consent is not specifically required pursuant to the terms of this Lease; and (iii) such does not amend this Lease or increase the Landlord's actual or potential obligations and/or liabilities. No such request shall require a fee from Tenant. Any consent or approval by Landlord to such a request (X) shall not be effective unless it is in writing; and (Y) shall apply only to the specific act or transaction so approved or consented to and shall not relieve Tenant of the obligation of obtaining the Landlord's prior written consent or approval to any future similar act or transaction.

32.7 **Entire Agreement.** This Lease contains the entire agreement between the Parties and all negotiations leading thereto and it may be modified only by resolution approved by the Board. Each signatory of this Lease represents that they have the authority to execute, bind and deliver the same on behalf of the party to this Lease for which each signatory is acting.

32.8 **Successors and Assigns.** It is acknowledged and agreed between the Parties that all terms, covenants, conditions, agreements, and undertakings contained in this Lease shall extend to and be binding upon the respective successors and assigns of the respective Parties, the same as if they were in every case named and expressed.

32.9 **Gender Neutral/Gender Inclusive Signage.** Tenant hereby agrees that it shall comply with Miami-Dade County's Resolution No. R-1054-16, to identify all single occupancy restrooms located in the Demised Property, and to replace any gender signage with gender neutral/gender inclusive signage on or near the opening of such single occupancy restrooms.

Any mention in this Lease of a period of days for performance shall mean calendar days subject to the foregoing extension when applicable, except when business days are specified.

32.13 **Protest Payments.** If at any time a dispute shall arise as to any amount or sum of money to be paid by Tenant to Landlord under the provisions of this Lease, Tenant shall nevertheless continue to make payments to Landlord. Tenant shall have the right to make payment "under protest", provided Tenant so contemporaneously advises Landlord it is doing so, and articulates with specificity the nature of the dispute, and such payment shall not be regarded as a voluntary payment, and there shall survive the right on the part of Tenant to seek the recovery of

such sum, and if it should be adjudged that there was no legal obligation on Tenant to pay such sum or any part thereof, Tenant shall be entitled to recover such sum or so much thereof as it was not legally required to pay under the provisions of this Lease, together with statutory interest on the amount returned to Tenant for the period commencing on the date such payment is received by Landlord until the date such sum is returned to Tenant (such amount of interest being referred to as “**Interest**”); and if at any time a dispute shall arise between the Parties hereto as to any work to be performed by either of them under the provisions of this Lease, the party against whom the obligation to perform the work is asserted may perform such work and pay the cost thereof “**under protest**” and the performance of such work shall in no event be regarded as a voluntary performance and there shall survive the right upon the part of Tenant and/or Landlord to seek the recovery of the cost of such work, and if it shall be adjudged that there was no legal obligation on the part of Tenant and/or Landlord to perform the same or any part thereof, Tenant and/or Landlord shall be entitled to recover the cost of such work or the cost of so much thereof as Tenant or Landlord was not legally required to perform under the provisions of this Lease, together with Interest, as calculated earlier in this **Section 32.13**.

32.14 **Inspector General Reviews/Audit & Compliance**

(A) **Independent Private Sector Inspector General Reviews**. Pursuant to Miami-Dade County Administrative Order 3-20, the Landlord has the right to retain the services of an Independent Private Sector Inspector General (hereinafter “**IPSIG**”), whenever the Landlord deems it appropriate to do so. Upon written notice from the Landlord, the Tenant shall make available to the IPSIG retained by the Landlord all requested records and documentation pertaining to this Lease for inspection and reproduction. The Landlord shall be responsible for the payment of these IPSIG services. The terms of this provision apply to the Tenant, its officers, agents, employees, subcontractors, and assignees. Nothing contained in this provision shall impair any independent right of the Landlord to conduct an audit or investigate the operations, activities, and performance of the Tenant in connection with this Lease. The terms of this section shall not impose any liability on the Landlord by the Tenant or any third-party.

(B) **Miami-Dade County Inspector General Review**. According to Section 2-1076 of the Code of Miami-Dade County, Miami-Dade County has established the Office of the Inspector General which may, on a random basis, perform audits on all Miami-Dade County contracts, throughout the duration of said contracts.

(C) Nothing contained above shall in any way limit the powers of the Inspector General to perform audits on all of the Landlord’s contracts. The Miami-Dade County Inspector General is authorized and empowered to review past, present, and proposed Miami-Dade County and Public Health Trust contracts, transactions, accounts, records, and programs. In addition, the Inspector General has the power to subpoena witnesses, administer oaths, require the production of records, and monitor existing projects and programs. Monitoring of an existing project or program may include a report concerning whether the project is on time, within budget and in conformance with plans, specifications, and Applicable Laws. The Inspector General is empowered to analyze the necessity of and reasonableness of proposed change orders to the contract. The Inspector General shall have the power to audit, investigate, monitor, oversee, inspect, and review operations, activities, performance, and procurement process, including but not limited to project design, specifications, proposal submittals, activities of the Tenant, its officers,

agents and employees, lobbyists, County staff and elected officials to ensure compliance with contract specifications and to detect fraud and corruption.

(D) Upon written notice to the Tenant from the Inspector General or IPSIG retained by the Inspector General, the Tenant shall make all requested records and documents available to the Inspector General or IPSIG for inspection and copying. The Inspector General and IPSIG shall have the right to inspect and copy all documents and records in the Tenant's possession, custody or control which, in the Inspector General's or IPSIG's sole judgment, pertain to performance of the contract, including, but not limited to original estimate files, change order estimate files, worksheets, proposals and agreements form and which successful and unsuccessful subcontractors and suppliers, all project-related correspondence, memoranda, instructions, financial documents, construction documents, proposal and contract documents, back-charge documents, all documents and records which involve cash, trade or volume discounts, insurance proceeds, rebates, or dividends received, payroll and personnel records, and supporting documentation for the aforesaid documents and records.

(E) **Availability of Records/Landlord Audit & Review.** Until the expiration of 10 years after the expiration or termination of this Lease, Tenant shall have the obligation to retain and to make available to Landlord, and its representatives, all books, documents and records of Tenant pertaining to this Lease and to Tenants compliance with the terms and conditions of the Lease and all Applicable Laws, including but not limited to those documents and records contemplated by the Inspector General and IPSIG provisions described above. Upon Landlord's (or its representative's) request, Tenant will promptly and without charge make available all such books, documents, and records of Tenant. Tenant shall include a provision in all subleases requiring all subtenants to make such documents available for inspection by Landlord. Notwithstanding anything contained in this Lease to the contrary, Tenant shall have the right to destroy all books, documents and records of Tenant pertaining to Phase 1 of the Project after the HUD or IRS compliance and look back period, and the retention schedule prescribed by Florida law has expired, and Tenant shall have no obligation to keep any books, documents and records pertaining to any other portion of the Demised Property for more than 10 years, unless such timeframe is extended by applicable law.

(F) **Commission Auditor.** The Commission Auditor shall have the right to inspect and audit the books, records, financial statements and operations of Tenant all in accordance with Section 2-481 of the County Code and Tenant agrees to comply with same.

32.15 **Governing Law/Venue.** This Lease, including any exhibits or amendments, if any, and all matters relating thereto (whether in contract, statute, tort or otherwise) shall be governed by and construed in accordance with the laws of the State of Florida. Any claim, dispute, proceeding, or cause of action, arising out of or in any way relating to this Lease, or the parties' relationship shall be decided by the laws of the State of Florida. The parties agree that venue for any of the foregoing shall lie exclusively in the courts located in Miami-Dade County, Florida.

32.16 **Costs and Attorney's Fees.** Each of the parties hereto shall bear its own costs and attorneys' fees in connection with the execution of this Lease. The terms of this provision shall survive the termination of this Lease.

32.17 **Radon.** Radon is a naturally occurring radioactive gas that, when it has accumulated in a building in sufficient quantities, may present health risks to persons who are exposed to it over a time period. Levels of radon that exceed federal and state guidelines have been found in buildings in Florida. Additional information regarding radon and radon testing may be obtained from Miami-Dade County public health unit.

32.18 **Non-Recourse.** All claims or causes of action (whether in contract or in tort, in law or in equity) that may be based upon, arise out of or relate to this Lease, or the negotiation, execution or performance of this Lease (including any representation or warranty made in or in connection with this Lease or as an inducement to enter into this Lease), may be made only against the entities that are expressly identified as parties hereto. No person who is not a named party to this Lease, including any direct or indirect owner, director, officer, manager, employee, incorporator, member, partner, stockholder, affiliate, agent, attorney or representative of any party to this Lease (collectively, the “**Non-Party Affiliates**”), shall have any liability (whether in contract, in law or in equity, or based upon any theory that seeks to impose contractual liability of an entity party against its owners or affiliates) for any obligations or liabilities imposed by this Lease or for any claim based on, in respect of, or by reason of this Lease; and each party waives and releases all such liabilities, claims and obligations against any such Non-Party Affiliates. Non-Party Affiliates are expressly intended as third-party beneficiaries of this provision of this Lease. The provisions of this **Section 32.18** shall survive the termination of this Lease.

32.19 **No Third-Party Beneficiaries.** No other person shall be deemed to be a third-party beneficiary of this Lease or any other documents associated with this Lease except as expressly provided in this Lease.

32.20 **Amendments; Waivers.** This Lease may not be amended, modified, altered, or supplemented other than by means of a written instrument approved by the Tenant and by the Landlord, through the Board, and duly executed and delivered to the parties hereto. No waiver of any provision of, or consent or approval required by, this Lease, nor any consent to or approval of any departure here from, shall be effective unless it is in writing and signed by the party against whom enforcement of any such waiver, consent or approval is sought; provided that for avoidance of doubt the Landlord and Tenant acknowledge that a failure to respond or act when required (or within the time limit) to do so shall not be affected by this requirement for a waiver to be in writing. Such waiver, consent or approval shall be effective only in the specific instance and for the purpose for which given. Neither the failure of any party to enforce, nor the delay of any party in enforcing, any condition, provision, or part of this Lease at any time shall be construed as a waiver of that condition, provision or part or forfeit any rights to future enforcement thereof. No action taken pursuant to this Lease shall be deemed to constitute a waiver by the party who has taken action against any other party for compliance with any representation, warranty, covenant, or agreement contained herein.

32.21 **Notification of any injury on the Premises.** Tenant agrees that it will promptly inform Landlord (it being expressly acknowledged and agreed that written notice is not required to satisfy such obligation) and provide to the Landlord a copy of any written reports received from or provided to any governmental agency regarding the occurrence of any serious bodily injury or deaths on or about the Demised Property, due to any cause that might give rise to liability for or to the Landlord, for personal injury or wrongful death. The parties hereby agree that the definition

of serious bodily injury shall include, but not be limited to, any injury to a person which requires medical treatment either at a hospital or by emergency medical technicians.

32.22 **Non-Discrimination.** The Board of County Commissioners declared and established as a matter of policy, by Resolution No. 9601 dated March 24, 1964, that there shall be no discrimination based on race, color, creed, or national origin and Resolution No. 85-92 dated January 21, 1992, that there shall be no discrimination on the basis of disability in connection with any property owned by the Landlord or facilities operated or maintained under lease agreement, license, or other agreement from Miami-Dade County, or its agencies.

ARTICLE 39
RIGHT OF FIRST OFFER; RIGHT OF FIRST REFUSAL; PURCHASE OPTION

39.1 **Landlord's Intent to Market the Demised Property.** If Landlord, in its sole discretion (but subject to any applicable HUD requirements relating to disposition and State laws relating to the sale or conveyance of County-owned property), decides to sell its interest in the Demised Property, then, prior to marketing the Demised Property or any portion thereof, Landlord shall give written notice of such intent to Tenant setting forth the terms and conditions on which Landlord desires to sell the Demised Property or any portion thereof (***Sales Notice***). Tenant shall

have sixty (60) days thereafter within which to notify Landlord of its intent to purchase the Demised Property or any portion thereof offered for sale upon such terms and conditions as are set forth in the Sales Notice. If such Sales Notice is timely given, the closing shall be ninety (90) days after the date of the Sales Notice. The status of title to be delivered and the instruments to be executed pursuant thereto shall be as stated in the Sales Notice and the amount of earnest money that Tenant shall be required to deposit with the notification of intent to purchase by matching the offer shall be as stated in the Sales Notice. Failure of Tenant to so notify Landlord in a timely manner shall be deemed an election not to purchase. In the event Tenant does not so timely notify Landlord of its intent to purchase the offered property upon the terms and conditions stated in the Sales Notice, Landlord shall be free to market such property on its own or through a broker and thereafter may sell the property, subject to all of the terms and conditions of the Lease and any applicable requirements of HUD or any other legal requirements; provided that Landlord may not sell the Land on terms and conditions that are materially different from those contained in any Sales Notice received by Tenant without first offering Tenant the opportunity once again to purchase the Land in accordance with this **Section 39.1** upon such materially different terms and conditions upon which Landlord bases its offer of sale.

39.2 Tenant's Right of First Refusal. If Landlord is not marketing the Demised Property as provided in **Section 39.1** above but receives a written offer in acceptable form from an unrelated third party that Landlord is willing to accept for the purchase of the Demised Property or any portion thereof (a *Sales Offer*), Landlord shall notify Tenant of the terms and conditions of such Sales Offer. Tenant shall then have sixty (60) days within which to notify Landlord of its intent to purchase the Demised Property or the applicable portion thereof by matching said Sales Offer and, in the event of such timely response, the closing of the purchase and sale of the Demised Property or the applicable portion thereof shall be in accordance with the terms of such Sales Offer. In the event that timely notice is not given by Tenant to Landlord, Tenant shall be deemed to have elected not to match said Sales Offer, and Landlord shall be free to sell the Demised Property or the applicable portion thereof to such third party on the terms and conditions set forth in the Sales Offer, subject, however, to all terms and conditions of this Lease and any applicable requirements of HUD or any other legal requirements. If Landlord fails to sell the Land to such third party for an aggregate sales price not less than ninety-five percent (95%) of the sales price set forth in the Sales Offer and otherwise in accordance with the terms of the Sales Offer within one hundred and eighty (180) days after Landlord is entitled to sell the Demised Property or the applicable portion thereof to such third party, the right of first refusal created in this **Section 39.2** shall be revived and again shall be enforceable.

39.3 Landlord's Right of First Refusal. Tenant agrees to provide Landlord with written notice if Tenant intends to sell its leasehold interest in any portion of the Demised Property containing LIHTC Unit. Landlord shall have a right of first refusal to purchase Tenant's leasehold interest in any portion of the Demised Property containing LIHTC Unit, after the end of its tax compliance period, if Tenant accepts an offer ("**Offer**") from a third party to purchase Tenant's leasehold interest in any portion of the Demised Property containing LIHTC Unit. If Tenant accepts an Offer, then Tenant shall provide written notice to Landlord and Landlord shall have sixty (60) days to provide written notification to Tenant of Landlord's intent to exercise its right of first refusal to purchase Tenant's leasehold interest in any portion of the Demised Property containing LIHTC Unit. The purchase price payable by Landlord for Tenant's leasehold interest in any portion of the Demised Property containing LIHTC Unit shall be the purchase price set

forth in the Offer. Delivery of written notice by Landlord of its intent to exercise the option shall obligate Landlord to complete the transaction to purchase the leasehold interest in any portion of the Demised Property containing LIHTC Unit on the date no later than one-hundred and eighty (180) days after the delivery of such notice to Tenant. In the event Landlord shall fail to timely provide written notice or complete the transaction within the time periods set forth herein, Landlord shall conclusively be deemed to have waived its rights set forth in this **Section 39.3**. However, notwithstanding the above, Landlord reserves the explicit right to approve the transfer of Tenant's leasehold interest in any portion of the Demised Property containing LIHTC Unit. Such approval shall be conditioned upon the subject transferred entity has equal or greater experience and equal or greater financial capability and capacity of Tenant. Such approval shall not be unreasonably withheld. Notwithstanding anything to the contrary contained in this **Section 39.3**, this section shall not be applicable to a Leasehold Mortgagee, or its designee, if the Leasehold Mortgagee, or its designee has acquired the LIHTC Unit in a foreclosure or deed in lieu of foreclosure.

39.4 Landlord's Purchase Option. If Tenant receives failing scores from the inspections conducted under the National Standards for Physical Inspection of Real Estate for two (2) consecutive years with respect to any LIHTC phase containing RAD Units, Landlord shall have an option to purchase all (but not less than all) of the any investor's interest in such LIHTC phase containing RAD Units for a period of thirty-six (36) months ("**Option Period**") following the end of the Compliance Period, on the terms and conditions set forth in a purchase option agreement, in the form attached hereto as **Exhibit "T"** and subject to the conditions precedent to the exercise of the option specified therein (the "**Purchase Option Agreement**"). Landlord shall have an option to purchase all (but not less than all) of the real estate, fixtures, and personal property comprising such LIHTC phase containing the RAD Units or associated with the physical operation thereof including, without limitation, all escrow and reserve accounts, and owned by the Tenant, its successors and assigns at the time of purchase (the "**Property Option**") on the terms and conditions set forth in Purchase Option Agreement, and subject to the conditions precedent to the exercise of the Property Option specified therein. The Purchase Option Agreement shall require Landlord to satisfy all existing encumbrances with respect to such LIHTC phase containing RAD Units at closing.

39.5 Mortgage Notice. Tenant shall provide notice to every applicable Leasehold Mortgagee as to its election to acquire the Demised Property or any portion thereof pursuant to **Sections 39.1, 39.2, 39.3 or 39.4**, above. Such notice shall be delivered within five (5) days following Tenant's notice to Landlord evidencing its intent to purchase the Demised Property or any portion thereof.

39.6 Mortgage Rights. Tenant's rights with respect to any option to purchase the Land as set forth in this **Article 39** shall be assignable to and may be exercised by any Permitted Leasehold Mortgagee which succeeds in interest to the Tenant, without requiring any consent or approval by Landlord. Notwithstanding anything to the contrary contained in this Lease, all rights of first offer, rights of first refusal and purchase options under this Section 39 (collectively, the "**ROFO Rights**") shall be subject to the rights of the Leasehold Mortgagee pursuant to the Leasehold Mortgage; provided however, such ROFO Rights shall survive a foreclosure or deeds/assignment-in-lieu of foreclosure of the Leasehold Mortgage after the Leasehold Mortgage or its designee no longer has an interest in such LIHTC Units.

ARTICLE 40
WAREHOUSE

40.1 **Existing Warehouse.** Landlord and Tenant acknowledge that Landlord's existing 20,000 square foot warehouse located on the Demised Property is required to be relocated to accommodate the Development Program. Landlord covenants and agrees to identify a location on Landlord owned property, other than the Demised Property, on or before four (4) months following approval of this Agreement by the Board for Tenant to build a replacement warehouse with supportive offices (the "**Replacement Warehouse**") containing approximately 20,000 square feet to be designed in accordance with the criteria described on **Exhibit "W"** attached hereto (the "**Criteria**"). If Landlord has not identified the location for the Replacement Warehouse within the timeframe set forth in this Section 40.1, Tenant may lease temporary warehouse space substantially similar to the existing warehouse ("**Temporary Space**") for Landlord to relocate from the existing warehouse until the Replacement Warehouse is completed.

40.2 **Design and Construction of Replacement Warehouse.** Tenant shall design the Replacement Warehouse in accordance with the Criteria. Tenant shall submit to Landlord for its review and approval the Schematic Design Documents, the Design Development Documents and the Construction Documents for the Replacement Warehouse utilizing the same procedure as set forth in **Sections 7.10, 7.11 and 7.12** of this Lease. Tenant shall promptly construct the Replacement Warehouse substantially in accordance with the Construction Documents approved or deemed approved by Landlord. Landlord shall vacate the existing warehouse upon the earlier of (a) within thirty (30) days of the issuance of a certificate of occupancy for the Replacement Warehouse or (b) if Landlord has failed to identify the location for the Replacement Warehouse within the timeframe set forth in Section 40.1 above, within thirty (30) days of Landlord's receipt of written Notice that the Temporary Space is available for occupancy. The failure of Landlord to vacate the existing warehouse within such time period shall constitute an Unavailable Delay.

40.3 **Cost for Design and Construction of the Replacement Warehouse.** Tenant shall pay all costs and expenses for the design and construction of the Replacement Warehouse, without markup and all costs associated with the Temporary Warehouse, if applicable. Upon completion, Tenant shall provide Landlord with a statement of costs and detailed accounting records, open book, reflecting all costs and expenses incurred by Tenant in connection with the design and construction of the Replacement Warehouse, including customary overhead and all costs associated with the Temporary Warehouse, if applicable. Landlord shall have thirty (30) days from receipt to object to any costs and expenses reflected in the statement of costs provided by Tenant or such statement of costs shall be deemed approved. Tenant shall be entitled to offset against Capital Ground Lease Payments the amount of the statement of costs approved or deemed approved by Landlord.

[The remainder of this page is intentionally left blank]

IN WITNESS WHEREOF, Landlord has caused this Lease to be executed in its name by the County Mayor; as authorized by the Board of County Commissioners, and Tenant has caused this Lease to be executed by its duly authorized representative, all on the day and year first herein above written.

HUD has agreed, subject to the provisions of an Annual Contributions Terms and Conditions (ACC), to provide financial assistance to the PHA, which includes assistance in financing the work to be performed under this contract. As defined elsewhere in these General Conditions or the contract documents, the determination of HUD may be required to authorize changes in the work or for release of funds to the PHA for payment to the Contractor. Notwithstanding HUD's role, nothing in this contract shall be construed to create any contractual relationship between the Contractor and HUD.
- (g) "Project" means the entire project, whether construction or rehabilitation, the work for which is provided for in whole or in part under this contract.
- (h) "PHA" means the Public Housing Agency organized under applicable state laws which is a party to this contract.

2. Contractor's Responsibility for Work

- (a) The Contractor shall furnish all necessary labor, materials, tools, equipment, and transportation necessary for performance of the work. The Contractor shall also furnish all necessary water, heat, light, and power not made available to the Contractor by the PHA pursuant to the clause entitled Availability and Use of Utility Services herein.
- (b) The Contractor shall perform on the site, and with its own organization, work equivalent to at least [] (12 percent unless otherwise indicated) of the total amount of work to be performed under the order. This percentage may be reduced by a supplemental agreement to this order if, during performing the work, the Contractor requests a reduction and the Contracting Officer determines that the reduction would be to the advantage of the PHA.
- (c) At all times during performance of this contract and until the work is completed and accepted, the Contractor shall directly superintend the work or assign and have on the work site a competent superintendent who is satisfactory to the Contracting Officer and has authority to act for the Contractor.
- (d) The Contractor shall be responsible for all damages to persons or property that occur as a result of the Contractor's fault or negligence, and shall take proper safety and health precautions to protect the work, the workers, the public, and the property of others. The Contractor shall hold and save the PHA, its officers and agents, free and harmless from liability of any nature occasioned by the Contractor's performance. The Contractor shall also be responsible for all materials delivered and work performed until completion and acceptance of the entire work, except for any completed unit of work which may have been accepted under the contract.
- (e) The Contractor shall lay out the work from base lines and bench marks indicated on the drawings and be responsible for all lines, levels, and measurements of all work executed under the contract. The Contractor shall verify the figures before laying out the work and will be held responsible for any error resulting from its failure to do so.
- (f) The Contractor shall confine all operations (including storage of materials) on PHA premises to areas authorized or approved by the Contracting Officer.
- (g) The Contractor shall at all times keep the work area, including storage areas, free from accumulations of waste materials. After completing the work and before final inspection, the Contractor shall (1) remove from the premises all scaffolding, equipment, tools, and materials (including rejected materials) that are not the property of the PHA and all rubbish caused by its work; (2) leave the work area in a clean, neat, and orderly condition satisfactory to the Contracting Officer; (3) perform all specified tests; and, (4) deliver the installation in complete and operating condition.
- (h) The Contractor's responsibility will terminate when all work has been completed, the final inspection made, and the work accepted by the Contracting Officer. The Contractor will then be released from further obligation except as required by the warranties specified elsewhere in the contract.

3. Architect's Duties, Responsibilities, and Authority

- (a) The Architect for this contract, and any successor, shall be designated in writing by the Contracting Officer.

- (b) The Architect shall serve as the Contracting Officer's technical representative with respect to architectural, **Schedule** engineering, and design matters related to the work performed under the contract. The Architect may provide direction on contract performance. Such direction shall be within the scope of the contract and may not be of a nature which: (1) institutes additional work outside the scope of the contract; (2) constitutes a change as defined in the Changes clause herein; (3) causes an increase or decrease in the cost of the contract; (4) alters the Construction Progress Schedule; or (5) changes any of the other express terms or conditions of the contract.
- (c) The Architect's duties and responsibilities may include but shall not be limited to:
- (1) Making periodic visits to the work site, and on the basis of his/her on-site inspections, issuing written reports to the PHA which shall include all observed deficiencies. The Architect shall file a copy of the report with the Contractor's designated representative at the site;
 - (2) Making modifications in drawings and technical specifications and assisting the Contracting Officer in the preparation of change orders and other contract modifications for issuance by the Contracting Officer;
 - (3) Reviewing and making recommendations with respect to - (i) the Contractor's construction progress schedules; (ii) the Contractor's shop and detailed drawings; (iii) the machinery, mechanical and other equipment and materials or other articles proposed for use by the Contractor; and, (iv) the Contractor's price breakdown and progress payment estimates; and,
 - (4) Assisting in inspections, signing Certificates of Completion, and making recommendations with respect to acceptance of work completed under the contract.

4. Other Contracts

The PHA may undertake or award other contracts for additional work at or near the site of the work under this contract. The Contractor shall fully cooperate with the other contractors and with PHA employees and shall carefully adapt scheduling and performing the work under this contract to accommodate the additional work, heeding any direction that may be provided by the Contracting Officer. The Contractor shall not commit or permit any act that will interfere with the performance of work by any other contractor or by PHA employees

Construction Requirements

5. Pre-construction Conference and Notice to Proceed

of the work, and that it has investigated and satisfied itself

- (a) Within ten calendar days of contract execution, and prior to the commencement of work, the Contractor shall attend a preconstruction conference with representatives of the PHA, its Architect, and other interested parties convened by the PHA. The conference will serve to acquaint the participants with the general plan of the construction operation and all other requirements of the contract. The PHA will provide the Contractor with the date, time, and place of the conference.
- (b) The contractor shall begin work upon receipt of a written Notice to Proceed from the Contracting Officer or designee. The Contractor shall not begin work prior to receiving such notice.

6. Construction Progress

- (a) The Contractor shall, within five days after the work commences on the contract or another period of time determined by the Contracting Officer, prepare and submit to the Contracting Officer for approval three copies of a practicable schedule showing the order in which the Contractor proposes to perform the work, and the dates on which the Contractor contemplates starting and completing the several salient features of the work (including acquiring labor, materials, and equipment). The schedule shall be in the form of a progress chart of suitable scale to indicate appropriately the percentage of work scheduled for completion by any given date during the period. If the Contractor fails to submit a schedule within the time prescribed, the Contracting Officer may withhold approval of progress payments or take other remedies under the contract until the Contractor submits the required schedule.
- (b) The Contractor shall enter the actual progress on the chart as required by the Contracting Officer, and immediately deliver three copies of the annotated schedule to the Contracting Officer. If the Contracting Officer determines, upon the basis of inspection conducted pursuant to the clause entitled Inspection and Acceptance of Construction, herein that the Contractor is not meeting the approved schedule, the Contractor shall take steps necessary to improve its progress, including those that may be required by the Contracting Officer, without additional cost to the PHA. In this circumstance, the Contracting Officer may require the Contractor to increase the number of shifts, overtime operations, days of work, and/or the amount of construction plant, and to submit for approval any supplementary schedule or schedules in chart form as the Contracting Officer deems necessary to demonstrate how the approved rate of progress will be regained.
- (c) Failure of the Contractor to comply with the requirements of the Contracting Officer under this clause shall be grounds for a determination by the Contracting Officer that the Contractor is not prosecuting the work with sufficient diligence to ensure completion within the time specified in the Contract. Upon making this determination, the Contracting Officer may terminate the Contractor's right to proceed with the work, or any separable part of it, in accordance with the Default clause of this contract.

7. Site Investigation and Conditions Affecting the Work

- (a) The Contractor acknowledges that it has taken steps reasonably necessary to ascertain the nature and location as to the general and local conditions which can affect the work or its cost, including but not limited to, (1) conditions bearing upon transportation, disposal, handling, and storage of materials; (2) the availability of labor, water, electric power, and roads; (3) uncertainties of weather, river stages, tides, or similar physical conditions at the site; (4) the conformation and conditions of the ground; and (5) the character of equipment and facilities needed preliminary to and during work performance. The Contractor also acknowledges that it has satisfied itself as to the character, quality, and quantity of surface and subsurface materials or obstacles to be encountered insofar as this information is

reasonably ascertainable from an inspection of the site, including all exploratory work done by the PHA, as well as from the drawings and specifications made a part of this contract. Any failure of the Contractor to take the actions described and acknowledged in this paragraph will not relieve the Contractor from responsibility for estimating properly the difficulty and cost of successfully performing the work, or for proceeding to successfully perform the work without additional expense to the PHA.

- (b) The PHA assumes no responsibility for any conclusions or interpretations made by the Contractor based on the information made available by the PHA. Nor does the PHA assume responsibility for any understanding reached or representation made concerning conditions which can affect the work by any of its officers or agents before the execution of this contract, unless that understanding or representation is expressly stated in this contract.

8. Differing Site Conditions

(a) The Contractor shall promptly, and before the conditions are disturbed, give a written notice to the Contracting Officer of (1) subsurface or latent physical conditions at the site which differ materially from those indicated in this contract, or (2) unknown physical conditions at the site(s), of an unusual nature, which differ materially from those ordinarily encountered and generally recognized as inhering in work of the character provided for in the contract.

(b) The Contracting Officer shall investigate the site conditions promptly after receiving the notice. Work shall not proceed at the affected site, except at the

Contractor's risk, until the Contracting Officer has provided written instructions to the Contractor. If the conditions do materially so differ and cause an increase or decrease in the Contractor's cost of, or the time required for, performing any part of the work under this contract, whether or not changed as a result of the conditions, the Contractor shall file a claim in writing to the PHA within ten days after receipt of such instructions and, in any event, before proceeding with the work. An equitable adjustment in the contract price, the delivery schedule, or both shall be made under this clause and the contract modified in writing accordingly.

(c) No request by the Contractor for an equitable adjustment to the contract under this clause shall be allowed, unless the Contractor has given the written notice required; provided, that the time prescribed in (a) above for giving written notice may be extended by the Contracting Officer.

(d) No request by the Contractor for an equitable adjustment to the contract for differing site conditions shall be allowed if made after final payment under this contract.

9. Specifications and Drawings for Construction

(a) The Contractor shall keep on the work site a copy of the drawings and specifications and shall at all times give the Contracting Officer access thereto. Anything mentioned in the specifications and not shown on the drawings, or shown on the drawings and not mentioned in the specifications, shall be of like effect as if shown or mentioned in both. In case of difference between drawings and specifications, the specifications shall govern. In case of discrepancy in the figures, in the drawings, or in the specifications, the matter shall be

promptly submitted to the Contracting Officer, who shall promptly make a determination in writing. Any adjustment by the Contractor without such a determination shall be at its own risk and expense. The Contracting Officer shall furnish from time to time such detailed drawings and other information as considered necessary, unless otherwise provided.

(b) Wherever in the specifications or upon the drawings the words "directed", "required", "ordered", "designated", "prescribed", or words of like import are used, it shall be understood that the "direction", "requirement", "order", "designation", or "prescription", of the Contracting Officer is intended and similarly the words "approved", "acceptable", "satisfactory", or words of like import shall mean "approved by", or "acceptable to", or "satisfactory to" the Contracting Officer, unless otherwise expressly stated.

(c) Where "as shown" "as indicated", "as detailed", or words of similar import are used, it shall be understood that the reference is made to the drawings accompanying this contract unless stated otherwise. The word "provided" as used herein shall be understood to mean "provide complete in place" that is "furnished and installed".

(d) "Shop drawings" means drawings, submitted to the PHA by the Contractor, subcontractor, or any lower tier subcontractor, showing in detail (1) the proposed fabrication and assembly of structural elements and (2) the installation (i.e., form, fit, and attachment details) of materials of equipment. It includes drawings, diagrams, layouts, schematics, descriptive literature, illustrations, schedules, performance and test data, and similar materials furnished by the Contractor to explain in detail specific portions of the work required by the contract. The PHA may duplicate, use, and disclose in any manner and for any purpose shop drawings delivered under this contract.

(e) If this contract requires shop drawings, the Contractor shall coordinate all such drawings, and review them for accuracy, completeness, and compliance with other contract requirements and shall indicate its approval thereon as evidence of such coordination and review. Shop drawings submitted to the Contracting Officer without evidence of the Contractor's approval may be returned for resubmission. The Contracting Officer will indicate an approval or disapproval of the shop drawings and if not approved as submitted shall indicate the PHA's reasons therefore. Any work done before such approval shall be at the Contractor's risk. Approval by the Contracting Officer shall not relieve the Contractor from responsibility for any errors or omissions in such drawings, nor from responsibility for complying with the requirements of this contract, except with respect to variations described and approved in accordance with (f) below.

(f) If shop drawings show variations from the contract requirements, the Contractor shall describe such variations in writing, separate from the drawings, at the time of submission. If the Architect approves any such variation and the Contracting Officer concurs, the Contracting Officer shall issue an appropriate modification to the contract, except that, if the variation is minor or does not involve a change in price or in time of performance, a modification need not be issued.

(g) It shall be the responsibility of the Contractor to make timely requests of the PHA for such large scale and full size drawings, color schemes, and other additional information, not already in his possession, which shall be

required in the planning and production of the work. Such requests may be submitted as the need arises, but each such request shall be filed in ample time to permit appropriate action to be taken by all parties involved so as to avoid delay.

- (h) The Contractor shall submit to the Contracting Officer for approval four copies (unless otherwise indicated) of all shop drawings as called for under the various headings of these specifications. Three sets (unless otherwise indicated) of all shop drawings, will be retained by the PHA and one set will be returned to the Contractor. As required by the Contracting Officer, the Contractor, upon completing the work under this contract, shall furnish a complete set of all shop drawings as finally approved. These drawings shall show all changes and revisions made up to the time the work is completed and accepted.
- (i) This clause shall be included in all subcontracts at any tier. It shall be the responsibility of the Contractor to ensure that all shop drawings prepared by subcontractors are submitted to the Contracting Officer.

10. As-Built Drawings

- (a) "As-built drawings," as used in this clause, means drawings submitted by the Contractor or subcontractor at any tier to show the construction of a particular structure or work as actually completed under the contract. "As-built drawings" shall be synonymous with "Record drawings."
- (b) As required by the Contracting Officer, the Contractor shall provide the Contracting Officer accurate information to be used in the preparation of permanent as-built drawings. For this purpose, the Contractor shall record on one set of contract drawings all changes from the installations originally indicated, and record final locations of underground lines by depth from finish grade and by accurate horizontal offset distances to permanent surface improvements such as buildings, curbs, or edges of walks.
- (c) This clause shall be included in all subcontracts at any tier. It shall be the responsibility of the Contractor to ensure that all as-built drawings prepared by subcontractors are submitted to the Contracting Officer.

11. Material and Workmanship

- (a) All equipment, material, and articles furnished under this contract shall be new and of the most suitable grade for the purpose intended, unless otherwise specifically provided in this contract. References in the contract to equipment, material, articles, or patented processes by trade name, make, or catalog number, shall be regarded as establishing a standard of quality and shall not be construed as limiting competition. The Contractor may, at its option, use any equipment, material, article, or process that, in the judgment of, and as approved by the Contracting Officer, is equal to that named in the specifications, unless otherwise specifically provided in this contract.
- (b) Approval of equipment and materials.
- (1) The Contractor shall obtain the Contracting Officer's approval of the machinery and mechanical and other equipment to be incorporated into the work. When requesting approval, the Contractor shall furnish to the Contracting Officer the name of the manufacturer, the model number, and other information concerning the performance, capacity, nature, and rating of the

machinery and mechanical and other equipment. When required by this contract or by the Contracting Officer, the Contractor shall also obtain the Contracting Officer's approval of the material or articles which the Contractor contemplates incorporating into the work. When requesting approval, the Contractor shall provide full information concerning the material or articles. Machinery, equipment, material, and articles that do not have the required approval shall be installed or used at the risk of subsequent rejection.

- (2) When required by the specifications or the Contracting Officer, the Contractor shall submit appropriately marked samples (and certificates related to them) for approval at the Contractor's expense, with all shipping charges prepaid. The Contractor shall label, or otherwise properly mark on the container, the material or product represented, its place of origin, the name of the producer, the Contractor's name, and the identification of the construction project for which the material or product is intended to be used.
- (3) Certificates shall be submitted in triplicate, describing each sample submitted for approval and certifying that the material, equipment or accessory complies with contract requirements. The certificates shall include the name and brand of the product, name of manufacturer, and the location where produced.
- (4) Approval of a sample shall not constitute a waiver of the PHA right to demand full compliance with contract requirements. Materials, equipment and accessories may be rejected for cause even though samples have been approved.
- (5) Wherever materials are required to comply with recognized standards or specifications, such specifications shall be accepted as establishing the technical qualities and testing methods, but shall not govern the number of tests required to be made nor modify other contract requirements. The Contracting Officer may require laboratory test reports on items submitted for approval or may approve materials on the basis of data submitted in certificates with samples. Check tests will be made on materials delivered for use only as frequently as the Contracting Officer determines necessary to insure compliance of materials with the specifications. The Contractor will assume all costs of retesting materials which fail to meet contract requirements and/or testing materials offered in substitution for those found deficient.
- (6) After approval, samples will be kept in the Project office until completion of work. They may be built into the work after a substantial quantity of the materials they represent has been built in and accepted.
- (c) Requirements concerning lead-based paint. The Contractor shall comply with the requirements concerning lead-based paint contained in the Lead-Based Paint Poisoning Prevention Act (42 U.S.C. 4821-4846) as implemented by 24 CFR Part 35.

12. Permits and Codes

- (a) The Contractor shall give all notices and comply with all applicable laws, ordinances, codes, rules and regulations. Notwithstanding the requirement of the Contractor to comply with the drawings and specifications in the contract, all work installed shall comply with all applicable codes and regulations as amended by any

waivers. Before installing the work, the Contractor shall examine the drawings and the specifications for compliance with applicable codes and regulations bearing on the work and shall immediately report any discrepancy it may discover to the Contracting Officer.

Where the requirements of the drawings and specifications fail to comply with the applicable code or regulation, the Contracting Officer shall modify the contract by change order pursuant to the clause entitled Changes herein to conform to the code or regulation.

- (b) The Contractor shall secure and pay for all permits, fees, and licenses necessary for the proper execution and completion of the work. Where the PHA can arrange for the issuance of all or part of these permits, fees and licenses, without cost to the Contractor, the contract amount shall be reduced accordingly.

13. Health, Safety, and Accident Prevention

(a) In performing this contract, the Contractor shall:

- (1) Ensure that no laborer or mechanic shall be required to work in surroundings or under working conditions which are unsanitary, hazardous, or dangerous to his/her health and/or safety as determined under construction safety and health standards promulgated by the Secretary of Labor by regulation;
- (2) Protect the lives, health, and safety of other persons;
- (3) Prevent damage to property, materials, supplies, and equipment; and,
- (4) Avoid work interruptions.

(b) For these purposes, the Contractor shall:

- (1) Comply with regulations and standards issued by the Secretary of Labor at 29 CFR Part 1926. Failure to comply may result in imposition of sanctions pursuant to the Contract Work Hours and Safety Standards Act (Public Law 91-54, 83 Stat. 96), 40 U.S.C. 3701 et seq.; and
 - (2) Include the terms of this clause in every subcontract so that such terms will be binding on each subcontractor.
- (c) The Contractor shall maintain an accurate record of exposure data on all accidents incident to work performed under this contract resulting in death, traumatic injury, occupational disease, or damage to property, materials, supplies, or equipment, and shall report this data in the manner prescribed by 29 CFR Part 1904.
- (d) The Contracting Officer shall notify the Contractor of any noncompliance with these requirements and of the corrective action required. This notice, when delivered to the Contractor or the Contractor's representative at the site of the work, shall be deemed sufficient notice of the noncompliance and corrective action required. After receiving the notice, the Contractor shall immediately take corrective action. If the Contractor fails or refuses to take corrective action promptly, the Contracting Officer may issue an order stopping all or part of the work until satisfactory corrective action has been taken. The Contractor shall not base any claim or request for equitable adjustment for additional time or money on any stop order issued under these circumstances.
- (e) The Contractor shall be responsible for its subcontractors' compliance with the provisions of this clause. The Contractor shall take such action with respect to any subcontract as the PHA, the Secretary of Housing and Urban Development, or the Secretary of Labor shall direct as a means of enforcing such provisions.

14. Temporary Heating

The Contractor shall provide and pay for temporary heating, covering, and enclosures necessary to properly protect all work and materials against damage by dampness and cold, to dry out the work, and to facilitate the completion of the work. Any permanent heating equipment used shall be turned over to the PHA in the condition and at the time required by the specifications.

15. Availability and Use of Utility Services

- (a) The PHA shall make all reasonably required amounts of utilities available to the Contractor from existing outlets and supplies, as specified in the contract. Unless otherwise provided in the contract, the amount of each utility service consumed shall be charged to or paid for by the Contractor at prevailing rates charged to the PHA or, where the utility is produced by the PHA, at reasonable rates determined by the Contracting Officer. The Contractor shall carefully conserve any utilities furnished without charge.
- (b) The Contractor, at its expense and in a manner satisfactory to the Contracting Officer, shall install and maintain all necessary temporary connections and distribution lines, and all meters required to measure the amount of each utility used for the purpose of determining charges. Before final acceptance of the work by the PHA, the Contractor shall remove all the temporary connections, distribution lines, meters, and associated paraphernalia.

16. Protection of Existing Vegetation, Structures, Equipment, Utilities, and Improvements

- (a) The Contractor shall preserve and protect all structures, equipment, and vegetation (such as trees, shrubs, and grass) on or adjacent to the work site, which are not to be removed under this contract, and which do not unreasonably interfere with the work required under this contract.
- (b) The Contractor shall only remove trees when specifically authorized to do so, and shall avoid damaging vegetation that will remain in place. If any limbs or branches of trees are broken during performance of this contract, or by the careless operation of equipment, or by workmen, the Contractor shall trim those limbs or branches with a clean cut and paint the cut with a tree-pruning compound as directed by the Contracting Officer.
- (c) The Contractor shall protect from damage all existing improvements and utilities (1) at or near the work site and (2) on adjacent property of a third party, the locations of which are made known to or should be known by the Contractor. Prior to disturbing the ground at the construction site, the Contractor shall ensure that all underground utility lines are clearly marked.
- (d) The Contractor shall shore up, brace, underpin, secure, and protect as necessary all foundations and other parts of existing structures adjacent to, adjoining, and in the vicinity of the site, which may be affected by the excavations or other operations connected with the construction of the project.
- (e) Any equipment temporarily removed as a result of work under this contract shall be protected, cleaned, and replaced in the same condition as at the time of award of this contract.

- (f) New work which connects to existing work shall correspond in all respects with that to which it connects and/or be similar to existing work unless otherwise required by the specifications.
- (g) No structural members shall be altered or in any way weakened without the written authorization of the Contracting Officer, unless such work is clearly specified in the plans or specifications.
- (h) If the removal of the existing work exposes discolored or unfinished surfaces, or work out of alignment, such surfaces shall be refinished, or the material replaced as necessary to make the continuous work uniform and harmonious. This, however, shall not be construed to require the refinishing or reconstruction of dissimilar finishes previously exposed, or finished surfaces in good condition, but in different planes or on different levels **Construction** when brought together by the removal of intervening work, unless such refinishing or reconstruction is specified in the plans or specifications.
- (i) The Contractor shall give all required notices to any adjoining or adjacent property owner or other party before the commencement of any work.
- (j) The Contractor shall indemnify and save harmless the PHA from any damages on account of settlement or the loss of lateral support of adjoining property, any damages from changes in topography affecting drainage, and from all loss or expense and all damages for which the PHA may become liable in consequence of such injury or damage to adjoining and adjacent structures and their premises.
- (k) The Contractor shall repair any damage to vegetation, structures, equipment, utilities, or improvements, including those that are the property of a third party, resulting from failure to comply with the requirements of this contract or failure to exercise reasonable care in performing the work. If the Contractor fails or refuses to repair the damage promptly, the Contracting Officer may have the necessary work performed and charge the cost to the Contractor.

17. Temporary Buildings and Transportation of Materials

- (a) Temporary buildings (e.g., storage sheds, shops, offices, sanitary facilities) and utilities may be erected by the Contractor only with the approval of the Contracting Officer and shall be built with labor and materials furnished by the Contractor without expense to the PHA. The temporary buildings and utilities shall remain the property of the Contractor and shall be removed by the Contractor at its expense upon completion of the work. With the written consent of the Contracting Officer, the buildings and utilities may be abandoned and need not be removed.
- (b) The Contractor shall, as directed by the Contracting Officer, use only established roadways, or use temporary roadways constructed by the Contractor when and as authorized by the Contracting Officer. When materials are transported in prosecuting the work, vehicles shall not be loaded beyond the loading capacity recommended by the manufacturer of the vehicle or prescribed by any federal, state, or local law or regulation. When it is necessary to cross curbs or sidewalks, the Contractor shall protect them from damage. The Contractor shall repair or pay for the repair of any damaged curbs, sidewalks, or roads.

18. Clean Air and Water

The contractor shall comply with the Clean Air Act, as amended, 42 USC 7401 et seq., the Federal Water Pollution Control Water Act, as amended, 33 U.S.C. 1251 et seq., and standards issued pursuant thereto in the facilities in which this contract is to be performed.

19. Energy Efficiency

The Contractor shall comply with mandatory standards and policies relating to energy efficiency which are contained in the energy conservation plan issued in compliance with the Energy Policy and Conservation Act (Pub.L. 94-163) for the State in which the work under the contract is performed.

20. Inspection and Acceptance of

- (a) Definitions. As used in this clause -
- (1) "Acceptance" means the act of an authorized representative of the PHA by which the PHA approves and assumes ownership of the work performed under this contract. Acceptance may be partial or complete.
- (2) "Inspection" means examining and testing the work performed under the contract (including, when appropriate, raw materials, equipment, components, and intermediate assemblies) to determine whether it conforms to contract requirements.
- (3) "Testing" means that element of inspection that determines the properties or elements, including functional operation of materials, equipment, or their components, by the application of established scientific principles and procedures.
- (b) The Contractor shall maintain an adequate inspection system and perform such inspections as will ensure that the work performed under the contract conforms to contract requirements. All work is subject to PHA inspection and test at all places and at all reasonable times before acceptance to ensure strict compliance with the terms of the contract.
- (c) PHA inspections and tests are for the sole benefit of the PHA and do not: (1) relieve the Contractor of responsibility for providing adequate quality control measures; (2) relieve the Contractor of responsibility for loss or damage of the material before acceptance; (3) constitute or imply acceptance; or, (4) affect the continuing rights of the PHA after acceptance of the completed work under paragraph (j) below.
- (d) The presence or absence of the PHA inspector does not relieve the Contractor from any contract requirement, nor is the inspector authorized to change any term or condition of the specifications without the Contracting Officer's written authorization. All instructions and approvals with respect to the work shall be given to the Contractor by the Contracting Officer.
- (e) The Contractor shall promptly furnish, without additional charge, all facilities, labor, and material reasonably needed for performing such safe and convenient inspections and tests as may be required by the Contracting Officer. The PHA may charge to the Contractor any additional cost of inspection or test when work is not ready at the time specified by the Contractor for inspection or test, or when prior rejection makes reinspection or retest necessary. The PHA shall perform all inspections and tests in a manner that will not unnecessarily delay the work. Special, full size, and performance tests shall be performed as described in the contract.

- (f) The PHA may conduct routine inspections of the construction site on a daily basis.
- (g) The Contractor shall, without charge, replace or correct work found by the PHA not to conform to contract requirements, unless the PHA decides that it is in its interest to accept the work with an appropriate adjustment in contract price. The Contractor shall promptly segregate and remove rejected material from the premises.
- (h) If the Contractor does not promptly replace or correct rejected work, the PHA may (1) by contract or otherwise, replace or correct the work and charge the cost to the Contractor, or (2) terminate for default the Contractor's right to proceed.
- (i) If any work requiring inspection is covered up without approval of the PHA, it must, if requested by the Contracting Officer, be uncovered at the expense of the Contractor. If at any time before final acceptance of the entire work, the **Construction PHA** considers it necessary or advisable, to examine work already completed by removing or tearing it out, the Contractor, shall on request, promptly furnish all necessary facilities, labor, and material. If such work is found to be defective or nonconforming in any material respect due to the fault of the Contractor or its subcontractors, the Contractor shall defray all the expenses of the examination and of satisfactory reconstruction. If, however, such work is found to meet the requirements of the contract, the Contracting Officer shall make an equitable adjustment to cover the cost of the examination and reconstruction, including, if completion of the work was thereby delayed, an extension of time.
- (j) The Contractor shall notify the Contracting Officer, in writing, as to the date when in its opinion all or a designated portion of the work will be substantially completed and ready for inspection. If the Architect determines that the state of preparedness is as represented, the PHA will promptly arrange for the inspection. Unless otherwise specified in the contract, the PHA shall accept, as soon as practicable after completion and inspection, all work required by the contract or that portion of the work the Contracting Officer determines and designates can be accepted separately. Acceptance shall be final and conclusive except for latent defects, fraud, gross mistakes amounting to fraud, or the PHA's right under any warranty or guarantee.

21. Use and Possession Prior to Completion

- (a) The PHA shall have the right to take possession of or use any completed or partially completed part of the work. Before taking possession of or using any work, the Contracting Officer shall furnish the Contractor a list of items of work remaining to be performed or corrected on those portions of the work that the PHA intends to take possession of or use. However, failure of the Contracting Officer to list any item of work shall not relieve the Contractor of responsibility for complying with the terms of the contract. The PHA's possession or use shall not be deemed an acceptance of any work under the contract.
- (b) While the PHA has such possession or use, the Contractor shall be relieved of the responsibility for (1) the loss of or damage to the work resulting from the PHA's possession or use, notwithstanding the terms of the clause entitled Permits and Codes herein; (2) all maintenance costs on the areas occupied; and, (3) furnishing heat, light, power, and water used in the areas

occupied without proper remuneration therefore. If prior possession or use by the PHA delays the progress of the work or causes additional expense to the Contractor, an equitable adjustment shall be made in the contract price or the time of completion, and the contract shall be modified in writing accordingly.

22. Warranty of Title

The Contractor warrants good title to all materials, supplies, and equipment incorporated in the work and agrees to deliver the premises together with all improvements thereon free from any claims, liens or charges, and agrees further that neither it nor any other person, firm or corporation shall have any right to a lien upon the premises or anything appurtenant thereto.

23. Warranty of

- (a) In addition to any other warranties in this contract, the Contractor warrants, except as provided in paragraph (j) of this clause, that work performed under this contract conforms to the contract requirements and is free of any defect in equipment, material, or workmanship performed by the Contractor or any subcontractor or supplier at any tier. This warranty shall continue for a period of _____ (one year unless otherwise indicated) from the date of final acceptance of the work. If the PHA takes possession of any part of the work before final acceptance, this warranty shall continue for a period of (one year unless otherwise indicated) from the date that the PHA takes possession.
- (b) The Contractor shall remedy, at the Contractor's expense, any failure to conform, or any defect. In addition, the Contractor shall remedy, at the Contractor's expense, any damage to PHA-owned or controlled real or personal property when the damage is the result of—
 - (1) The Contractor's failure to conform to contract requirements; or
 - (2) Any defects of equipment, material, workmanship or design furnished by the Contractor.
- (c) The Contractor shall restore any work damaged in fulfilling the terms and conditions of this clause. The Contractor's warranty with respect to work repaired or replaced will run for (one year unless otherwise indicated) from the date of repair or replacement.
- (d) The Contracting Officer shall notify the Contractor, in writing, within a reasonable time after the discovery of any failure, defect or damage.
- (e) If the Contractor fails to remedy any failure, defect, or damage within a reasonable time after receipt of notice, the PHA shall have the right to replace, repair or otherwise remedy the failure, defect, or damage at the Contractor's expense.
- (f) With respect to all warranties, express or implied, from subcontractors, manufacturers, or suppliers for work performed and materials furnished under this contract, the Contractor shall:
 - (1) Obtain all warranties that would be given in normal commercial practice;
 - (2) Require all warranties to be executed in writing, for the benefit of the PHA; and,
 - (3) Enforce all warranties for the benefit of the PHA.
- (g) In the event the Contractor's warranty under paragraph (a) of this clause has expired, the PHA may bring suit at its own expense to enforce a subcontractor's, manufacturer's or supplier's warranty.

- (h) Unless a defect is caused by the negligence of the Contractor or subcontractor or supplier at any tier, the Contractor shall not be liable for the repair of any defect of material or design furnished by the PHA nor for the repair of any damage that results from any defect in PHA furnished material or design.
- (i) Notwithstanding any provisions herein to the contrary, the establishment of the time periods in paragraphs (a) and (c) above relate only to the specific obligation of the Contractor to correct the work, and have no relationship to the time within which its obligation to comply with the contract may be sought to be enforced, nor to the time within which proceedings may be commenced to establish the Contractor's liability with respect to its obligation other than specifically to correct the work.
- (j) This warranty shall not limit the PHA's rights under the Inspection and Acceptance of Construction clause of this contract with respect to latent defects, gross mistakes or fraud.

24. Prohibition Against Liens

The Contractor is prohibited from placing a lien on the PHA's property. This prohibition shall apply to all subcontractors at any tier and all materials suppliers.

Administrative Requirements

25. Contract Period

this contract within _____ calendar days of the effective date of the contract, or within the time schedule established in the notice to proceed issued by the Contracting Officer.

26. Order of Provisions

accordance with the terms and conditions of the

In the event of a conflict between these General Conditions and the Specifications, the General Conditions shall prevail. In the event of a conflict between the contract and any applicable state or local law or regulation, the state or local law or regulation shall prevail; provided that such state or local law or regulation does not conflict with, or is less restrictive than applicable federal law, regulation, or Executive Order. In the event of such a conflict, applicable federal law, regulation, and Executive Order shall prevail.

27. Payments

retain ten (10) percent of the amount of progress
 (a) The PHA shall pay the Contractor the price as provided in this contract.

(b) The PHA shall make progress payments approximately every 30 days as the work proceeds, on estimates of work accomplished which meets the standards of quality established under the contract, as approved by the Contracting Officer. The PHA may, subject to written determination and approval of the Contracting Officer, make more frequent payments to contractors which are qualified small businesses.

(c) Before the first progress payment under this contract, the Contractor shall furnish, in such detail as requested by the Contracting Officer, a breakdown of the total contract price showing the amount included therein for each principal category of the work, which shall substantiate the payment amount requested in order to provide a

basis for determining progress payments. The breakdown shall be approved by the Contracting Officer and must be acceptable to HUD. If the contract covers more than one project, the Contractor shall furnish a separate breakdown for each. The values and quantities employed in making up this breakdown are for determining the amount of progress payments and shall not be construed as a basis for additions to or deductions from the contract price. The Contractor shall prorate its overhead and profit over the construction period of the contract.

(d) The Contractor shall submit, on forms provided by the PHA, periodic estimates showing the value of the work performed during each period based upon the approved

submitted not later than _____ days in advance of the date set for payment and are subject to correction and revision as required. The estimates must be approved by the Contracting Officer with the concurrence of the Architect prior to payment. If the contract covers more than one project, the Contractor shall furnish a separate progress payment estimate for each.

(e) Along with each request for progress payments and the required estimates, the Contractor shall furnish the following certification, or payment shall not be made: I hereby certify, to the best of my knowledge and belief, that:

- (1) The amounts requested are only for performance in accordance with the specifications, terms, and conditions of the contract;
- (2) Payments to subcontractors and suppliers have been made from previous payments received under the contract, and timely payments will be made from the proceeds of the payment covered by this certification, in accordance with subcontract agreements; and,
- (3) This request for progress payments does not include any amounts which the prime contractor intends to withhold or retain from a subcontractor or supplier in subcontract.

(f) Except as otherwise provided in State law, the PHA shall

payments until completion and acceptance of all work under the contract; except, that if upon completion of 50 percent of the work, the Contracting Officer, after consulting with the Architect, determines that the Contractor's performance and progress are satisfactory, the PHA may make the remaining payments in full for the work subsequently completed. If the Contracting Officer subsequently determines that the Contractor's performance and progress are unsatisfactory, the PHA shall reinstate the ten (10) percent (or other percentage as provided in State law) retainage until such time as the Contracting Officer determines that performance and progress are satisfactory.

(g) The Contracting Officer may authorize material delivered on the site and preparatory work done to be taken into consideration when computing progress payments.

Material delivered to the Contractor at locations other than the site may also be taken into consideration if the Contractor furnishes satisfactory evidence that (1) it has acquired title to such material; (2) the material is properly stored in a bonded warehouse, storage yard, or similar suitable place as may be approved by the Contracting Officer; (3) the material is insured to cover its full value; and (4) the material will be used to perform this contract. Before any progress payment which includes delivered material is made, the Contractor shall furnish such documentation as the Contracting Officer may require to assure the protection of the PHA's interest in such materials. The Contractor shall remain responsible for such stored material notwithstanding the transfer of title to the PHA.

- (h) All material and work covered by progress payments made shall, at the time of payment become the sole property of the PHA, but this shall not be construed as (1) relieving the Contractor from the sole responsibility for all material and work upon which payments have been made or the restoration of any damaged work; or, (2) waiving the right of the PHA to require the fulfillment of all of the terms of the contract. In the event the work of the Contractor has been damaged by other contractors or persons other than employees of the PHA in the course of their employment, the Contractor shall restore such damaged work without cost to the PHA and to seek redress for its damage only from those who directly caused it.
- (i) The PHA shall make the final payment due the Contractor under this contract after (1) completion and final acceptance of all work; and (2) presentation of release of all claims against the PHA arising by virtue of this contract, other than claims, in stated amounts, that the Contractor has specifically excepted from the operation of the release. Each such exception shall embrace no more than one claim, the basis and scope of which shall be clearly defined. The amounts for such excepted claims shall not be included in the request for final payment. A release may also be required of the assignee if the Contractor's claim to amounts payable under this contract has been assigned.
- (j) Prior to making any payment, the Contracting Officer may require the Contractor to furnish receipts or other evidence of payment from all persons performing work and supplying material to the Contractor, if the Contracting Officer determines such evidence is necessary to substantiate claimed costs.
- (k) The PHA shall not; (1) determine or adjust any claims for payment or disputes arising there under between the Contractor and its subcontractors or material suppliers; or, (2) withhold any moneys for the protection of the subcontractors or material suppliers. The failure or refusal of the PHA to withhold moneys from the Contractor shall in nowise impair the obligations of any surety or sureties under any bonds furnished under this contract.

28. Contract Modifications

- (a) Only the Contracting Officer has authority to modify any term or condition of this contract. Any contract modification shall be authorized in writing.
- (b) The Contracting Officer may modify the contract unilaterally (1) pursuant to a specific authorization stated in a contract clause (e.g., Changes); or (2) for administrative matters which do not change the rights or

responsibilities of the parties (e.g., change in the PHA address). All other contract modifications shall be in the form of supplemental agreements signed by the Contractor and the Contracting Officer.

- (c) When a proposed modification requires the approval of HUD prior to its issuance (e.g., a change order that exceeds the PHA's approved threshold), such modification shall not be effective until the required approval is received by the PHA.

29. Changes

- (a) The Contracting Officer may, at any time, without notice to the sureties, by written order designated or indicated to be a change order, make changes in the work within the general scope of the contract including changes:
 - (1) In the specifications (including drawings and designs);
 - (2) In the method or manner of performance of the work;
 - (3) PHA-furnished facilities, equipment, materials, services, or site; or,
 - (4) Directing the acceleration in the performance of the work.
- (b) Any other written order or oral order (which, as used in this paragraph (b), includes direction, instruction, interpretation, or determination) from the Contracting Officer that causes a change shall be treated as a change order under this clause; provided, that the Contractor gives the Contracting Officer written notice stating (1) the date, circumstances and source of the order and (2) that the Contractor regards the order as a change order.
- (c) Except as provided in this clause, no order, statement or conduct of the Contracting Officer shall be treated as a change under this clause or entitle the Contractor to an equitable adjustment.
- (d) If any change under this clause causes an increase or decrease in the Contractor's cost of, or the time required for the performance of any part of the work under this contract, whether or not changed by any such order, the Contracting Officer shall make an equitable adjustment and modify the contract in writing. However, except for a adjustment based on defective specifications, no proposal for any change under paragraph (b) above shall be allowed for any costs incurred more than 20 days (5 days for oral orders) before the Contractor gives written notice as required. In the case of defective specifications for which the PHA is responsible, the equitable adjustment shall include any increased cost reasonably incurred by the Contractor in attempting to comply with the defective specifications.
- (e) The Contractor must assert its right to an adjustment under this clause within 30 days after (1) receipt of a written change order under paragraph (a) of this clause, or (2) the furnishing of a written notice under paragraph (b) of this clause, by submitting a written statement describing the general nature and the amount of the proposal. If the facts justify it, the Contracting Officer may extend the period for submission. The proposal may be included in the notice required under paragraph (b) above. No proposal by the Contractor for an equitable adjustment shall be allowed if asserted after final payment under this contract.
- (f) The Contractor's written proposal for equitable adjustment shall be submitted in the form of a lump sum proposal supported with an itemized breakdown of all increases and decreases in the contract in at least the following details:

- (1) Direct Costs. Materials (list individual items, the quantity and unit cost of each, and the aggregate cost); Transportation and delivery costs associated with materials; Labor breakdowns by hours or unit costs (identified with specific work to be performed); Construction equipment exclusively necessary for the change; Costs of preparation and/ or revision to shop drawings resulting from the change; Worker's Compensation and Public Liability Insurance; Employment taxes under FICA and FUTA; and, Bond Costs when size of change warrants revision.
- (2) Indirect Costs. Indirect costs may include overhead, general and administrative expenses, and fringe benefits not normally treated as direct costs.
- (3) Profit. The amount of profit shall be negotiated and may vary according to the nature, extent, and complexity of the work required by the change. The allowability of the direct and indirect costs shall be determined in accordance with the Contract Cost Principles and Procedures for Commercial Firms in Part 31 of the Federal Acquisition Regulation (48 CFR 1-31), as implemented by HUD Handbook 2210.18, in effect on the date of this contract. The Contractor shall not be allowed a profit on the profit received by any subcontractor. Equitable adjustments for deleted work shall include a credit for profit and may include a credit for indirect costs. On proposals covering both increases and decreases in the amount of the contract, the application of indirect costs and profit shall be on the net-change in direct costs for the Contractor or subcontractor performing the work.
- (g) The Contractor shall include in the proposal its request for time extension (if any), and shall include sufficient information and dates to demonstrate whether and to what extent the change will delay the completion of the contract in its entirety.
- (h) The Contracting Officer shall act on proposals within 30 days after their receipt, or notify the Contractor of the date when such action will be taken.
- (i) Failure to reach an agreement on any proposal shall be a dispute under the clause entitled Disputes herein. Nothing in this clause, however, shall excuse the Contractor from proceeding with the contract as changed.
- (j) Except in an emergency endangering life or property, no change shall be made by the Contractor without a prior order from the Contracting Officer.

30. Suspension of Work

- (a) The Contracting Officer may order the Contractor in writing to suspend, delay, or interrupt all or any part of the work of this contract for the period of time that the Contracting Officer determines appropriate for the convenience of the PHA.
- (b) If the performance of all or any part of the work is, for an unreasonable period of time, suspended, delayed, or interrupted (1) by an act of the Contracting Officer in the administration of this contract, or (2) by the Contracting Officer's failure to act within the time specified (or within a reasonable time if not specified) in this contract an adjustment shall be made for any increase in the cost of performance of the contract (excluding profit) necessarily caused by such unreasonable suspension, delay, or interruption and the contract modified in writing accordingly. However, no adjustment shall be made under this clause for any suspension, delay, or interruption to the extent that performance would have

- been so suspended, delayed, or interrupted by any other cause, including the fault or negligence of the Contractor or for which any equitable adjustment is provided for or excluded under any other provision of this contract.
- (c) A claim under this clause shall not be allowed (1) for any costs incurred more than 20 days before the Contractor shall have notified the Contracting Officer in writing of the act or failure to act involved (but this requirement shall not apply as to a claim resulting from a suspension order); and, (2) unless the claim, in an amount stated, is asserted in writing as soon as practicable after the termination of the suspension, delay, or interruption, but not later than the date of final payment under the contract.

31. Disputes

- (a) "Claim," as used in this clause, means a written demand or written assertion by one of the contracting parties seeking, as a matter of right, the payment of money in a sum certain, the adjustment or interpretation of contract terms, or other relief arising under or relating to the contract. A claim arising under the contract, unlike a claim relating to the contract, is a claim that can be resolved under a contract clause that provides for the relief sought by the claimant. A voucher, invoice, or other routine request for payment that is not in dispute when submitted is not a claim. The submission may be converted to a claim by complying with the requirements of this clause, if it is disputed either as to liability or amount or is not acted upon in a reasonable time.
- (b) Except for disputes arising under the clauses entitled Labor Standards - Davis Bacon and Related Acts, herein, all disputes arising under or relating to this contract, including any claims for damages for the alleged breach thereof which are not disposed of by agreement, shall be resolved under this clause.
- (c) All claims by the Contractor shall be made in writing and submitted to the Contracting Officer for a written decision. A claim by the PHA against the Contractor shall be subject to a written decision by the Contracting Officer.
- (d) The Contracting Officer shall, within 60 (unless otherwise indicated) days after receipt of the request, decide the claim or notify the Contractor of the date by which the decision will be made.
- (e) The Contracting Officer's decision shall be final unless the Contractor (1) appeals in writing to a higher level in the PHA in accordance with the PHA's policy and procedures, (2) refers the appeal to an independent mediator or arbitrator, or (3) files suit in a court of competent jurisdiction. Such appeal must be made within (30 unless otherwise indicated) days after receipt of the Contracting Officer's decision.
- (f) The Contractor shall proceed diligently with performance of this contract, pending final resolution of any request for relief, claim, appeal, or action arising under or relating to the contract, and comply with any decision of the Contracting Officer.

32. Default

- (a) If the Contractor refuses or fails to prosecute the work, or any separable part thereof, with the diligence that will insure its completion within the time specified in this contract, or any extension thereof, or fails to complete said work within this time, the Contracting Officer may, by written notice to the Contractor, terminate the right to

proceed with the work (or separable part of the work) that has been delayed. In this event, the PHA may take over the work and complete it, by contract or otherwise, and may take possession of and use any materials, equipment, and plant on the work site necessary for completing the work. The Contractor and its sureties shall be liable for any damage to the PHA resulting from the **Convenience** Contractor's refusal or failure to complete the work within

the specified time, whether or not the Contractor's right to proceed with the work is terminated. This liability includes any increased costs incurred by the PHA in completing the work.

- (b) The Contractor's right to proceed shall not be terminated or the Contractor charged with damages under this clause if—
- (1) The delay in completing the work arises from unforeseeable causes beyond the control and without the fault or negligence of the Contractor. Examples of such causes include (i) acts of God, or of the public enemy, (ii) acts of the PHA or other governmental entity in either its sovereign or contractual capacity, (iii) acts of another contractor in the performance of a contract with the PHA, (iv) fires, (v) floods, (vi) epidemics, (vii) quarantine restrictions, (viii) strikes, (ix) freight embargoes, (x) unusually severe weather, or (xi) delays of subcontractors or suppliers at any tier arising from unforeseeable causes beyond the control and without the fault or negligence of both the Contractor and the subcontractors or suppliers; and
 - (2) The Contractor, within days (10 days unless otherwise indicated) from the beginning of such delay (unless extended by the Contracting Officer) notifies the Contracting Officer in writing of the causes of delay. The Contracting Officer shall ascertain the facts and the extent of the delay. If, in the judgment of the Contracting Officer, the findings of fact warrant such action, time for completing the work shall be extended by written modification to the contract. The findings of the Contracting Officer shall be reduced to a written decision which shall be subject to the provisions of the Disputes clause of this contract.
- (c) If, after termination of the Contractor's right to proceed, it is determined that the Contractor was not in default, or that the delay was excusable, the rights and obligations of the parties will be the same as if the termination had been for convenience of the PHA.

33. Liquidated Damages

- (a) If the Contractor fails to complete the work within the time specified in the contract, or any extension, as specified in the clause entitled Default of this contract, the Contractor shall pay to the PHA as liquidated damages, the sum of \$ _____ [Contracting Officer insert amount] for each day of delay. If different completion dates are specified in the contract for separate parts or stages of the work, the amount of liquidated damages shall be assessed on those parts or stages which are delayed.  - (1) All laborers and mechanics employed under this contract in the development or construction of the project(s) involved will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act (29 CFR Part 3)), the full amount of wages and bona fide fringe benefits (or cash equivalents thereof) due at time of payment computed at rates not less than those contained in the wage determination of the Secretary of Labor which is attached hereto and made a part hereof, regardless of any contractual relationship which may be alleged to exist between the Contractor and such laborers and mechanics. Contributions made or costs reasonably anticipated for bona fide fringe benefits under Section 1(b)(2) of the Davis-Bacon Act on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of 29 CFR 5.5(a)(1)(iv); also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs which cover the regular weekly period, are deemed to be constructively made or incurred during such weekly period. Such laborers and mechanics shall be paid the appropriate wage rate and fringe benefits in the wage determination for the classification of work actually performed, without regard to skill, except as provided in 29 CFR 5.5(a)(4). Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein; provided, that the employer's payroll records accurately set forth the time spent in each classification in which work is performed. be posted at all times by the Contractor and its subcontractors at the site of the work in a prominent and accessible place where it can be easily seen by the workers.

(2) (i) Any class of laborers or mechanics, including

helpers, which is not listed in the wage determination and which is to be employed under the contract shall be classified in conformance with the wage determination. HUD shall approve an additional classification and wage rate and fringe benefits therefor only when all the following criteria have been met: (A) The work to be performed by the classification requested is not performed by a classification in the wage determination; and (B) The classification is utilized in the area by the construction industry; and (C) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.

- (ii) If the Contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and HUD or its designee agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken shall be sent by HUD or its designee to the Administrator of the Wage and Hour Division, Employee Standards Administration, U.S. Department of Labor, Washington, DC 20210. The Administrator, or an authorized representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise HUD or its designee or will notify HUD or its designee within the 30-day period that additional time is necessary.
- (iii) In the event the Contractor, the laborers or mechanics to be employed in the classification or their representatives, and HUD or its designee do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), HUD or its designee shall refer the questions, including the views of all interested parties and the recommendation of HUD or its designee, to the Administrator of the Wage and Hour Division for determination. The Administrator, or an authorized representative, will issue a determination within 30 days of receipt and so advise HUD or its designee or will notify HUD or its designee within the 30-day period that additional time is necessary.

- (3) Whenever the minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the Contractor shall either pay the benefit as stated in the wage determination or shall pay another bona fide fringe benefit or an hourly cash equivalent thereof.
- (4) If the Contractor does not make payments to a trustee or other third person, the Contractor may consider as part of the wages of any laborer or mechanic the

amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program; provided, that the Secretary of Labor has found, upon the written request of the Contractor, that the applicable standards of the Davis-Bacon Act have been met. The Secretary of Labor may require the Contractor to set aside in a separate account assets for the meeting of obligations under the plan or program.

- (b) Withholding of funds. HUD or its designee shall, upon its own action or upon written request of an authorized representative of the Department of Labor, withhold or cause to be withheld from the Contractor under this contract or any other Federal contract with the same prime Contractor, or any other Federally-assisted contract subject to Davis-Bacon prevailing wage requirements, which is held by the same prime Contractor, so much of the accrued payments or advances as may be considered necessary to pay laborers and mechanics, including apprentices, trainees, and helpers, employed by the Contractor or any subcontractor the full amount of wages required by the contract. In the event of failure to pay any laborer or mechanic, including any apprentice, trainee, or helper, employed or working in the construction or development of the project, all or part of the wages required by the contract, HUD or its designee may, after written notice to the Contractor, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased. HUD or its designee may, after written notice to the Contractor, disburse such amounts withheld for and on account of the Contractor or subcontractor to the respective employees to whom they are due.
- (c) Payrolls and basic records.
- (1) Payrolls and basic records relating thereto shall be maintained by the Contractor during the course of the work and preserved for a period of three years thereafter for all laborers and mechanics working in the construction or development of the project. Such records shall contain the name, address, and social security number of each such worker, his or her correct classification, hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in section 1(b)(2)(B) of the Davis-Bacon Act), daily and weekly number of hours worked, deductions made, and actual wages paid. Whenever the Secretary of Labor has found, under 29 CFR 5.5(a)(1)(iv), that the wages of any laborer or mechanic include the amount of costs reasonably anticipated in providing benefits under a plan or program described in section 1(b)(2)(B) of the Davis-Bacon Act, the Contractor shall maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits. Contractors employing apprentices or trainees under approved programs shall maintain written evidence of the registration of apprenticeship programs and certification of trainee programs, the registration of the apprentices and trainees, and the ratios and wage rates prescribed in the applicable programs.

(2) (i) The Contractor shall submit weekly for each week in which any contract work is performed a copy of all payrolls to the Contracting Officer for transmission to HUD or its designee. The payrolls submitted shall set out accurately and completely all of the information required to be maintained under subparagraph (c)(1) of this clause. This information may be submitted in any form desired. Optional Form WH-347 (Federal Stock Number 029-005-00014-1) is available for this purpose and may be purchased from the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402. The Contractor is responsible for the submission of copies of payrolls by all subcontractors. (Approved by the Office of Management and Budget under OMB Control Number 1214-0149.)

(ii) Each payroll submitted shall be accompanied by a "Statement of Compliance," signed by the Contractor or subcontractor or his or her agent who pays or supervises the payment of the persons employed under the contract and shall certify the following:

 - (B) That each laborer or mechanic (including each helper, apprentice, and trainee) employed on the contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set forth in 29 CFR Part 3; and
 - (C) That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification of work performed, as specified in the applicable wage determination incorporated into the contract.
- (iii) The weekly submission of a properly executed certification set forth on the reverse side of Optional Form WH-347 shall satisfy the requirements for submission of the "Statement of Compliance" required by subparagraph (c)(2)(ii) of this clause.
- (iv) The falsification of any of the above certifications may subject the Contractor or subcontractor to civil or criminal prosecution under Section 1001 of Title 18 and Section 3729 of Title 31 of the United States Code.

(3) The Contractor or subcontractor shall make the records required under subparagraph (c)(1) available for inspection, copying, or transcription by authorized representatives of HUD or its designee, the Contracting Officer, or the Department of Labor and shall permit such representatives to interview employees during working hours on the job. If the Contractor or subcontractor fails to submit the required records or to make them available, HUD or its designee may, after written notice to the Contractor, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds. Furthermore, failure to submit the required records upon request or to

make such records available may be grounds for debarment action pursuant to 29 CFR 5.12.

- (d) (1) Apprentices. Apprentices will be permitted to work at less than the predetermined rate for the work they performed when they are employed pursuant to and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Office of Apprenticeship and Training, Employer and Labor Services (OATELS), or with a State Apprenticeship Agency recognized by OATELS, or if a person is employed in his or her first 90 days of probationary employment as an apprentice in such an apprenticeship program, who is not individually registered in the program, but who has been certified by OATELS or a State Apprenticeship Agency (where appropriate) to be eligible for probationary employment as an apprentice. The allowable ratio of apprentices to journeymen on the job site in any craft classification shall not be greater than the ratio permitted to the Contractor as to the entire work force under the registered program. Any worker listed on a payroll at an apprentice wage rate, who is not registered or otherwise employed as stated in this paragraph, shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any apprentice performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. Where a contractor is performing construction on a project in a locality other than that in which its program is registered, the ratios and wage rates (expressed in percentages of the journeyman's hourly rate) specified in the Contractor's or subcontractor's registered program shall be observed. Every apprentice must be paid at not less than the rate specified in the registered program for the apprentice's level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination. Apprentices shall be paid fringe benefits in accordance with the provisions of the apprenticeship program. If the apprenticeship program does not specify fringe benefits, apprentices must be paid the full amount of fringe benefits listed on the wage determination for the applicable classification. If the Administrator of the Wage and Hour Division determines that a different practice prevails for the applicable apprentice classification, fringes shall be paid in accordance with that determination. In the event OATELS, or a State Apprenticeship Agency recognized by OATELS, withdraws approval of an apprenticeship program, the Contractor will no longer be permitted to utilize apprentices at less than the applicable predetermined rate for the work performed until an acceptable program is approved.
- (2) Trainees. Except as provided in 29 CFR 5.16, trainees will not be permitted to work at less than the predetermined rate for the work performed unless they are employed pursuant to and individually registered in a program which has received prior approval, evidenced by formal certification by the U.S. Department of Labor, Employment and Training Administration. The ratio of trainees to journeymen on the job site shall not be greater than permitted under

the plan approved by the Employment and Training Administration. Every trainee must be paid at not less than the rate specified in the approved program for the trainee's level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination. Trainees shall be paid fringe benefits in accordance with the provisions of the trainee program. If the trainee program does not mention fringe benefits, trainees shall be paid the full amount of fringe benefits listed in the wage determination unless the Administrator of the Wage and Hour Division determines that there is an apprenticeship program associated with the corresponding journeyman wage rate in the wage determination which provides for less than full fringe benefits for apprentices. Any employee listed on the payroll at a trainee rate who is not registered and participating in a training plan approved by the Employment and Training Administration shall be paid not less than the applicable wage rate in the wage determination for the classification of work actually performed. In addition, any trainee performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate in the wage determination for the work actually performed. In the event the Employment and Training Administration withdraws approval of a training program, the Contractor will no longer be permitted to utilize trainees at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

- (3) Equal employment opportunity. The utilization of apprentices, trainees, and journeymen under this clause shall be in conformity with the equal employment opportunity requirements of Executive Order 11246, as amended, and 29 CFR Part 30.
- (e) Compliance with Copeland Act requirements. The Contractor shall comply with the requirements of 29 CFR Part 3, which are hereby incorporated by reference in this contract.
- (f) Contract termination; debarment. A breach of this contract clause may be grounds for termination of the contract and for debarment as a Contractor and a subcontractor as provided in 29 CFR 5.12.
- (g) Compliance with Davis-Bacon and related Act requirements. All rulings and interpretations of the Davis-Bacon and related Acts contained in 29 CFR Parts 1, 3, and 5 are herein incorporated by reference in this contract.
- (h) Disputes concerning labor standards. Disputes arising out of the labor standards provisions of this clause shall not be subject to the general disputes clause of this contract. Such disputes shall be resolved in accordance with the procedures of the Department of Labor set forth in 29 CFR Parts 5, 6, and 7. Disputes within the meaning of this clause include disputes between the Contractor (or any of its subcontractors) and the PHA, HUD, the U.S. Department of Labor, or the employees or their representatives.
- (i) Certification of eligibility.
 - (1) By entering into this contract, the Contractor certifies that neither it (nor he or she) nor any person or firm who has an interest in the Contractor's firm is a person or firm ineligible to be awarded contracts by the United States Government by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).

- (2) No part of this contract shall be subcontracted to any person or firm ineligible for award of a United States Government contract by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).
- (3) The penalty for making false statements is prescribed in the U. S. Criminal Code, 18 U.S.C. 1001.
- (j) Contract Work Hours and Safety Standards Act. As used in this paragraph, the terms "laborers" and "mechanics" include watchmen and guards.
 - (1) Overtime requirements. No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics, including watchmen and guards, shall require or permit any such laborer or mechanic in any workweek in which the individual is employed on such work to work in excess of 40 hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of 40 hours in such workweek.
 - (2) Violation; liability for unpaid wages; liquidated damages. In the event of any violation of the provisions set forth in subparagraph (j)(1) of this clause, the Contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such Contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic (including watchmen and guards) employed in violation of the provisions set forth in subparagraph (j)(1) of this clause, in the sum of \$27 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of 40 hours without payment of the overtime wages required by provisions set forth in subparagraph (j)(1) of this clause. HUD or its designee shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the Contractor or subcontractor under any such contract or any Federal contract with the same prime Contractor, or any other Federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime Contractor, such sums as may be determined to be necessary to satisfy any liabilities of such Contractor or subcontractor for unpaid wages and liquidated damages as provided in the provisions set forth in subparagraph (j)(2) of this clause.
- (k) Subcontracts. The Contractor or subcontractor shall insert in any subcontracts all the provisions contained in this clause, and such other clauses as HUD or its designee may by appropriate instructions require, and also a clause requiring the subcontractors to include these provisions in any lower tier subcontracts. The prime Contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all these provisions.

47. Non-Federal Prevailing Wage Rates

(a) Any prevailing wage rate (including basic hourly rate and any fringe benefits), determined under State or tribal law to be prevailing, with respect to any employee in any trade or position employed under the contract, is inapplicable to the contract and shall not be enforced against the Contractor or any subcontractor, with respect to employees engaged under the contract whenever such non-Federal prevailing wage rate exceeds:

RESOLUTION NO. R-1181-19

RESOLUTION APPROVING FORM OF A TENANT RELOCATION AGREEMENT; DIRECTING THE COUNTY MAYOR OR THE COUNTY MAYOR'S DESIGNEE TO EXECUTE SUCH TENANT RELOCATION AGREEMENTS WITH PUBLIC RESIDENTS IMPACTED BY THE PROPOSED CLOSURE OF HARRY CAIN AND ANNIE COLEMAN 14 PUBLIC HOUSING DEVELOPMENTS, THE FUTURE CLOSURE OF ANY ADDITIONAL PUBLIC HOUSING DEVELOPMENTS, OR THE REDEVELOPMENT OF A PUBLIC HOUSING DEVELOPMENT CONVERTED TO SECTION 8 PROJECT-BASED HOUSING THROUGH RENTAL ASSISTANCE DEMONSTRATION PROGRAM; DIRECTING THE COUNTY MAYOR OR THE COUNTY MAYOR'S DESIGNEE TO DEVELOP A TENANT RELOCATION OFFICER PROGRAM TO ASSIST TENANTS WITH THE RELOCATION PROCESS; AND WAIVING RESOLUTION NO. R-130-06

WHEREAS, the County is a "public housing agency," as defined in the United States Housing Act of 1937 (42 U.S.C. § 1437 *et seq.*, as amended), and is the owner and operator of 12 public housing asset management developments, which include over 9,000 units; and

WHEREAS, the public housing program is funded by the United States Department of Housing and Urban Development ("HUD"); and

WHEREAS, the County, as a steward of the public housing program and as owner of certain public housing developments, has an obligation to provide decent, safe and sanitary housing for all residents of such housing in accordance with federal and state laws and regulations; and

WHEREAS, much of the County's public housing portfolio is outdated and in need of rehabilitation or redevelopment; and

WHEREAS, for many years the County relied on HUD's Capital Funding Program to maintain its public housing stock; and

WHEREAS, HUD's Capital Funding Program only provides approximately \$14 million per year to the County; and

WHEREAS, the County, however, has partnered with private developers to redevelop its public housing stock through a HUD-approved mixed-finance approach, which, to date, has resulted in approximately 2,400 units that have been redeveloped or are in the process of being redeveloped; and

WHEREAS, although the mixed-finance approach has been successful, the County has sought other means to ensure that the remaining public housing stock is redeveloped; and

WHEREAS, on August 30, 2018, the County transmitted to HUD Secretary Benjamin S. Carson, Sr., M.D. a letter of interest proposing the conversion of 6,426 public housing units to the Section 8 project-based housing program through HUD's Rental Assistance Demonstration program ("RAD Program") (collectively referred to as the "County's Portfolio Award Application"); and

WHEREAS, the RAD Program is the voluntary, permanent conversion of public housing to the Section 8 project-based housing program, which was authorized in the Fiscal Year 2012 Congressional Appropriations Bill; and

WHEREAS, unlike the public housing program, the Section 8 project-based housing program allows for more funding flexibility, including the use of other funding sources, such as tax credits, private debt and equity, and other public funds to maintain and improve existing public housing buildings; and

WHEREAS, the RAD Program also guarantees strong tenant protections that tenants currently have under the public housing program; and

WHEREAS, on October 3, 2019, this Board adopted Resolution No. R-1059-19, which, in part, authorizes the County Mayor or the County Mayor's designee to amend the County's Portfolio Award Application to include certain public housing developments that are being redeveloped by Related Urban, thus bringing the total number of public housing units to be converted through the RAD Program from 6,426 to 7,718; and

WHEREAS, the public housing units located in Harry Cain and Annie Coleman 14 public housing sites are currently included amongst the 7,718 units to be converted through the RAD Program; and

WHEREAS, however, due to health and safety issues in Harry Cain and Annie Coleman 14, the County has proposed to close both of these public housing developments and relocate the residents by using vouchers through the Section 8 Housing Choice Voucher Program; and

WHEREAS, the County's redevelopment efforts and the proposed closure of Harry Cain and Annie Coleman 14 could potentially cause thousands of tenants to be relocated; and

WHEREAS, relocating from one's home, regardless of the circumstances, can be costly, time consuming and difficult, and those challenges are even greater for residents of limited incomes relocating from public housing; and

WHEREAS, this Board desires to provide assurances to the residents impacted by the proposed closures or the public housing developments to be converted through the RAD Program of their rights to assistance while relocating and their rights to return to their developments after they have been redeveloped; and

WHEREAS, to provide the residents with this assurance, this Board desires that the County enter into tenant relocation agreements with public housing residents impacted by the proposed closure of Harry Cain and Annie Coleman 14 public housing developments, the future closure of any additional public housing developments, or the redevelopment of public housing developments proposed to be converted to Section 8 project-based housing through RAD Program; and

WHEREAS, during the October 18, 2019 Chairwoman's Policy Council meeting, comments were received from the residents, Legal Services of Greater Miami, Inc., and the public concerning the proposed tenant relocation agreement; and

WHEREAS, during the meeting the County Attorney's Office and the County administration were directed to meet with Legal Services of Greater Miami, Inc., to address the concerns that were raised and to return with an agreement that is acceptable to the County, residents, resident councils and their legal counsel; and

WHEREAS, the proposed tenant relocation agreement, which is attached hereto as Exhibit A, is acceptable to all interested parties; and

WHEREAS, this Board wishes to ensure that the tenant relocation agreements set forth certain rights on the part of relocating tenants and certain duties and responsibilities on the part of the County; and

WHEREAS, this Board further wishes to establish a tenant relocation officer program, which will provide assistance to the aforementioned public housing residents; and

WHEREAS, this Board wishes to waive Resolution No. R-130-06, which provides that an item seeking approval of a contract shall not be placed on a County Commission or committee agenda until the underlying contract is completely negotiated, in final form and executed by all

non-County parties, to give the County Mayor or the County Mayor's designee time to have the tenant relocation agreements executed by the public housing residents impacted by the proposed closures,

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF MIAMI-DADE COUNTY, FLORIDA, that:

To assist relocating tenants in identifying suitable housing, the tenant relocation officer shall have frequent contact with local realtors and multi-family developments, keep an updated list of available units, provide that list regularly to the relocating tenants, and perform the duties ascribed to the tenant relocation officer as set forth in the Tenant Relocation Agreement approved herein.

The County (including PHCD) and the Tenant shall collectively referred to as the "Parties."

RECITALS

WHEREAS, the County desires to relocate Tenant, which includes the following members of the household:

1. [Insert Name of Household Member]
2. [Insert Name of Household Member]
3. [Insert Name of Household Member]; and

WHEREAS, in accordance with Miami-Dade Board of County Commissioner's Resolution No. R-____-19, this Agreement is being entered into to set forth the rights and obligations of the County and Tenant,

NOW, THEREFORE, in consideration of the mutual covenants recorded herein, the Parties hereto agree as follows:

SECTION ONE. GENERAL TERMS.

- A. TENANT hereby agrees to the following:
1. In the event the County complies with its obligations under this Agreement as set forth in Section One (B) below, Tenant shall have no right to seek enforcement of this Agreement.
 2. Tenant shall cooperate with the efforts of the County to assist Tenant in relocating to alternative and comparable housing as more fully described in Section B of this Agreement.
 3. Tenant shall continue to meet their obligations under the public housing program and the lease between the County and Tenant until Tenant is relocated to new housing in accordance with this Agreement. In the event Tenant chooses to be relocated to another comparable public housing unit, Tenant shall comply with the terms of their new Lease and the public housing program.
 4. Tenant shall vacate the Premises once Tenant has located new housing as described herein and has received authorization to move into the new housing.

MDC273

- B. The COUNTY hereby agrees to the following:
1. The County shall assist Tenant in relocating to other suitable housing.
 2. The County shall provide Tenant a Section 8 Housing Choice Voucher to pay for private housing.
 3. The County shall assist Tenant in finding suitable housing using a Section 8 Housing Choice Voucher.
 4. If Tenant requires an extension to locate private housing using the Section 8 Housing Choice Voucher and Tenant requests such extension from the County, the County shall grant such extension beyond the timeframes set forth in the Section 8 Administrative Plan so long as Tenant continues to search for housing. In the event Tenant stops searching for housing, the County shall have no obligation to grant Tenant's request for an extension. Notwithstanding the provisions set forth in 24 C.F.R. § 982.555 related to informal hearings and the County's Section 8 Administrative Plan, the County agrees to provide Tenant with notice and an informal hearing if their Section 8 Housing Choice Voucher expires and the County makes a determination not to grant an extension to such voucher's term. The County will allow for family separations for large families if they cannot locate private housing using a Section 8 Housing Choice Voucher.
 5. If Tenant prefers to transfer to public housing and requests that the County permit such transfer, the County shall provide Tenant another comparable public housing unit to the extent that such public housing unit is available. The County will provide Tenant with a list of all comparable units that are available. If a public housing unit is not available or no longer desirable by Tenant, the County will provide Tenant a Section 8 Housing Choice Voucher. If Tenant accepts a public housing transfer and signs a lease, Tenant shall forfeit the Section 8 Housing Choice Voucher.
 6. The County will continue to recognize any resident council formed under 24 CFR part 964 and, if the public housing development does not have a resident council, the Tenants shall have the right to organize and form a resident council. The resident council will remain the representative organization for the residents during relocation and after the residents relocate to the redeveloped or reopened project connected with their former public housing development. The County will provide support and resources to the resident council while the property is being redeveloped or closed.
 7. The County shall pay all reasonable moving fees and costs, including paying movers to transport Tenant's furniture and belongings, rental or other application fees, utility hook-up costs, deposits and fees, first and last month's rent, and security deposits. For each move, the County will pay application or rental fees for up to five properties. The County will pay additional application or rental fees if Tenant's applications are denied or is

unable to move into the units. Tenant will not be required to pay the costs out-of-pocket and seek reimbursement. For moving costs outside of Miami-Dade County, the County will pay moving costs in accordance with the Department of Transportation Fixed Residential Moving Cost Schedule, Federal Register Volume 80, No. 142, p. 44183-4.

8. The County shall ensure that Tenant shall have the rights described in this Agreement even if Tenant finds their own housing without using a Section 8 Housing Choice Voucher or remains in public housing
9. If Tenant's lease that is entered into with a private landlord under the Section 8 Housing Choice Voucher program following relocation is not renewed or is terminated for any reason, the County shall assist Tenant in finding another comparable housing unit until this Agreement is terminated pursuant to Section Four of this Agreement. In the event Tenant must relocate to another comparable housing unit, the County shall pay all moving costs and fees set forth in subsection (7) above; provided, however, the County shall have no obligation to pay such moving costs and fees if Tenant relocates to another county or another state, with the exception of Broward County.
10. A Section 8 Voucher issued pursuant to this Agreement is exempt from termination based upon insufficient funding under Section 14.3 of the Administrative Plan.
11. Tenant shall have the right to return to the redeveloped or reopened project connected with their former public housing development in a unit with an income-based rent unless Tenant is terminated from the Section 8 voucher program or is evicted from a public housing unit. However, even if evicted or terminated, a Tenant may present mitigating circumstances as to why the Tenant should be entitled to return.
12. Tenant and members of Tenant's household who are relocated shall not be rescreened, including for criminal history and credit history, if Tenant chooses to return to the redeveloped or reopened project connected with their former public housing site. Tenant shall not be screened to determine if they meet Low-Income Housing Tax Credit (LIHTC) eligibility requirements, if applicable, upon move-in or upon future recertifications.
13. The County shall pay tenants' relocation costs, including moving costs, to relocate back to the public housing project should they choose to return upon completion of its redevelopment. Tenant will not be required to pay the costs out-of-pocket and seek reimbursement.
14. Tenant shall be assigned a Tenant Relocation Officer, who shall:
 - a) regularly meet individually with Tenant, including after hours or on the weekend if that is helpful to the Tenant;

- b) help Tenant identify suitable housing opportunities, including providing a list of available units and providing transportation for Tenant to view those units;
 - c) provide intensive counseling to assist Tenant through the moving process, including education on how to set up utilities, insurance, and other services and how to pay for them regularly;
 - d) arrange for transportation for Tenant to visit potential homes, attend required interviews, or deliver paperwork;
 - e) assist Tenant in completing rental and other applications;
 - f) interact with landlords in instances where criminal backgrounds could potentially hinder the Tenants' ability to secure the new home;
 - g) arrange for the transportation of Tenant and the moving of their belongings to their new homes; and
 - h) relocation services, Section 8 appointments, orientations, and briefings will also regularly be provided at the public housing site where Tenant currently resides; provided, however, that after Tenant relocates the before-mentioned services shall be provided by the County at a location to be determined in the County's sole discretion.
15. The County shall provide Tenant with a list of agencies that can offer assistance to Tenant, including, but not limited to, Legal Services of Greater Miami, Inc.
16. In the event Tenant has already relocated from the public housing site in which they resided, the County shall afford the Tenant the same rights and protections listed above.
17. The County shall maintain a list of all tenants who have or will be relocated and the County shall, upon receiving a release and authorization or similar instrument executed by Tenant, release the name of Tenant, their current address, and phone number. The release of information is to allow the resident council to communicate with and represent its membership.
18. The County shall pay the replacement costs of state identification cards and driver's licenses.

SECTION TWO. DISPUTE RESOLUTION

If any dispute or disagreement arises between Tenant or the County concerning either party materially failing to perform its duties and responsibilities under this Agreement, the Parties agree to proceed as follows:

- a) The Party alleging the default shall notify the other Party in writing once a dispute or disagreement has arisen.
- b) Within 15 days after the date of the written notice, the Parties shall meet and confer regarding the dispute or disagreement and attempt to resolve the dispute or disagreement.
- c) If the dispute or disagreement cannot be resolved during the meeting, either Party may seek an appropriate relief in Court.

SECTION THREE. DEFAULT.

If either party to this Agreement materially fails to perform its duties and responsibilities as set forth above, and that party fails to cure such defect upon reasonable written notice by the other party, the aggrieved party may apply to any County, State or Federal court located within Miami-Dade County for relief that a court of law deems appropriate. The Parties agree to participate in the dispute resolution process described above prior to filing for relief to any court.

SECTION FOUR. TERMINATION

This Agreement shall terminate upon the earliest of the following: (1) Tenant is relocated to the redeveloped or reopened project; (2) Tenant decides not to return to the redeveloped or reopened project; or (3) Tenant is terminated from the Section 8 Housing Choice Voucher, or, if relocated to another comparable public housing unit under the public housing program, and Tenant is evicted from the public housing unit. A Tenant who no longer participates in the Section 8 Housing Choice Voucher Program because the voucher expired or because the County made no housing assistance payment for 6 months shall not be grounds to terminate this Agreement. In the event this Agreement is terminated for any of the preceding reasons, the County shall have no further obligations to Tenant under this Agreement. However, if the Agreement is terminated for the reasons listed in (3), Tenant shall continue to have the right to present mitigating circumstances regarding the right to return as described in Paragraph B 10.

SECTION FIVE. NOTICE.

Unless another address is specified in writing to the Tenant, any notice to the County shall be delivered to:

701 N. W. 1 Court
16th Floor
Miami, Florida 33136
Attn: _____

Unless another address is specified in writing to the County, any notice to the Tenant shall be delivered to:

SECTION SIX. MISCELLANEOUS.

A. FORUM AND VENUE. This Agreement shall be construed in accordance with the laws of the State of Florida and all applicable federal laws and regulations. Any dispute arising under, in connection with or related to this Agreement or related to any matter which is the subject of this Agreement shall be subject to the exclusive jurisdiction of the County, State and/or Federal courts located in Miami-Dade County, Florida.

B. NO THIRD PARTY BENEFICIARIES. No person other than the person named in paragraph one of this Agreement as Tenant shall have standing to require satisfaction of the terms and conditions of this Agreement. No person other than Tenant shall under any circumstances be deemed to be a beneficiary of this Agreement or the benefits associated with this Agreement. The County makes no representations and assumes no duties or obligations as to third parties concerning the terms of this Agreement.

Tenant hereby makes and declares these restrictive covenants which shall run with the title to said Property and be binding on the Tenant and its successors in interest, if any, for the Term.

- c) The Project will comply with the requirements applicable to Phase 1, as defined in the Lease.
- d) Tenant agrees that upon any violation of the provisions of this Agreement, the County, through its agent, the County may give written notice thereof to the Tenant, by registered mail, at the address stated in this agreement, or such other address or addresses as may subsequently be designated by the Tenant in writing to the County, and in the event Tenant does not cure such default (or take measures reasonably satisfactory to the County to cure such default), within thirty (30) days after the date of notice, or within such further time as the County may reasonably determine is necessary for correction, the County may, without further notice, declare a default under this Agreement, and effective upon the date of such default, the County may:
 - i) Apply to any court, County, State or Federal, for any specific performance of this Agreement; for an injunction against the violation of this Agreement; or for such relief as may be appropriate since the injury to the County arising from a default remaining uncured under any of the terms of this agreement would be irreparable, and the amount of damage would be difficult to ascertain.

Notwithstanding the foregoing, the County hereby agrees that any cure of any default made or tendered by the Tenant's investor limited partner/managing member, _____, shall be deemed to be a cure by Tenant and shall be accepted or rejected on the same basis as if made or tendered by Tenant. Copies of all notices which are sent to Tenant under the terms of this Agreement shall also be sent to _____.

Any other adjustments to rents will be made only if the County (and HUD if applicable), in their sole and absolute discretion, find any adjustments necessary to support the continued financial viability of the project and only by an amount that the County (and HUD if applicable) determine is necessary to maintain continued financial viability of the project.

Tenant will provide documentation to justify a rental increase request not attributable to increases in median income. Within fifteen (15) days of receipt of such documentation, the County will approve or deny, as the case may be, in its sole and absolute discretion, all or a portion of the rental increase in excess of the amount that is directly proportional to the most recent increase in Median Annual Income. In no event, however, will any increase directly proportional to an increase in Median Annual Income be denied. Failure of the County to respond within fifteen (15) days shall be deemed approval.

III. Except as otherwise noted, all parties expressly acknowledge that the County shall perform all actions required to be taken by Miami-Dade County pursuant to Paragraphs IV, V, VI and VII, hereof for the purpose of monitoring and implementing all the actions required under this Agreement. In addition, thirty (30) days prior to the effective date of any rental increase, the Tenant shall furnish the County with notification provided to tenants advising them of the increase.

EXHIBIT "T"
FORM OF PURCHASE OPTION AGREEMENT

Section 1. Grant of Option

If the Company receives failing scores from the inspections conducted under the National Standards for Physical Inspection of Real Estate for two (2) consecutive years (the “Inspection Failure”), the Investor Member hereby grants to the Optionee an option to purchase all (but not less than all) of the Investor Interest (the “Interest Option”) for a period of 36 months following the end of the Compliance Period (the “Option Period”) on the terms and conditions set forth in this Agreement and subject to the conditions precedent to the exercise of the Interest Option specified herein provided, Optionee provides Investor Member written notice that Optionee intends to exercise the Interest Option or the Property Option during the Option Period within six (6) months of the Inspection Failure. For a concurrent period during the Option Period, the Company hereby grants to the Optionee an option to purchase all (but not less than all) of the real estate, fixtures, and personal property comprising the Project or associated with the physical operation thereof (the “Property”) including, without limitation, all escrow and reserve accounts, and owned by the Company at the time of purchase (the “Property Option”) on the terms and conditions set forth in this Agreement and subject to the conditions precedent to the exercise of the Property Option specified herein.

Section 2. Purchase Price Under Property Option and Interest Option

A. The purchase price for the Property Option and the Interest Option (as the case may be) shall be as follows:

(i) In the case of a purchase of the Property pursuant to the Property Option, the purchase price shall be the sum of (a) the greater of (1) one hundred percent (100%) of the fair market value of the Property, appraised as low-income housing to the extent continuation of such use is required under the Use Restrictions (any such appraisal to be made in accordance with the procedures described in Section 5 below) or (2) all outstanding principal, accrued interest, and other indebtedness secured by the Property, whether or not such amounts are due upon sale, plus (b) an amount sufficient to assure receipt by the Investor Member of the amount of any theretofore unpaid Tax Credit adjustment payments and other unpaid obligations due to the Investor Member under the Operating Agreement but specifically excluding taxes incurred or to be incurred by the Investor Member as a result of the sale (the “Property Option Price”); and

(ii) In the case of a purchase of the Investor Interest pursuant to the Interest Option, the purchase price shall be equal to the sum of (a) 100% of the fair market value of the Investor Interest appraised in accordance with the provisions of Section 5 below, plus (b) the amount of any theretofore unpaid Tax Credit adjustment payments, Voluntary Loans, and other unpaid obligations due to the Investor Member under the Operating Agreement but specifically excluding taxes incurred or to be incurred by the Investor Member as a result of the sale (the “Interest Option Price”).

B. Each of the Property Option and the Interest Option is sometimes referred to herein as the “Option”, and each of the Property Option Price and the Interest Option Price is sometimes referred to herein as the “Purchase Price”.

Section 3. Conditions Precedent; Termination

This Agreement shall automatically terminate upon the occurrence of any of the following events and, if terminated, shall not be reinstated unless such reinstatement is agreed to in a writing signed by the Optionee and the Investor Member:

(i) the transfer of the Property to a lender in total or partial satisfaction of any Mortgage Loan; or

(ii) the removal of the Managing Member as a managing member of the Company unless the Optionee pays, in addition to the Purchase Price described above, an amount sufficient to ensure receipt by the Company and its Members of all reasonable costs and expenses actually incurred by each of them in connection with such removal and continued operation of the Property through the date of Closing as documented by statements, receipted bills, invoices, or other records.

Section 4. Exercise of Option

Provided Optionee has given Investor Member written notice within six (6) months of an Inspection Failure, as provided in Section 1, the Option may be exercised by the Optionee by (a) giving written notice of its intent to exercise the Option to the Company and each of its Members in the manner provided in the Operating Agreement during the Option Period (the “Option Exercise Notice”), and (b) complying with the contract and closing requirements of Sections 6 and 7 hereof. If the foregoing requirements are not satisfied as and when provided herein, the Option shall expire and be of no further force or effect.

Section 5. Determination of Option Price

A. Upon delivery of the Option Exercise Notice, the Optionee and the Special Member shall determine the Option Price pursuant to good faith negotiations within twenty (20) days following the time the Option is exercised by the Optionee and failing such agreement, the Option Price shall be determined as follows:

(i) As soon as practicable following the delivery of the Option Exercise Notice, the Optionee and the Special Member shall select a mutually acceptable Independent Appraiser. In the event that the parties are unable to agree upon an Independent Appraiser within fifteen (15) business days following the date of delivery of the Option Exercise Notice, the Optionee and the Special Member each shall select an Independent Appraiser within the next succeeding five (5) business days. If either party fails to select an Independent Appraiser within such time period, the determination of the other Independent Appraiser shall control. For purposes of this Agreement, the term “Independent Appraiser” means a firm that is generally qualified to render opinions as to the fair market value of assets such as

the Project or the Investor Member's Interest, as applicable, which satisfies the following criteria:

- Such firm is not a member or an Affiliate of the Company or of any member of the Company;
- Such firm (or a predecessor in interest to the assets and business of such firm) has been in business for at least five (5) years, and at least one of the principals of such firm has been in the active business of appraising substantially similar restricted assets for at least ten (10) years;
- Such firm has regularly rendered appraisals of substantially similar assets for at least five (5) years on behalf of a reasonable number of unrelated clients, so as to demonstrate reasonable market acceptance of the valuation opinions of such firm;
- One or more of the principals or appraisers of such firm are members in good standing of an appropriate professional association or group that establishes and maintains professional standards for its members; and
- Such firm renders an appraisal only after entering into a contract that specifies the compensation payable for such appraisal.

(ii) If the difference between the values set forth in the two appraisals is not more than ten percent (10%) of the value set forth in the lower of the two appraisals, the fair market value of the Property for purposes of Sections 2A(i) above or of the Investor Interest for purposes of Section 2A(ii) above (as the case may be) shall be the average of the two appraisals. If the difference between the values set forth in the two appraisals is greater than ten percent (10%) of the value set forth in the lower of the two appraisals, then the two Independent Appraisers shall jointly select a third Independent Appraiser whose determination of the fair market value of the Property or the Investor Interest (as the case may be) shall be binding on all parties as long as the value set forth in the third appraisal is between the values set forth in the first two appraisals. If the value set forth in the third appraisal is either lower or higher than any one of the values set forth in the other two appraisals, then the average of all three appraisals shall be the fair market value of the Property for purposes of Section 2A(i) above or of the Investor Interest under Section 2A(ii) above (as the case may be) (the "Appraised Fair Market Value").

(iii) The Independent Appraiser may take into account any factors that it deems, in its sole and absolute discretion, relevant in determining the Appraised Fair Market Value including without limitation, the use restrictions, provisions regarding release of reserves and distributions of cash flow, and any other restrictions recorded, as of record against the Project, as appropriate.

(iv) The Company and the Optionee shall each pay one-half of the fees and expenses of any Independent Appraiser(s) selected pursuant to this Section 5.

Section 6. Contract and Closing

Upon determination of the applicable Purchase Price, the Optionee, the Company and the Investor Member (in the case of a purchase of the Investor Interest) or the Company and the Optionee (in the case of a purchase of the Property) shall enter into a written contract for the purchase and sale of the Property or the Investor Interest (as applicable) in accordance with the terms of this Agreement and containing such other terms and conditions as are standard and customary for similar commercial transactions in the geographic area in which the Project is located, providing for a closing not later than 90 days after the applicable Purchase Price has been determined (the “Closing Date”). Upon execution of such contract, the Optionee shall forthwith obtain all Requisite Approvals (if any) for the transfer of the Property or the Investor Interest (as applicable). In the absence of any such contract, this Agreement shall be specifically enforceable in accordance with its terms.

Section 7. Conveyance and Conditions of Property or Investor Interest

A. The Company’s right, title and interest in the Property shall be conveyed by quitclaim deed subject to such liens, encumbrances and parties in possession as shall exist as of the date of Closing. The Optionee shall accept the Property “**AS IS, WHERE IS**” and “**WITH ALL FAULTS AND DEFECTS,**” latent or otherwise, without any warranty or representation as to the condition thereof whatsoever, including without limitation, without any warranty as to fitness for a particular purpose, habitability, or otherwise and no indemnity for hazardous waste or other conditions with respect to the Property will be provided.

B. In the case of purchase of the Investor Interest, the Investor Interest shall be conveyed by an assignment instrument and written amendment to the Operating Agreement, in form and substance reasonably satisfactory to the Investor Member, whereby the Non-Managing Member shall assign their Investor Interest to the Optionee and withdraw from the Company with no further obligations or liabilities to the Company or Members thereof.

C. The Optionee shall pay all closing costs, including, without limitation, the Company’s attorney’s fees, filing or recording fees, and applicable transfer taxes. The Option Price shall be paid in full on the date of the closing of the Option pursuant to Section 6 in one of the following methods: (i) from immediately available funds or (ii) in the case of a sale of the Property pursuant to the Property Option, the assumption of any outstanding indebtedness of the Company if the Optionee has obtained the consent of the lenders/creditors to the assumption of such loans to the extent required, which consent shall be secured at the sole cost and expense of the applicable Optionee; *provided, however*, that any Option Price balance remaining after the assumption of such debt shall be paid by the applicable Optionee in immediately available funds. The Property or the Investor Interest (as the case may be) shall not vest in the applicable Optionee until payment in full of the Option Price.

Section 8. Assignments.

The Option shall not be transferred to any Person other than an Affiliate of the Optionee without the Consent of the Investor Member. In the case of any permitted transfer hereunder, (i) all conditions and restrictions applicable to the exercise of the Option or the purchase of the

Property or the Investor Interest pursuant hereto shall also apply to such transferee, and (ii) such transferee shall be disqualified from the exercise of any rights hereunder at all times during which the Optionee would have been ineligible to exercise such rights hereunder had it not effected such transfer.

Section 9. Subordination.

This Agreement is unconditionally subordinate in all respects to the Regulatory Agreements, the liens, security interest, rights, terms and conditions of the Mortgage Loans encumbering the Property, all advances or charges made or accruing under or secured by the Mortgage Loan Documents, and any extensions, modifications or renewals of the indebtedness secured by the Mortgage Loan Documents. The Lenders, without notice to the Optionee may amend or modify the Mortgage Loan Documents, release any or all parties liable for the indebtedness secured by the Mortgage Loan Documents, and release all or any security for the indebtedness secured by the Mortgage Loan Documents. The Optionee acknowledges that prior to the execution of this Agreement, it has had the opportunity to request copies of and examine the terms of the Mortgage Loan Documents. The Optionee hereby consents to and approves the Mortgage Loan Documents. The Optionee acknowledges that the Lenders have no obligation to the Optionee to advance any funds under the Mortgage Loan Documents or to insure that the funds are used for any specific purpose. Any application or use of the funds advanced by the Lenders for purposes other than those provided for in the Mortgage Loan Documents shall not impair the effectiveness of this subordination in any way. The Lenders require as a condition to the making of the Mortgage Loans that the Company and the Optionee confirm the foregoing subordination.

Section 10. Severability of Provisions

Each provision of this Agreement shall be considered severable, and if for any reason any provision that is not essential to the effectuation of the basic purposes of the Agreement is determined to be invalid and contrary to any existing or future law, such invalidity shall not impair the operation of or affect those provisions of this Agreement that are valid.

Section 11. Binding Provisions

The covenants and agreements contained herein shall be binding upon, and inure to the benefit of, the heirs, legal representatives, successors and assignees of the respective parties hereto, except in each case as expressly provided to the contrary in this Agreement.

Section 12. Counterparts

This Agreement may be executed in several counterparts and all so executed shall constitute one agreement binding on all parties hereto, notwithstanding that all the parties have not signed the original or the same counterpart.

Section 13. Governing Law

This Agreement shall be construed and enforced in accordance with the laws of the State of Florida, without regard to principles of conflicts of law.

Section 14. Headings

All headings in this Agreement are for convenience of reference only. Masculine, feminine, or neuter gender, shall include all other genders, the singular shall include the plural, and vice versa as the context may require.

Section 15. Amendments

This Agreement shall not be amended except by written agreement between the Optionee and the Company with the consent of the Non-Managing Member.

Section 16. Time

Time is of the essence with respect to this Agreement, and all provisions relating thereto shall be so construed.

Section 17. Legal Fees

Except as otherwise provided herein, in the event that legal proceedings are commenced by the Company against the Optionee or by the Optionee against the Company in connection with this Agreement or the transactions contemplated hereby, the prevailing party shall be entitled to recover all reasonable attorney's fees and expenses.
