Department Head or Authorized Agent

DESCRIPTION OF PROJECT:

Installation of 8, 10, 12-inch PVC Sanitary Sewer and 12-inch DIP Water Main to serve the Hialeah transfer area (the GOB Program for Commercial Corridors Basin 115). This project will replace aging water and sewer lines that belongs to the City of Hialeah. The properties will now be served by MDWASD.

LICENSES REQUIRED:

General Engineering, Pipelines Engineering Contractor, Underground Utility / Excavation

MINIMUM EXPERIENCE REQUIRED:

The Contractor shall have successfully installed at least 4,000 LF of gravity sewer 8-inch and larger on a public right-of-way.

In the event a firm is established by executives, supervisors, and other senior field staff (key employees) that would have met these minimum experience requirements with a prior firm, OWNER reserves the right to qualify the firm based on OWNER's sole determination and evaluation of the knowledge and prior experience of these key employees employed by the new firm. The experience of key senior personnel with other firms may be counted towards the experience requirement, if acceptable to the ENGINEER. Should such evidence not be satisfactory to the ENGINEER, whose decision shall be final, the bid will be considered non-responsive, and the second lowest bidder will be considered for award. The qualifying proof shall be submitted in a separate sealed envelope with the bid.
