Fire Rescue

The Miami-Dade Fire Rescue Department (MDFR) protects people, property and the environment by providing proactive, responsive, professional and humanitarian emergency fire rescue services that are essential to public health, safety and well-being. MDFR is one of the ten largest fire rescue departments in the United States, serving residents, businesses and visitors 24 hours per day, 365 days per year. MDFR has 72 fire rescue stations serving unincorporated Miami-Dade County and 29 municipalities. In addition, MDFR provides air rescue service with transport within Miami-Dade County to Federal Aviation Administration (FAA) approved landing pads at various hospital facilities. Additional specialty units are dedicated to Airport and Seaport response, hazardous material emergencies, ocean rescue, maritime response, response to snake bites, urban search and rescue and complex extrications. MDFR provides annual building inspections and plans review and inspection for new construction to ensure compliance with the Fire Code.

MDFR received a Class 1/1X rating from the Insurance Services Office, Inc. (ISO) Public Protection Classification (PPC®) program. This places MDFR in the top 1% of fire agencies in the country; an elite group of fewer than 500 of over 38,000 fire departments in the nation that have achieved a Class 1 rating. MDFR is the first department in the country with a response territory of greater than 1,000 square miles and population over one million to obtain a Class 1 rating. MDFR is accredited by the Commission on Fire Accreditation International (CFAI), which is part of the Center for Public Safety Excellence, Inc. The Department is one of only 319 agencies in the world to achieve International Accreditation Agency status by CFAI and is the largest accredited fire rescue department in the Southeast and the second largest in the nation. Further, MDFR is one of 122 fire agencies in the country that are both Class 1 and CFAI accredited, representing organizations that are strategic-minded, well-organized, properly equipped, staffed, and trained.

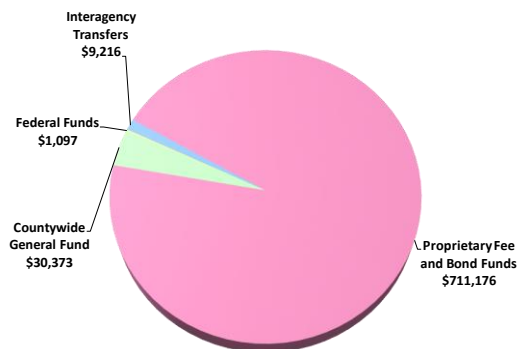

As part of the Public Safety strategic area, MDFR provides a vital public service to an extensive list of stakeholders, which include the County's 2.8 million residents, 24 million annual visitors, 29 municipalities and approximately 87,000 businesses.
