# COLLABORATING TO KEEP MIAMI-DADE SAFE

**Help create a safer Miami-Dade by enrolling in our Community Camera Sharing Program!**

Sharing your camera feed enables the Miami-Dade Police Department to respond to incidents at your location faster and equips officers with advance knowledge of the situation. It will keep our residents and business owners safer and build closer ties within our community.

## INCREASING SAFETY. RESPECTING PRIVACY.

- Project Green Light Miami-Dade enables you to share live and stored video feeds with the Miami-Dade Police Department in emergencies to improve community safety and law enforcement response.

- Access to your cameras is conditional upon mutual agreement between you and the Miami-Dade Police Department through Project Green Light Miami-Dade. There will be access to video feeds during periodic virtual surveillance, and in the event of a criminal incident or emergency at your location.
