Strategic Procurement

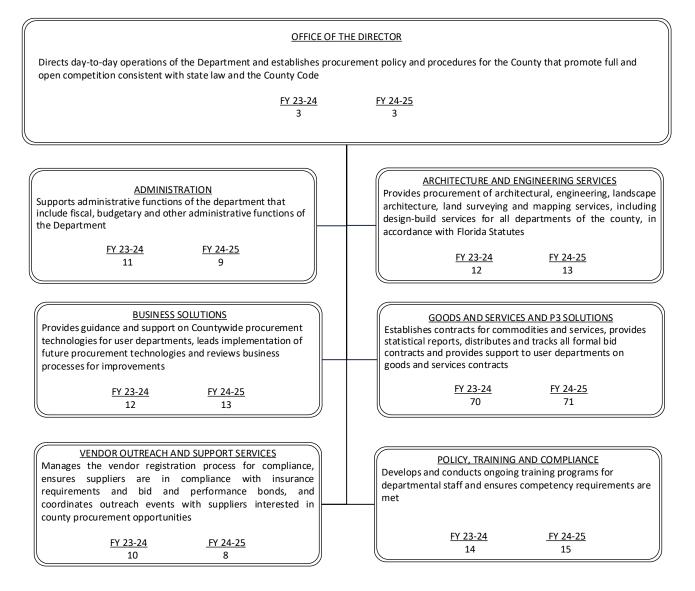

The Strategic Procurement Department (SPD) is responsible for the acquisition of goods and services, including professional services such as architecture, engineering, and design build services for County departments. Utilizing technology and sound business processes, the Department strives to bring the greatest value to Miami-Dade County with integrity, fairness, competition, and community inclusion. SPD is dedicated to delivering cost-effective, best value contracts through a transparent and streamlined process using full and open competition, and endeavors to incorporate the four key values of Environment, Economy, Equity, and Engagement in contracting. The contracts established by the Department are used by all County departments and offices, as well as various municipalities and counties to serve the community. SPD is also responsible for managing and providing guidance for Public Private Partnership (P3) projects in the County.

As part of the General Government strategic area, SPD supports government operations by providing procurement services, Countywide vendor management, including supplier risk management, and implementation of supply chain modules in the Enterprise Resource Planning system. SPD also serves as the County's logistics lead at the Emergency Operations Center for coordination of all procurement, warehousing, and distribution activities in emergencies and catastrophic events. The Department manages over 900 active contracts valued at approximately \$9 billion, and annually awards contracts with a cumulative value over \$2 billion. SPD manages over 10,000 suppliers and provides vendor registration, outreach, and training programs. Additionally, SPD is responsible for delivering training, manuals, and standardized procurement documents for all County departments to ensure compliance with federal, state, and local requirements.
