Medical Examiner

The Medical Examiner Department, acting under the authority of Chapter 406 of the Florida Statutes, provides accurate, timely, dignified, compassionate and professional death investigative services for the residents of Miami-Dade County. In addition, the Department provides education, consultation and research for local and national medical, legal, academic and law enforcement communities.

As part of the Public Safety strategic area, the Medical Examiner provides pathology, toxicology, records/transcription, morgue, photography, investigation and indigent cremation services; investigates and processes approximately 16,000 cases annually, which include cremation request reviews, autopsies and toxicology and pathology consultation cases; and facilitates organ, bone and tissue donor cases. The Department focuses on what is generally called “forensic pathology,” which combines the methods of legal and police investigations with those of medicine and science to ascertain the facts surrounding deaths, particularly the cause and manner of deaths. The Medical Examiner also hosts annual seminars on death investigation, forensic imaging, anthropology and odontology.

The Department serves the public and partners with the Federal Bureau of Investigation (FBI), Department of Homeland Security (DHS), State Attorney, US Attorney, Public Defender, Florida Department of Health, Centers for Disease Control (CDC), local and state police departments, hospitals, National Transportation Safety Board (NTSB) and funeral centers.
